Maturing in Christ H. LaVern Schafer, 2010-09 **Maturing in Christ** focuses on Christian truth that relates to living a successful spiritual life Before a Christian can realize a consistent victorious spiritual life some basic truths must be understood 1 the riches given by God at salvation to live Christ like 2 who the spiritual enemies are and how they attack 3 and how to utilize divine enabling when resisting the enemies in order to live a successful Christian life The Christian has three spiritual enemies Satan the world system and the sin nature Dr Schafer uses Scripture to identify these adversaries and how to access God's provisions for the strength to be victorious over them This expository study of the Word is dedicated to Dr Schafer's lifelong desire for saints to live Christ like H LaVern Schafer served the Lord in several capacities for over 65 years as a Christian He was pastor for 53 years seminary professor for 44 years and director of Dispensational Theological Seminary for 28 years He earned his Doctorate of Theology from Dallas Theological Seminary where his class was one of the last taught by Dr Lewis Sperry Chafer Dr Schafer practiced a literal interpretation of Scripture He believed that God's Word is meant to be interpreted literally to determine the exact concepts God is communicating and not what the reader wishes the Word to say This desire resulted in a dispensational approach while interpreting Scripture with a historical linguistic treatment of the original text His Christian Life series of booklets have been a blessing to thousands of believers He went home to be with the Lord in 2008

argues here it is central to sixteenth and seventeenth century understandings of Christian faith and behavior and is vital to early modern concepts of the self As this study shows early modern literary engagements with humility link it to self knowledge through the practice of right reading and make humility foundational to any proper understanding of human agency Yet humility has received little critical interest and has often been misunderstood as a false virtue that engenders only self abjection This study offers an overview of various ways in which humility is discussed deployed or resisted in early modern texts ranging from the explicitly religious and autobiographical prose of Katherine Parr and John Donne to the more politically motivated prose of Queen Elizabeth I and the seventeenth century reformer and radical Thomas Tryon As part of the wider turn to religion in early modern studies this study seeks to complicate our understanding of a mainstream early modern virtue and to problematize a mode of critical analysis that assumes agency is always defined by resistance
