Campbell, 2023-12-19 Automated Journalism at the Intersection of Politics and Black Culture The Battle Against Digital Hegemony explores the unintentional inequities that erupt when AI assistance meets news media Colin Campbell argues that while AI newswriting can streamline news production it can also exacerbate racist discrimination and perpetuate harmful stereotypes Combining empirical research and personal experience Campbell urgently argues for the necessity of ensuring that AI produced media is mindful of Black Brown and minority experiences as well as traditional journalistic concerns such as bias and accuracy Media scholars will find this book especially salient

Grant Me Justice Felecia Marshall, 2023-09-19 On March 14 2017 everything about Felecia Marshall's life as she knew it changed when her daughter Alexia was murdered At the time it seemed like a pit that she would never be able to ascend But God Reflecting on and growing from this experience she penned the book Grant Me Justice and founded Grant Me Justice A Voice for the Victim where she has been given the privilege of connecting with women worldwide who have lost their children to violence This book is powerfully and compellingly written as is only possible when one writes from deeply felt and seriously considered experience A book about the loss of a child to violence could be simply a negative condemnation of that violence and of the people who carried it out A story of dealing with the court system in a search for justice could be a tale of despair producing only anger There is anger to be felt in these stories righteous anger There are moments of deep despair There are evils encountered and wrongs done But God This book tells the story of the wrongs It portrays the evil so you can know it recognize it and acknowledge it but it then goes on to deal with it in light of the gospel in the light of our God who knows our pain our anger even our despair and walks with us from there to dancing There are places in this book that will challenge you to consider your own actions God is found to be the source of justice but are you ready to be part of bringing that justice to others Felecia Marshall has chosen to build when she could tear down She has chosen to move to dancing when she could spend her life in mourning She has chosen to help others find justice when she could justifiably spend her time in criticizing and complaint Now she has opened herself up to you through these heartfelt words in the hope of helping you find the same joy Will you read this and face the challenge

motives along with insightful anecdotes In addition to being a being a vital and informative historical and sociological reference work The Great Pictorial History of World Crime features more than 2 500 illustrations More than a chronicle of chilling events these two volumes provide gripping reading for anyone interested in true crime law enforcement criminology and criminal justice National Service Life Stories Peter Gurney,Matthew Grant,Joel Morley,2025-01-25 National service was a defining feature for a generation of young men in post war Britain Around 2 3 million of them were called up between the end of World War Two and 1963 when conscription ended However national service was forgotten almost before it had ended a process aided subsequently by professional historians who have been reluctant to assess its longer term influence on British social and political history Based on original oral interviews with well over one hundred men this book explores the ways in which compulsory military participation reverberated in the memories of interviewees long beyond the end of conscription and how these early military experiences shaped their later life stores Unlike existing accounts that tend to rely on memoirs written by officers or else oral interviews that concentrate narrowly on the details of military service this study focusses instead on men from working class backgrounds and it situates national service in the context of the life course and the wider transformations that have occurred in British society since conscription ended In so doing the work shines new light on important areas of current scholarly interest and historiographical concern including the changing meaning and experience of class masculinity and citizenship as well as the complexities of popular memory **History and Memory in African-American Culture** Geneviève Fabre,Robert G. Korea And here also are the personal tales of American tankers defending Western Europe from the threat of Soviet tanks during the Cold War From the American soldiers who pitted their tanks against the Viet Cong in the jungles of Southeast Asia to those who put their lives on the line in the streets of Baghdad these are the heroes of our time taking that rare moment to tell us what it is like to face the enemy in tank warfare **A Brief History of Ancient Israel** Victor Harold
