THE 1914 CAMPAIGN

August - October, 1914

Daniel David

The 1914 Campaign August October 1914

Bohdan S. Kordan

The 1914 Campaign August October 1914:

The 1914 Campaign Daniel David, 1987 Looks at how the Campaign of 1914 was significant in history because of its introduction of new offensive and defensive weapons and because of its impact on both the front and at home *The Social Studies*, 1921 **The New International Year Book**, 1918 *Riders of the Apocalypse* David R Dorondo, 2012-05-15 Despite the enduring popular image of the blitzkrieg of World War II the German Army always depended on horses It could not have waged war without them While the Army's reliance on draft horses to pull artillery supply wagons and field kitchens is now generally acknowledged D R Dorondo's *Riders of the Apocalypse* examines the history of the German cavalry a combat arm that not only survived World War I but also rode to war again in 1939 Though concentrating on the period between 1939 and 1945 the book places that history firmly within the larger context of the mounted arm's development from the Franco Prussian War of 1870 to the Third Reich's surrender Driven by both internal and external constraints to retain mounted forces after 1918 the German Army effectively did nothing to reduce much less eliminate the preponderance of non mechanized formations during its breakneck expansion under the Nazis after 1933 Instead politicized command decisions technical insufficiency industrial bottlenecks and finally wartime attrition meant that Army leaders were compelled to rely on a steadily growing number of combat horsemen throughout World War II These horsemen were best represented by the 1st Cavalry Brigade later Division which saw combat in Poland the Netherlands France Russia and Hungary Their service however came to be cruelly dishonored by the horsemen of the 8th Waffen SS Cavalry Division a unit whose troopers spent more time killing civilians than fighting enemy soldiers Throughout the story of these formations and drawing extensively on both primary and secondary sources Dorondo shows how the cavalry's tradition carried on in a German and European world undergoing rapid military industrialization after the mid nineteenth century And though *Riders of the Apocalypse* focuses on the German element of this tradition it also notes other countries continuing and in the case of Russia much more extensive use of combat horsemen after 1900 However precisely because the Nazi regime devoted so much effort to portray Germany's armed forces as fully modern and mechanized the combat effectiveness of so many German horsemen on the battlefields of Europe until 1945 remains a story that deserves to be more widely known Dorondo's work does much to tell that story

New International Yearbook, 1922 *Military Review*, 1967 **Professional Journal of the United States Army**, 1967 **European War Collection** Princeton University. Library, 1918 **The Johns Hopkins University Circular** Johns Hopkins University, 1915 Includes University catalogues President's report Financial report registers announcement material etc *Circulars* Johns Hopkins University, 1915 *Combat Colonels* David Clare Holloway, 2014-12-05 *Combat Colonels* seeks to address the regrettable gap in Australia's documented history of its combat colonels Its purpose is to name all the Commanding Officers who led units into actions in the Great War and to describe their lives before and for those who survived after the war From these pages emerge the men who shaped Australia's battlefield history both the professional

soldiers and the former teachers accountants salesmen clerks farmers and others from a broad range of occupations whose leadership on and off the battlefield proved so crucial These are men Australia cannot afford to forget *Proclamations, Orders in Council and Documents Relating to the European War. 4th Supplement* Canada. Department of the Secretary of State,1917 **Encyclopedic index, L-Z** United States. President,1922 **An Reismeid Chataich** A. E. J. Cavendish,1928 Publications of Members and Graduates of the Department of History, Political Economy and Political Science, 1915 Johns Hopkins University,1915 **The Illustrated Timeline of the History of the World** Roshen Dalal,2011-08-15 An overview of the history of the world including the ancient world great civilizations the medieval world and the modern world Copies of Proclamations Canada. Department of the Secretary of State,1917 No Free Man Bohdan S. Kordan,2016-09-01 Approximately 8 000 Canadian civilians were imprisoned during the First World War because of their ethnic ties to Germany Austria Hungary and other enemy nations Although not as well known as the later internments of Japanese Canadians during the Second World War these incarcerations played a crucial role in shaping debates about Canadian citizenship diversity and loyalty Tracing the evolution and consequences of Canadian government policy towards immigrants of enemy nationality No Free Man is a nuanced work that acknowledges both the challenges faced by the Government of Canada as well as the experiences of internees and their families Bohdan Kordan gives particular attention to the ways in which the political and legal status of enemy subjects configured the policy and practice of internment and how this process magnified by the challenges of the war affected the broader concerns of public order and national security Placing the issue of internment within the wider context of community and belonging Kordan further delves into the ways that wartime turbulence and anxieties shaped public attitudes towards the treatment of enemy aliens He concludes that Canada s leadership failed to protect immigrants of enemy origin during a period of intense suspicion conflict and crisis Framed by questions about government rights responsibilities and obligations and based on extensive archival research No Free Man provides a systematic and thoughtful account of Canadian government policy towards enemy aliens during the First World War *Roger C. Sullivan and the Triumph of the Chicago Democratic Machine, 1908-1920* Richard Allen Morton,2019-01-23 Between 1908 and 1920 Roger C Sullivan and his political allies consolidated their control of the Chicago and Illinois Democratic parties creating the enduring structure known as the Chicago Democratic machine Not a personal faction nor tied to any cause it was a coalition of professional political operatives employing business principles to achieve legal profit and advantage Sullivan was its chief organizer and first boss rising to primacy after many political battles with William Jennings Bryan among others and went on to become a kingmaker who helped Woodrow Wilson win the presidency By the time of his death Sullivan was widely respected his achievements recognized even by those who deplored his politics Based upon new research this first comprehensive study of Sullivan and the early days of the Chicago machine focuses on the daily realities of the city s politics and the personalities who shaped them The Connaught Rangers ...
