Six Lectures On Plotinus And Gnosticism:

Six Lectures on Plotinus and Gnosticism Th.G. Sinnige, 2013-04-09 In this book an attempt is made to single out those elements in the philosophical system of the Enneads that stand apart from the Platonist tradition On the basis of an extensive analysis of fundamental texts the author shows that what Plotinus had in mind was a quite independent paradigm of metaphysical theology with at its centre the human person *Plotinus in Dialogue with the Gnostics* Jean-Marc Narbonne, 2011-03-18 The point of view put forth in the following pages differs greatly from the common perspective according to which the treatises 30 to 33 constitute a single work a Gro schrift and this single work Plotinus essential response to the Gnostics Our perspective is that of an ongoing discussions with his Gnostic yet Platonizing friends which started early in his writings at least treatise 6 developed into what we could call a Gro zyklus treatises 27 to 39 and went on in later treatises as well e g 47 48 51 Plato and Plotinus on Mysticism, Epistemology, and Ethics David J. Yount, 2017-02-23 This book argues against the common view that there are no essential differences between Plato and the Neoplatonist philosopher Plotinus on the issues of mysticism epistemology and ethics Beginning by examining the ways in which Plato and Plotinus claim that it is possible to have an ultimate experience that answers the most significant philosophical questions David J Yount provides an extended analysis of why we should interpret both philosophers as mystics The book then moves on to demonstrate that both philosophers share a belief in non discursive knowledge and the methods to attain it including dialectic and recollection and shows that they do not essentially differ on any significant views on ethics Making extensive use of primary and secondary sources *Plato and Plotinus on Mysticism Epistemology and Ethics* shows the similarities between the thought of these two philosophers on a variety of philosophical questions such as meditation divination wisdom knowledge truth happiness and love **Commission Narratives** István Czachesz, 2007 *Commission Narratives* is based on the author s doctoral dissertation in Groningen 2002 The monograph offers the first overarching comparative treatment of commission narratives in the canonical and apocryphal Acts of the Apostles analysing them in their ancient literary setting Following a survey of this widespread narrative theme in the cultural environment of early Christianity Czachesz establishes a threefold social typology of divine commission institutional prophetic and philosophical and explores the occurrences of the three types in the canonical and apocryphal Acts The central chapters of the book provide a close reading of the textual evidence investigating intertextual relations the function of commission in the narrative structure and the biographical models of self definition that commission stories offered to the ancient readers in their changing social and ecclesiastical environments Based on this textual analysis Czachesz makes new proposals about the reconstruction Sitz im Leben and dating of several apocryphal Acts Finally he examines the synchronic structure of commission showing that the variety of commission narratives emerges from a constant set of motifs that are generated by interactions among the characters Plotinus on the Appearance of Time and the World of Sense Deepa

Majumdar,2016-04-22 Plotinus c 205 70 was a Neoplatonist philosopher his work posthumously published by Porphyry and divided into six books nine tractates each called the Enneads In this book Majumdar makes a valuable addition to the literature on his work especially Ennead III 7 45 11 13 in particular explaining Plotinus cosmology using the genus species model of soul coordinating the literature on the appearance of time and the cosmos with that on the larger issue of Plotinian emanation and examining the role of tolma and the restless nature of soul in this conjoint appearance This book investigates Plotinian emanation its laws of poesis contemplative making and the roles of nature matter logos rational formative principle and contemplation and highlights the subtler details of Plotinus cosmology by disentangling conceptual issues about the nature of soul and self we and their impact on the process of generation of time and the cosmos *The Woman and the Dragon in Premodern Art* Sharon Khalifa-Gueta,2025-10-01 The motif of the woman and the dragon has been prevalent in Western art since antiquity yet has hitherto remained understudied and artworks featuring this motif in Western Mediterranean cultures have been examined primarily in relation to the topos of the male dragon slayer This book analyzes artistic images of women and dragons over an extensive period from Classical Greece and Rome with forays to Egypt and Mesopotamia to the early modern period in Western Europe The unique methodology employed in the study of this motif reveals its sacred core as well as its relationship to rituals of fertility and oracular knowledge to the liminal realm between life and death and to the symbolism of Great Mother goddesses At the same time the images explored throughout expose stereotypes and biases against women in unusual positions of power which were embedded in the motif and persisted in Western European art Psychedelic Mysticism Morgan Shipley,2015-11-12 Concerned with scholarly popular and religious backdrops that understand the connection between psychedelics and mystical experiences to be devoid of moral concerns and ethical dimensions a position supported empirically by the rise of acid fascism and psychedelic cults by the late 1960s *Psychedelic Mysticism Transforming Consciousness Religious Experiences and Voluntary Peasants in Postwar America* traces the development of sixties psychedelic mysticism from the deconditioned mind and perennial philosophy of Aldous Huxley to the sacramental ethics of Timothy Leary Richard Alpert and Ralph Metzner to the altruistic religiosity practiced by Stephen Gaskin and The Farm Building directly off the pioneering psychedelic writing of Huxley these psychedelic mystics understood the height of psychedelic consciousness as an existential awareness of unitive oneness a position that offered worldly alternatives to the maladies associated with the postwar moment e g vapid consumerism and materialism lifeless conformity unremitting racism heightened militarism In opening a doorway to a common world Morgan Shipley locates how psychedelics challenged the coherency of Western modernity by fundamentally reorienting postwar society away from neoliberal ideologies and toward a sacred understanding of reality defined by mutual coexistence and responsible interdependence In 1960s America psychedelics catalyzed a religious awakening defined by compassion expressed through altruism and actualized in projects that sought to ameliorate the conditions of the least advantaged among us In the exact

moments that historians and cultural critics often locate as signaling the death knell of the counterculture Gaskin and The Farm emerged not as a response to the perceived failures of the hippies nor as an alternative to sixties politics but in an effort to fulfill the religious obligation to help teach the world how to live more harmoniously Today as we continue to confront issues of socioeconomic inequality entrenched differences widespread violence and the limits of religious pluralism Psychedelic Mysticism serves as a timely reminder of how religion in America can operate as a tool for destabilization and as a means to actively reimagine the very basis of how people relate such a legacy can aid in our own efforts to build a more peaceful sustainable and compassionate world
