day another dungeon Or rather another day the same dungeon because even though Mukohda would much rather make the most of his mid dungeon break by lingering on the surface and enjoying a breath or two of outside air a certain trio of battle happy gluttons have dragged him right back into the depths again Fel Sui and Dora won t be satisfied until they conquer every last floor that the Brixton dungeon has to offer and the most Mukohda can do is grit his teeth and tag along for the ride But hey it s not that bad after all if the first forty floors were simple enough for Team Familiar to steamroll through then

surely the next who knows how many won't pose any dangers or inconveniences either right And it's not like there are any horrible primeval monsters lurking somewhere down there that everyone except for Mukohda has forgotten the gods specifically warned them about right
