James King

Snow Speaks:

The Snow Speaks Nancy White Carlstrom, 1995-09 Captures the sights and sounds of the season's first snowfall leading up to the coming of Christmas *Michael Snow* James King, 2019-10-12 Michael Snow is rightly recognized as the greatest living Canadian artist and one of the most significant figures in Canadian art history In a productive lengthy career he has in a wide variety of genres asked and often answered some of the most vexing and important issues in the history of art

Snow Kirk Ruth, 2013-08-13 Snow has had an astonishing influence on the shape of the land and human history Ruth Kirk writes perceptively of how animals and people survive in the snow of glaciers continental ice sheets blizzards and avalanches and of the awesome hazards of Arctic and Antarctic exploration She discusses both our battles against snow and our uses of it showing its importance to agriculture climate and the future Through scientific reports and interviews with experts in various fields from Antarctic explorers to atmospheric physicists Kirk surveys the scope of snow's influence **Julie Snow**

Architects Julie Snow, Julie Snow Architects, 2005-04-07 It's an unfortunate reality that architects practicing in the great expanse between the East and West coasts all too often find themselves beyond the radar of the profession's so-called tastemakers And it's especially a shame in the case of Julie Snow a Minneapolis-based architect who has over the past decade developed one of the most inventive practices anywhere in the United States Snow's meticulously constructed work has the structural opacity and formal integrity that characterized Mies van der Rohe's architecture but with a sense of humanity and a sensitivity to the environment that seems borrowed from her Midwestern progenitor Frank Lloyd Wright This the first monograph on Snow's work provides in-depth documentation of 14 of her residential institutional corporate and public projects including the Koehler Residence in New Brunswick Canada a series of Minneapolis Light Rail Stations the Minnesota Children's Museum and the University of South Dakota School of Business Julie Snow Architect is produced in collaboration with award-winning designer Andrew Blauvelt and features an introductory essay by Jan Abrams director of the Minnesota Design Institute *Building Fires in the Snow* Martha Amore, Lucian Childs, 2016-09-15 Diversity has always been central to

Alaska identity as the state's population consists of people with many different backgrounds viewpoints and life experiences This book opens a window into these diverse lives gathering stories and poems about lesbian gay bisexual transgender and queer life into a brilliant path-breaking anthology In these pages we see the panoply of LGBTQ life in Alaska today from the quotidian urban adventures of a family shopping going out working to intimate encounters with Alaska's breathtaking natural beauty At a time of great change and major strides in LGBTQ civil rights *Building Fires in the Snow* shows us an Alaska that shatters stereotypes and reveals a side of Alaska that's been little seen until now **Criminology and Crime Prevention**
