So Human an Animal C. H. Waddington, Rene Dubos, 2017-09-20 At least until cloning becomes the order of the day Rene Dubos contends that each human being is unique unprecedented unrepeatable However today each person faces the critical danger of losing this very humanness to his mechanized surroundings Most people spend their days in a confusion of concrete and steel trapped in the midst of noise dirt ugliness and absurdity So begins the essential message of the work of one of the great figures in microbiology and experimental pathology of this century Is the human species becoming dehumanized by the condition of his environment So Human an Animal is an attempt to address this broad concern and explain why so little is being done to address this issue The book sounds both an urgent warning and offers important policy insights into how this trend towards dehumanization can be halted and finally reversed Dubos asserts that we are as much the product of our total environment as of our genetic endowment In fact the environment we live in can greatly enhance or severely Hmit the development of human potential Yet we are deplorably ignorant of the effects of our surroundings on human life We create conditions which can only thwart human nature So Human an Animal is a book with hope no less than alarm As Joseph Wood Krutch noted at the time Dubos shows convincingly why science is indispensable not omnipotent Science can change our suicidal course by learning to deal analytically with the living experience of human beings by supplementing the knowledge of things and of the body machine with a science of human life Only then can we give larger scope to human freedom by providing a rational basis for option and action Timely eloquent and guided by a deep humanistic spirit this new edition is graced by a succinct and careful outline of the life and work of the author **So Human an**

Animal René Jules Dubos, 1968 At least until cloning becomes the order of the day Rene Dubos contends that each human being is unique unprecedented unrepeatable However today each person faces the critical danger of losing this very humanness to his mechanized surroundings Most people spend their days in a confusion of concrete and steel trapped in the midst of noise dirt ugliness and absurdity So begins the essential message of the work of one of the great figures in microbiology and experimental pathology of this century Is the human species becoming dehumanized by the condition of his environment So Human an Animal is an attempt to address this broad concern and explain why so little is being done to address this issue The book sounds both an urgent warning and offers important policy insights into how this trend towards dehumanization can be halted and finally reversed Dubos asserts that we are as much the product of our total environment as of our genetic endowment In fact the environment we live in can greatly enhance or severely Hmit the development of human potential Yet we are deplorably ignorant of the effects of our surroundings on human life We create conditions which can only thwart human nature So Human an Animal is a book with hope no less than alarm As Joseph Wood Krutch noted at the time Dubos shows convincingly why science is indispensable not omnipotent Science can change our suicidal course by learning to deal analytically with the living experience of human beings by supplementing the knowledge of things and of the

body machine with a science of human life Only then can we give larger scope to human freedom by providing a rational basis for option and action Timely eloquent and guided by a deep humanistic spirit this new edition is graced by a succinct and careful outline of the life and work of the author Provided by publisher **So Human an Animal** , Is the human species becoming dehumanized by the condition of his environment So Human an Animal is an attempt to address this broad concern and explain why so little is being done to address this issue The book sounds both an urgent warning and offers important policy insights into how this trend toward dehumanization can be halted and finally reversed *So Human an Animal* C.
