Who Killed Hammarskjold? Susan Williams, 2014-08-15 One of the outstanding mysteries of the twentieth century and one with huge political resonance is the death of Dag Hammarskjold and his UN team in a plane crash in central Africa in 1961 Just minutes after midnight his aircraft plunged into thick forest in the British colony of Northern Rhodesia Zambia abruptly ending his mission to bring peace to the Congo Across the world many suspected sabotage accusing the multi nationals and the governments of Britain Belgium the USA and South Africa of involvement in the disaster These suspicions have never gone away British High Commissioner Lord Alport was waiting at the airport when the aircraft crashed nearby He bizarrely insisted to the airport management that Hammarskjold had flown elsewhere even though his aircraft was reported overhead This postponed a search for so long that the wreckage of the plane was not found for fifteen hours White mercenaries were at the airport that night too including the South African pilot Jerry Puren whose bombing of Congolese villages led in his own words to flaming huts destruction and death These soldiers of fortune were backed by Sir Roy Welensky Prime Minister of the Rhodesian Federation who was ready to stop at nothing to maintain white rule and thought the United Nations was synonymous with the Nazis The Rhodesian government conducted an official inquiry which blamed pilot error But as this book will show it was a massive cover up that suppressed and dismissed a mass of crucial evidence especially that of African eye witnesses A subsequent UN inquiry was unable to rule out foul play but had no access to the evidence to show how and why Now for the first time this story can be told Who Killed Hammarskjold follows the author on her intriguing and often frightening journey of research to Zambia South Africa the USA Sweden Norway Britain France and Belgium where she unearthed a mass of new and hitherto secret documentary and photographic evidence At the heart of this book is Hammarskjold himself a courageous and complex idealist who sought to shield the newly

independent nations of the world from the predatory instincts of the Great Powers It reveals that the conflict in the Congo was driven not so much by internal divisions as by the Cold War and by the West's determination to keep real power from the hands of the post colonial governments of Africa It shows too that the British settlers of Rhodesia would maintain white minority rule at all costs **Kenneth Kaunda, the United States and Southern Africa** Andy DeRoche, 2016-05-19

Kenneth Kaunda the United States and Southern Africa carefully examines US policy towards the southern African region between 1974 when Portugal granted independence to its colonies of Angola and Mozambique and 1984 the last full year of the Reagan administration's Constructive Engagement approach It focuses on the role of Zambian president Kenneth Kaunda the key facilitator of international diplomacy towards the dangerous neighborhood surrounding his nation The main themes include the influence of race national security economics and African agency on international relations during the height of the Cold War Andy DeRoche focuses on key issues such as the civil war in Angola the fight against apartheid the struggle for Namibia's independence the transition from Rhodesia to Zimbabwe and bilateral US Zambian relations The approach is traditional diplomatic history based on archival research in Zambia and the USA as well as interviews with key players such as Kaunda Mark Chona Siteke Mwale Vernon Mwaanga Chester Crocker and Frank Wisner The result offers an important new insight into the nuances of US policy toward southern Africa during the hottest days of the Cold War *Globalizing the*

U.S. Presidency Cyrus Schayegh, 2020-01-09 Using John F Kennedy as a central figure and reference point this volume explores how postcolonial citizens viewed the US president when peak decolonization met the Cold War Exploring how their appropriations blended with their own domestic and regional realities the chapters span sources cases and languages from Latin America Africa Asia and Europe to explore the history of US and third world relations in a way that pushes beyond US centric themes Examining a range of actors *Globalizing the U S Presidency* studies various political sociocultural and economic domestic and regional contexts during the Cold War era and explores themes such as appropriation antagonism and contestation within decolonisation Attempting to both de americanize and globalize John F Kennedy and the US Presidency the chapters examine how the perceptions of the president were fed by everyday experiences of national and international postcolonial lives The many examples of worldwide interest in the US president at this time illustrate that this time was a historical turning point for the role of the US on the global stage The hopes and fears of peaking decolonization the resulting pressure on Washington Moscow and other powers and a new mediascape together ushered in a more comprehensive globalization of international politics and a new meaning to the United States in the world **House of**

Diggs Marion Orr, 2025-08-20 At the height of the civil rights movement Charles C Diggs Jr 1922 1998 was the consummate power broker In a political career spanning 1951 to 1980 Diggs Michigan's first Black member of Congress was the only federal official to attend the trial of Emmett Till's killers worked behind the scenes with Martin Luther King Jr and founded the Congressional Black Caucus He was also the chief architect of legislation that restored home rule to Washington DC and

almost single handedly ignited the American anti apartheid movement in the 1960s Drawing on extensive archival research including Diggs s rarely seen personal papers FBI documents and original interviews with family members and political associates political scientist Marion Orr reveals that Diggs practiced a politics of strategic moderation Orr argues that this quiet approach was more effective than the militant race politics practiced by Adam Clayton Powell and more appealing than the conservative Chicago style approach of William Dawson two of Diggs s better known Black contemporaries Vividly written and deeply researched House of Diggs is the first biography of Congressman Charles C Diggs Jr one of the most consequential Black federal legislators in US history Congressman Diggs was a legislative lion whose unfortunate downfall punctuated his distinguished career and pushed him and his historic accomplishments out of sight Now for the first time House of Diggs restores him to his much deserved place in the history of American politics

Campaign of the Century Irwin F. Gellman,2022-01-04 Based on massive new research a compelling and surprising account of the twentieth century s closest election The 1960 presidential election between John F Kennedy and Richard Nixon is one of the most frequently described political events of the twentieth century yet the accounts to date have been remarkably unbalanced Far more attention is given to Kennedy s side than to Nixon s The imbalance began with the first book on that election Theodore White s The Making of the President 1960 in which as he later admitted White deliberately cast Kennedy as the hero and Nixon as the villain and it has been perpetuated in almost every book since then Few historians have attempted an unbiased account of the election and none have done the archival research that Irwin F Gellman has done Based on previously unused sources such as the FBI s surveillance of JFK and the papers of Leon Jaworski vice presidential candidate Henry Cabot Lodge and many others this book presents the first even handed history of both the primary campaigns and the general election The result is a fresh engaging chronicle that shatters long held myths and reveals the strengths and weaknesses of both candidates
