Soccer club geopolitics Kévin Veyssière, 2023-07-04 Why did Franco's Spain refuse to play against the USSR Which matches have gone beyond the sporting stakes to become a geopolitical war Which confrontations are impossible between certain countries like the one between Russia and Ukraine Or conversely how can soccer be a tool for emancipation In a pleasant and clear

style the author tells us 22 unusual stories to understand the world In a few years many people will say that they started to be interested in geopolitics through Kevin Veyssi's soccer stories after having realized that geopolitics is not boring and uninteresting nor is it reserved for seasoned diplomats and staff officers Kevin Veyssi is 30 is an expert and professor in geopolitics and sports He was a parliamentary collaborator at the National Assembly in France between 2017 and 2022 He is the author of Mondial Soccer Club Geopolitics 22 Unusual Stories about the Football World Cup Max Milo October 2022 The author is the creator of the website FC Geopolitics which has popularized the geopolitics of soccer His Twitter account has more than 50 000 followers 150 000 people a day read his articles The Central American Soccer War Mary Jeanne Reid Martz, 1978

Football/Soccer Jaime Orejan, 2011-10-14 In many parts of the world football soccer in the U S represents a way of life Roughly 150 million players register for professional or amateur leagues and roughly two billion people of all ages across the globe enjoy football recreationally Few people however know the origins of the game or understand how its tactics evolved This informative work traces the historical development of football and its team tactics from 1863 the year the English Football Association was founded to the present It describes significant formations and trends identifies the major reasons for tactical changes and introduces the most influential leaders in the sport Also included are a glossary of relevant terms a history of the World Cup and a biographical list of famous players of the past This essential resource for coaches players and fans will foster a greater understanding of and appreciation for the world's most popular team sport

Now You Know Soccer Doug Lennox, 2009-06-01 Known around the world as football soccer is the world's most watched and played sport Now Doug Lennox the striker of Q A scores with a pitch full of tidbits that delivers the goods on Pel Maradona Beckham Zidane and other superstars as well as the history traditions and rules of the game Doug has compiled a World Cup of trivia about a truly universal phenomenon that has legions of passionate and sadly sometimes violent fans How did soccer originate Who was the first soccer player to score a hat trick in a World Cup final What was the largest attendance ever for a soccer match What is the technical area Where was the world's first soccer club formed What was the first movie ever made about soccer Where was the first World Cup held What are the Laws of the Game What were the 10 worst losses of life in soccer history

The Rebirth of Professional Soccer in America Dennis J. Seese, 2015-03-06 The history of soccer in the United States is far richer and more complex than many people realize Leagues competed in the U S as far back as the late 1800s and in 1919 Bethlehem Steel became the first American professional soccer team to play in Europe when they toured Sweden Multiple leagues existed during the early 1900s but after the American Soccer Association folded in 1933 the country did not see a rebirth of professional soccer until 1967 It was a painful hostile revival that saw dueling groups of American sports entrepreneurs fracture into two separate professional leagues The United Soccer Association USA and the National Professional Soccer League NPSL The Rebirth of Professional Soccer in America The Strange Days of the United Soccer Association tells the story of this largely forgotten chapter in the sport's history The USA and NPSL were ragged

misshapen pieces of a puzzle that refused to fit together two leagues competing directly for fans and revenue While the USA was a league sanctioned by FIFA but absent from the nation's airwaves the NPSL was considered an outlaw league by FIFA but it held an exclusive television contract with CBS This would have been strange enough but the USA league imported entire teams from Great Britain Italy and South America including Stoke City Wolverhampton Wanderers Cagliari Calcio and Bangu This book recounts soccer riots in Yankee Stadium teams with dual identities World Cup winners on the pitch and a cast of characters featuring the likes of Phil Woosnam Lamar Hunt Derek Dougan and Gordon Banks Drawing on meticulous research and interviews this book reveals the little known story that unfolded on the field in the boardroom and across the country during this single strange season of professional soccer Featuring an impressive group of global soccer legends this book delivers a fascinating piece of soccer history for the growing legions of American soccer supporters as well as for soccer fans around the world

Latin America's Wars Volume II: The Age of the Professional Soldier, 1900-2001 Robert L.

Scheina, 2003-07-31 The second volume in Robert Scheina's definitive study of Latin American military history draws upon years of extensive research and teaching in the field Although wags in the United States have quipped that if Latin America's military forces were not constantly seeking political power they would have nothing to do Scheina describes how these men have not only bravely defended their own homelands from foreign enemies but have also gone abroad to fight in both world wars and in the Korean War This groundbreaking volume also examines the numerous U.S. interventions in Latin America during the twentieth century and the various motivations for them ranging from the petty interests of influential North American businesses to global concerns with grand strategy which for example resulted in the building of the Panama Canal Scheina concludes by exploring the role of Latin America in the Cold War and Colombia's ongoing conflict with the drug cartels He focuses on operational history in the context of war as an instrument of politics and society including insightful analyses of the military as an institution and of its relations with civilian government *Latin America's Wars* fills a void in the literature broadens U.S. readers' understanding of their neighbors and serves as a point of departure for new scholarship

The State of the Field David Kilpatrick, 2018-12-07 The study of association football has recently emerged as vibrant field of inquiry attracting scholars worldwide from a variety of disciplinary backgrounds Soccer As the Beautiful Game Football's Artistry Identity and Politics held at Hofstra University in April 2014 gathered together scholars media management and fans in the largest ever conference dedicated to the game in North America This collection of essays provides a comprehensive view of the academic perspectives on offer at the conference itself a snapshot of the state of this increasingly rich scholarly terrain The diversity of approaches range from theory to pedagogy to historical and sociological engagements with the game at all levels from the grassroots to the grand spectacle of the World Cup while the international roster of authors is testimony to the game's global reach This collection of essays therefore offers a state of the field for soccer studies and a road map for further exploration The chapters originally published as a special issue in *Soccer Society*
