## **Social Body Habit Identity And Desire:**

**The Social Body** Nick Crossley,2001-05-01 This book explores both the embodied nature of social life and the social nature of human bodily life It provides an accessible review of the contemporary social science debates on the body and develops a coherent new perspective Nick Crossley critically reviews the literature on mind and body and also on the body and society He draws on theoretical insights from the work of Gilbert Ryle Maurice Merleau Ponty George Herbert Mead and Pierre Bourdieu and shows how the work of these writers overlaps in interesting and important ways which when combined provide the basis for a persuasive and robust account of human embodiment The Social Body provides a timely review of the theoretical approach

Gender Circuits Eve Shapiro,2015-01-09 The new edition of Gender Circuits explores the impact of new technologies on the gendered lives of individuals through substantive sociological analysis and in depth case studies Examining the complex intersections between gender ideologies social scripts information and biomedical technologies and embodied identities this book explores whether and how new technologies are reshaping what it means to be a gendered person in contemporary society

Acculturating Age: Approaches to Cultural Gerontology Brian J. Worsfold,2011 Acculturating refers to the interchange of patterns of behaviour perceptions and ideas between groups of individuals who have different cultural backgrounds This book which is the result of collaboration between specialists from different disciplines from around the world allows the comparison of systems of dependency mediation skills empathy and social understanding and cultural attitudes towards people who experience the stages of aging

Protests as Events Ian R Lamond,Karl Spracklen,2014-11-05 Can activism be considered a leisure activity Can the Occupy movement local campaigns for change and lone acts of personal resistance be understood as events Within the field of Events Management the content of events is generally analyzed within three categories culture sport or business Such a typology can be helpful as a heuristic for interpretation and analysis within a commercial paradigm However this framework overlooks and depoliticizes a significant variety of events those more accurately construed as protest Protests as Events is the first book to explore activism as a leisure activity and protests as events using a fresh interpretation of event to develop a new critical politics of events and leisure Bringing together a range of cutting edge research from around the world it explores a variety of protests through the lens of events studies and leisure in order to understand how the study of events management might be conceptualized in the protest space

**Disability, Normalcy, and the Everyday** Gareth M. Thomas,Dikaïos Sakellariou,2018-03-09 Many critical analyses of disability address important macro concerns but are often far removed from an interactional and micro level focus Written by leading scholars in the field and containing a range of theoretical and empirical contributions from around the world this book focuses on the taken for granted mundane human activities at the heart of how social life is reproduced and how this impacts on the lives of those with a disability family members and other allies It departs from earlier accounts by making sense of how disability is lived mobilised and enacted in everyday lives

Although broad in focus and navigating diverse social contexts chapters are united by a concern with foregrounding micro mundane moments for making sense of powerful discourses practices affects relations and world making for disabled people and their allies Using different examples including learning disabilities cerebral palsy dementia polio and Parkinson s disease contributions move beyond a simplified narrow classification of disability which creates rigid categories of existence and denies bodily variation Disability Normalcy and the Everyday should be considered essential reading for disability studies students and academics as well as professionals involved in health and social care With contributions located within new and familiar debates around embodiment stigma gender identity inequality care ethics choice materiality youth and representation this book will be of interest to academics from different disciplinary backgrounds including sociology anthropology humanities public health allied health professions science and technology studies social work and social policy

*The Ethical Challenges of Emerging Medical Technologies* Arthur L. Caplan, Brendan Parent, 2020-09-10 This collection of essays emphasizes society s increasingly responsible engagement with ethical challenges in emerging medical technology Expansion of technological capacity and attention to patient safety have long been integral to improving healthcare delivery but only relatively recently have concepts like respect distributive justice privacy and autonomy gained some power to shape the development use and refinement of medical tools and techniques Medical ethics goes beyond making better medicine to thinking about how to make the field of medicine better These essays showcase several ways in which modern ethical thinking is improving safety efficacy and efficiency of medical technology increasing access to medical care and empowering patients to choose care that comports with their desires and beliefs Included are complimentary ethical approaches as well as compelling counter arguments Together the articles demonstrate how improving the quality of medical technology relies on every stakeholder not just medical researchers and scientists to assess each given technology s strengths and pitfalls This collection also portends one of the next major issues in the ethics of medical technology developing the requisite moral framework to accompany shifts toward patient centred personalized healthcare

*Alive and Kicking at All Ages* Ulla Kriebner, Roberta Maierhofer, Barbara Ratzenböck, 2014-06-15 The linking of age and ill health is part of a cultural narrative of decline as age is often defined as the absence of good health Research has shown that we are aged by culture but we are also culturally made ill when we age The cultural ambiguity of aging can thus deconstruct negative images of old age as physical decrepitude This volume investigates the topic of health within the matrix of time and experience by addressing issues such as how our understanding of health influences our notion of agency within a subversive deconstruction of normative age concepts and what role the notion of health plays in such an interaction

*Geographies of Health* Anthony C. Gatrell, Susan J. Elliott, 2014-11-17 Setting out the debates and reviewing the evidence that links health outcomes with social and physical environments this new edition of the well established text offers an accessible overview of the theoretical perspectives methodologies and research in the field of health geography Includes international examples

drawn from a broad range of countries and extensive illustrations Unique in its approach to health geography as opposed to medical geography New chapters focus on contemporary concerns including neighborhoods and health ageing and emerging infectious disease Offers five new case studies and an fresh emphasis on qualitative research approaches Written by two of the leading health geographers in the world each with extensive experience in research and policy The Beauty Industry Paula Black,2004-08-02 The beauty industry is now a multinational multi million dollar business In recent years its place in contemporary culture has altered hugely as salons have become not simply places to have your hair cut or your nails done but increasingly sites of physical and even spiritual therapy In this fascinating and nuanced study Paula Black strips away many popular assumptions about the beauty industry including the one that says it exploits people s insecurity by projecting an illusory beauty myth The interviews in this book both with the beauty industry s workers and its clients reveal a far more complex and interesting picture and in their presentation Black re formulates many feminist debates around choice and constraint The debates addressed include issues around the body the construction and maintenance of gender identity changing definitions of health and well being and labour processes

### **Embodying Punishment** Anastasia

Chamberlen,2018-10-05 Embodying Punishment offers a theoretical and empirical exploration of women s lived experiences of imprisonment in England It puts forward a feminist critique of the prison arguing that prisoner bodies are central to our understanding of modern punishment and particularly of women s survival and resistance during and after prison Drawing on a feminist phenomenological framework informed by a serious engagement with scholars such as Maurice Merleau Ponty Simone de Beauvoir Erwin Goffman Michel Foucault Sandra Lee Bartky and Tori Moi Embodying Punishment revisits and expands the literature on the pains of imprisonment and offers an interdisciplinary examination of the embodiment and identities of prisoners and former prisoners pressing the need for a body aware approach to criminology and penology The book develops this argument through a qualitative study with prisoners and former prisoners discussing themes such as the perception of the prison through time space smells and sounds the change of prisoner bodies the presentation of self in and after prison including the centrality of appearance and prison dress in the management of prisoner and ex prisoner identities and a range of coping strategies adopted during and after imprisonment including prison food drug misuse and a case study on women s self injuring practices Embodying Punishment brings to the fore and critically analyses longstanding and urgent problems surrounding women s multifaceted oppression through imprisonment including matters of discriminatory and gendered treatment as well as issues around penal harm and argues for an experientially grounded critique of punishment
