Social Class In America The Evaluation Of Status:

Poverty Knowledge Alice O'Connor, 2024-11-01 Progressive era poverty warriors cast poverty in America as a problem of unemployment low wages labor exploitation and political disfranchisement In the 1990s policy specialists made dependency the issue and crafted incentives to get people off welfare Poverty Knowledge gives the first comprehensive historical account of the thinking behind these very different views of the poverty problem in a century spanning inquiry into the politics institutions ideologies and social science that shaped poverty research and policy Alice O Connor chronicles a transformation in the study of poverty from a reform minded inquiry into the political economy of industrial capitalism to a detached highly technical analysis of the demographic and behavioral characteristics of the poor Along the way she uncovers the origins of several controversial concepts including the culture of poverty and the underclass She shows how such notions emerged not only from trends within the social sciences but from the central preoccupations of twentieth century American liberalism economic growth the Cold War against communism the changing fortunes of the welfare state and the enduring racial divide The book details important changes in the politics and organization as well as the substance of poverty knowledge Tracing the genesis of a still thriving poverty research industry from its roots in the War on Poverty it demonstrates how research agendas were subsequently influenced by an emerging obsession with welfare reform Over the course of the twentieth century O Connor shows the study of poverty became more about altering individual behavior and less about addressing structural inequality The consequences of this steady narrowing of focus came to the fore in the 1990s when the nation s leading poverty experts helped to end welfare as we know it O Connor shows just how far they had traveled from their field s original aims

Race-Ethnicity and Society Benjamin B Ringer, Elinor R. Lawless, 2025-06-30 First published in 1989 Race Ethnicity and Society comes as a usable and comprehensive text on race and ethnicity in the United States Ringer and Lawless set out to fill the gap in the literature by incorporating the positive lessons of the racially turbulent 1960 s and 70s Proposing a challenge to three conventional premises of many texts they argue that the treatment of racial minorities in America was qualitatively different from that experienced by the white immigrants that racism was not a mere aberration in American Society but was built into the very foundations of the society and that America s experience with minorities was not unique but can instead be located within the mainstream of European expansion and conquest Race Ethnicity and Society will be a standard source for students in the fields of sociology history and political science

Community Studies Colin Bell, Howard Newby, 2021-10-17 Originally published in 1971 this was the first text on community studies which analysed the major empirical work in this field in a

comparative perspective It is concerned both with the sociology of community and the sociology of community studies It takes both the findings of individual studies and the research process itself as significant sociological data in their own right and it asks continually how do we know what we know about communities Community Studies is then not only a contribution to that particular field but also to our understanding of the interaction between theory and method in sociology Studies are analysed from North and Latin America Britain and Western Europe and India Two central problems stratification and power are considered at greater length This book would prove to be an invaluable introduction not only for students of sociology but also for architects planners and all those who had an interest in the community at the time Its authors were and had been actively engaged in field research in this area *The Oxford Handbook of Social Class in Counseling* William Ming
