Folklore in Utah David Stanley, 2004 Over thirty scholars examine the development of folklore studies through the lens of over one hundred years of significant activity in a state that has provided grist for the mills of many prominent folklorists In the past the Folklore Society of Utah has examined the work of such scholars in biographical and other essays published in its newsletters This book incorporates those essays and goes well beyond them to include many other topics offering a thorough history of folklore studies and a guide to resources for those pursuing research in Utah now and in the future The essays survey the development and contributions of folklore studies in Utah from 1892 to 2004 but also represent developments in both academic and public sector folklore throughout the United States Following a thorough historical introduction part I profiles the first folklorists working in the state including Hector Lee Thomas Cheney Austin and Alta Fife Wayland Hand and Lester Hubbard Part II looks at the careers of prominent Utah folklorists Jan Harold Brunvand Barre Toelken and William B Wilson as well as the works of the next current generation of folklorists Part III covers studies in major folklore genres with essays on the study of material culture vernacular architecture and Mormon ethnic Native

The Gathering Place John S. McCormick,2000 Salt Lake City is no ordinary place Its hard gutted individuality as Western historian Dale L Morgan called it gives it a contradictory charm The city has an extraordinary and complicated past full of paradoxes and irresolution about its image This is the story of a frontier outpost founded as a haven for religious refugees that eventually becomes a melting pot for different kinds of people different voices experiences points of view traditions values and ways of life In fact the city has emerged from the crucible of conflict based partly on religion but also on race class distinction and gender The author s goal in his thought provoking overview accented by 125 historical photographs is not to shift from the feel good emphasis of traditional photo histories but to augment that approach with information about societal change a history of groups and traditions and of the ideas and experiences that have made the city what it is today **Journal of the West** Lorrin L. Morrison,Carroll Spear Morrison,1990 Missing Stories Leslie G.
