The Overlanders:

The Overlanders (Hippie Trail) Richard Parkes, 2017-12-29 This is a story of my Overland trips from London to Kathmandu in the early seventies This was an interesting time with many changes going on many of the travelers being born at the end of the Second World War and others post war baby boomers We had moved through rock and roll Dylan Beatles Hippies the racial changes in the US cold war and still had the war in Vietnam which most of us were against What made us take an overland journey from Europe to Kathmandu For many of us it was travel to the unknown an adventure plus an escape from conformity It could be said it was the fore runner of the backpacker travel movement now a rite of passage for young people today We in fact were following Alexander the Great Genghis Khan Monguls and Mughal invaders Muslim Arab armies as well as trading caravans which gave some of our route the romantic name of the Silk Road *The Overlanders* Graham Bourne, 1998

Overlander Rupert Guinness, 2018-08-01 A powerful memoir about an epic bike race across one of the most challenging landscapes in the world Rupert Guinness set out on the trip of a lifetime to race across Australia in the inaugural Indian Pacific Wheel Race This would be no ordinary bike race Unlike the Tour de France which Guinness made his name reporting on for decades competitors would ride completely unassisted from Fremantle in Western Australia to the Opera House in Sydney on the other side of the country a gruelling distance of over 5 000 kilometres that would not only test riders physical endurance but their psychological resilience as well Dubbed The Hunger Games on Wheels there would be no help just riders and their bikes crossing one of the most beautiful and most inhospitable places on earth Rupert's mission was to test his own grit physical and emotional as he followed the trail of the pioneering men and women whose historic rides over the last two centuries unveiled a largely unknown interior But when a terrible tragedy stopped competitors in their tracks Rupert was forced to make one of the toughest decisions he had ever faced and

ultimately what he discovered was the extraordinary power of the human spirit *Gregor the Overlander* Suzanne Collins,2014-03-06 When eleven year old Gregor falls through a grate in the laundry room of his apartment building he hurtles into the dark Underland where spiders rats and giant cockroaches coexist uneasily with humans This world is on the brink of war and Gregor s arrival is no accident Gregor has a vital role to play in the Underland s uncertain future

The Cariboo Trail Agnes C. Laut, 1916 [Gold Rush Manliness](#) Christopher Herbert, 2018-11-13 The mid nineteenth century gold rushes bring to mind raucous mining camps and slapped together cities populated by carousing miners gamblers and prostitutes Yet many of the white men who went to the gold fields were products of the Victorian era educated men who valued morality and order Examining the closely linked gold rushes in California and British Columbia historian Christopher Herbert shows that these men worried about the meaning of their manhood in the near anarchic ethnically mixed societies that grew up around the mines As white gold rushers emigrated west they encountered a wide range of people they considered inferior and potentially dangerous to white dominance including Latin American Chinese and Indigenous peoples The way that white miners interacted with these groups reflected their conceptions of race and morality as well as the distinct political principles and strategies of the US and British colonial governments The white miners were accustomed to white male domination and their anxiety to continue it played a central role in the construction of colonial regimes In addition to renovating traditional understandings of the Pacific Slope gold rushes Herbert argues that historians understanding of white manliness has been too fixated on the eastern United States and Britain In the nineteenth century popular attention largely focused on the West It was in the gold fields and the cities they spawned that new ideas of white manliness emerged prefiguring transformations elsewhere

Tait's Edinburgh Magazine William Tait, Christian Isobel Johnstone, 1844 **The Plains Across** John D. Unruh, 1993 One of three finalists for the Pulitzer Prize in History and the winner of seven awards including the John H Dunning Prize of the American Historical

Association the Ray A Billington Book Award of the Organization of American Historians and the National Historical Society Book Prize Journals of Two Expeditions of Discovery in North-West and Western Australia Vol. 2 George Grey, 2022-09-15

In Journals of Two Expeditions of Discovery in North West and Western Australia Vol 2 George Grey presents an articulate and meticulously detailed account of his intrepid expeditions through the largely uncharted territories of Australia in the mid 19th century This volume showcases Grey s keen observational skills and his adept narrative style blending personal reflection with scientific inquiry The text serves not only as a travelogue but also contextualizes the intricate landscapes and cultures he encountered illuminating the profound connection between humanity and the Australian environment amidst the burgeoning colonial interest of the era George Grey a distinguished explorer and colonial administrator embarked on these journeys driven by a profound desire to document uncharted territories and engage with Indigenous cultures His experiences as a public servant and his academic background in natural history and ethnography provided a robust foundation for his explorations Grey s writings reflect a time of transition for Australia as European settlers began to assert dominion over its lands while he simultaneously advocated for a respectful understanding of the Indigenous populations This compelling volume is highly recommended for scholars and enthusiasts alike as it enriches the discourse on colonial exploration and Indigenous relations Grey s engaging prose infused with genuine curiosity and respect invites readers to appreciate the complexities of Australia s landscapes and cultures making it an invaluable addition to any collection on Australian history or exploration

Gold Rush Capitalists Mark A. Eifler, 2002 Examines the interaction of capitalism and community in the founding of the gold rush city of Sacramento and of the clashes between miners and city founders *The Asiatic Mediterranean, and Its Australian Port* Trelawny Saunders, 1853

Men and Manliness on the Frontier R. Hogg, 2012-11-14 In mid nineteenth century Britain there existed a dominant discourse on what it meant to be a man denoted by the term manliness Based on the sociological work of R W Connell and others who argue that gender is performative Robert Hogg asks how British men performed manliness on the colonial frontiers of Queensland and British Columbia

Success Depends on the Animals Diana L. Ahmad, 2016-02-16 Between 1840 and 1869 thousands of people crossed the American continent looking for a new life in the West *Success Depends on the Animals* explores the relationships and encounters that these emigrants had with animals both wild and domestic as they traveled the Overland Trail In the longest migration of people in history the overlanders were accompanied by thousands of work animals such as horses oxen mules and cattle These travelers also brought dogs and other companion animals and along the way confronted unknown wild animals Ahmad s study is the first to explore how these emigrants became dependent upon the animals that traveled with them and how for some this dependence influenced a new way of thinking about the human animal bond The pioneers learned how to work with the animals and take care of them while on the move Many had never ridden a horse before let alone hitched oxen to a wagon Due to the close working relationship that the emigrants were forced to have with these

animals many befriended the domestic beasts of burden even attributing human characteristics to them Drawing on primary sources such as journals diaries and newspaper accounts Ahmad explores how these new experiences influenced fresh ideas about the role of animals in pioneer life Scholars and students of western history and animal studies will find this a fascinating and distinctive analysis of an understudied topic

Power of the Pedal Rupert Guinness, 2018-10-01 In *Power of the Pedal* read about cycling in Australia from the penny farthing to 21st century commuters and Olympic stars Bicycles changed our lives They meant a new and faster way to get around and gave rise to ways of exploring socialising and competing In the nineteenth century cycling encouraged overlanders adventurers who explored new routes through rugged terrain cycling clubs that gave women a new kind of freedom to mix socially with men and novel kinds of racing In this book cycling journalist Rupert Guinness reveals 200 years of the bike in Australian everyday life and the world of competition
