

ONE OF THE MOST TRAGIC STORIES OF OUR TIME

THE PALESTINE TRIANGLE

The Struggle Between
the British, the Jews and the Arabs
1935-1948

NICHOLAS BETHELL

The Palestine Triangle The Struggle Between The British The Jews And The Arabs 1935 1948

Jacob Shavit

The Palestine Triangle The Struggle Between The British The Jews And The Arabs 1935 1948:

A History of the Israeli-Palestinian Conflict Mark Tessler, 2009-03-24 Mark Tessler's highly praised comprehensive and balanced history of the Israeli Palestinian conflict from the earliest times to the present updated through the first years of the 21st century provides a constructive framework for understanding recent developments and assessing the prospects for future peace Drawing upon a wide array of documents and on research by Palestinians Israelis and others Tessler assesses the conflict on both the Israelis and the Palestinians terms New chapters in this expanded edition elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition

The Palestine Triangle Nicholas Bethell, 1979 **The Palestinian People** Baruch Kimmerling, 2009-07-01 In a timely reminder of how the past informs the present Baruch Kimmerling and Joel Migdal offer an authoritative account of the history of the Palestinian people from their modern origins to the Oslo peace process and beyond Palestinians struggled to create themselves as a people from the first revolt of the Arabs in Palestine in 1834 through the British Mandate to the impact of Zionism and the founding of Israel Their relationship with the Jewish people and the State of Israel has been fundamental in shaping that identity and today Palestinians find themselves again at a critical juncture In the 1990s cornerstones for peace were laid for eventual Palestinian Israeli coexistence including mutual acceptance the renunciation of violence as a permanent strategy and the establishment for the first time of Palestinian self government But the dawn of the twenty first century saw a reversion to unmitigated hatred and mutual demonization By mid 2002 the brutal violence of the Intifada had crippled Palestine's fledgling political institutions and threatened the fragile social cohesion painstakingly constructed after 1967 Kimmerling and Migdal unravel what went right and what went wrong in the Oslo peace process and what lessons we can draw about the forces that help to shape a people The authors present a balanced insightful and sobering look at the realities of creating peace in the Middle East

The Arab-Israeli Conflict Kirsten E. Schulze, 2013-11-14 In this fully revised new edition Kirsten Schulze brings us to a new understanding of the causes course and consequences of the Arab Israeli Conflict Schulze analyses the dynamics of the violence and explores the numerous attempts at resolving the conflict She assesses why in the cases of Israel Egypt in 1978 and Israel Jordan in 1994 negotiations succeeded in bringing about a lasting peace and why in the cases of Israel and the Palestinians Syria and Lebanon they failed to do so Written in a clear and accessible style this fully updated second edition Traces the origins of the conflict from their first intellectual roots in the 19th century Examines the actions and aims of the competing nationalist movements during the period of the British Mandate which led to the creation of the state of Israel Outlines and analyses each of the Arab Israeli conflicts from the creation of the state of Israel in 1948 to the 2006 Lebanon war and the on going second Palestinian uprising With a diverse collection of documents and a Chronology Glossary Guide to Further Reading and a Who's Who summarizing the careers and contributions of the main figures this book is absolutely vital to understanding the

current Israeli Palestinian violence the intra Palestinian rift between Hamas and Fatah and why the Arab Israeli conflict has become the centre of Muslim politics both violent and non violent across the world Palestine Between Politics and Terror, 1945-1947 Moti Golani, 2013-04-09 A fascinating look at the end of British rule in Palestine through the eyes of its final high commissioner Western Imperialism in the Middle East 1914-1958 D. K. Fieldhouse, 2006-04-06 The term Fertile Crescent is commonly used as shorthand for the group of territories extending around the Rivers Tigris and Euphrates Here it is assumed to consist of Syria Lebanon Jordan Iraq and Palestine Much has been written on the history of these countries which were taken from the Ottoman empire after 1918 and became Mandates under the League of Nations For the most part the histories of these countries have been handled either individually or as part of the history of Britain or France In the first instance the emphasis has normally been on the development of nationalism and local resistance to alien control in a particular territory leading to the modern successor state In the second most studies have concentrated separately on how either France or Britain handled the great problems they inherited seldom comparing their strategies The aim of this book is to see the region as a whole and from both the European and indigenous points of view The central argument is that the mandate system failed in its stated purpose of establishing stable democratic states out of what had been provinces or parts of provinces within the Ottoman empire Rather it generated basically unstable polities and in the special case of Palestine one totally unresolved and possibly unsolvable conflict The result was to leave the Middle East as perhaps the most volatile part of the world in the later twentieth century and beyond The main purpose of the book is to examine why this was so

The Origins of the Arab Israeli Wars Ritchie Ovendale, 2015-10-23 This highly regarded history gives a balanced and judicious introduction to this immensely complex and controversial subject weaving different strands of the story into a single coherent narrative thus making it essential reading for all students studying conflict in the Middle East Of all the troubles affecting the modern world few are as topical deep rooted and intractable as the Arab Israeli conflict For this region an understanding of the past is vital to an understanding of the present Ritchie Ovendale's classic study of the roots of the conflict is now updated for a fourth time and considers events until 2003 **The Oxford History of the British Empire:**

Volume V: Historiography Robin Winks, 2001-07-26 The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records From the founding of colonies in North America and the West Indies in the seventeenth century to the reversion of Hong Kong to China at the end of the twentieth British imperialism was a catalyst for far reaching change The Oxford History of the British Empire as a comprehensive study helps us to understand the end of Empire in relation to its beginning the meaning of British imperialism for the ruled as well as for the rulers and the significance of the British Empire as a theme in world history This fifth and final volume shows how opinions have changed dramatically over the generations about the nature role and value of imperialism generally and the British Empire more specifically The distinguished team of contributors discuss the many and diverse

elements which have influenced writings on the Empire the pressure of current events access to primary sources the creation of relevant university chairs the rise of nationalism in former colonies decolonization and the Cold War They demonstrate how the study of empire has evolved from a narrow focus on constitutional issues to a wide ranging enquiry about international relations the uses of power and impacts and counterimpacts between settler groups and native peoples The result is a thought provoking cultural and intellectual inquiry into how we understand the past and whether this understanding might affect the way we behave in the future

British Propaganda and Wars of Empire Christopher Tuck, 2016-04-15 Influence is a slippery concept yet one of tremendous relevance for those wishing to understand global politics From debates on the changing sources of power in the international system through to analyses of its value as an alternative to the active use of force as a policy instrument influence has become a recurrent theme in discussions of international relations and foreign policy In order to provide a better understanding of the multifaceted and shifting nature of influence this volume looks at how the British government employed various forms of pressure and persuasion to achieve its goals across the twentieth century By focusing on Britain a global actor with great power objectives but declining physical means the collection provides a wide range of case studies to assess how influence was brought to bear on a wide array of non western cultures and societies It furthermore allows for an assessment of just how effective or ineffective British efforts were at influencing non Western targets over a hundred years of operations By shedding important light on the efficacy of British efforts to sustain and advance its interests in the twentieth century the volume will be of interest not only to historians but to anyone interested in contemporary problems surrounding the operation of influence as a foreign policy tool

International History of the Twentieth Century and Beyond Antony Best, Jussi M. Hanhimäki, Joseph A. Maiolo, Kirsten E. Schulze, 2014-12-17 This hugely successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the past one hundred years The third edition is thoroughly updated throughout to take account of the most recent research and global developments and includes a new chapter on the international history of human rights and its advocacy organizations including NGOs Additional new features include New material on the Arab Spring including specific focus on Libya and Syria Increased debate on the question of US decline and the rise of China A timeline to give increased context to those studying the topic for the first time A fully revised companion website including links to further resources and self testing material can be found at www.routledge.com/cw/best Antony Best is Associate Professor in International History at the London School of Economics Jussi M Hanhimäki is Professor of International History and Politics

at the Graduate Institute of International Studies Geneva Joseph A Maiolo is Professor of International History at the Department of War Studies Kings College London Kirsten E Schulze is Associate Professor in International History at the London School of Economics Anglo-American Diplomacy and the Palestinian Refugee Problem, 1948-51 S.

Waldman,2016-01-12 This volume examines British and US attitudes towards the means and mechanisms for the facilitation of an Arab Israeli reconciliation focusing specifically on the refugee factor in diplomatic initiatives It explains why Britain and the US were unable to reconcile the local parties to an agreement on the future of the Palestinian refugees *Terrorist Histories* Caoimhe Nic Dhaibheid,2016-11-03 This book addresses provides a series of in depth portraits of men and women who have been labelled terrorists from the 19th 20th and 21st centuries Bridging historical methodologies and theoretical approaches to terrorism studies it seeks to contribute to the developing historicising of terrorism studies This is achieved principally through a prosopographical approach In the preponderance of detailed statistical and quantitative data on the practice of terrorism and political violence the individuals who participate in terrorist acts are often obscured While ideologies and organisations have attracted much scholarly interest less is known of the personal trajectories into political violence particularly from a historical perspective The focus on a relatively narrow cast of high profile terrorist villains to a large part driven by popular and media attention results in a somewhat skewed picture of equal value arguably is a more sustained reflection on the lives of lesser known individuals The book sits at the juncture between terrorism studies historical biography and ethnography It comprises case studies of ten individuals who have engaged in political violence in the nineteenth twentieth and twenty first centuries in a number of locations and with a variety of ideological motivations from Russian inflected anarchism to Islamist extremism Through detailed empirical research crucial themes in the study of terrorism and political violence are explored the diverse individual radicalisation pathways the question of disengagement and re engagement various counter terrorist and counter insurgency strategies adopted by governments and security forces and the changing nature and perception of terrorism over time Although not explicitly comparative a number of themes resonate between the case studies which will be drawn together in the conclusion to this book These include the role of migration in radicalisation the influence of radical family heritages the experience of imprisonment and the narratives which individuals construct to tell their own terrorist life stories It also provides an historically grounded answer to one of the most contentious and heated debates in recent literature on terrorism studies what leads a person to turn to political violence In examining the life narratives of a diverse range of men and women who at some point embraced violence this book seeks to contribute to a growing understanding of the entire arc of a terrorist lifespan from radicalisation to mobilisation to disengagement and beyond This book will be of much interest to students of political violence terrorism studies security studies and politics in general Partners Together in This Great Enterprise , *Gandhi and the Middle East* Simone Panter-Brick,2007-12-19 Gandhi s involvement in Middle Eastern politics is largely forgotten yet it goes to the heart of his

teaching and ambition to lead a united freedom movement against British colonial power Gandhi became involved in the politics of the Middle East as a result of his concern over the abolition of the Ottoman Caliphate following the First World War He subsequently at the invitation of the Jewish Agency sought to reconcile Jews and Arabs in a secret deal at the time of the Mandate of Palestine However Jewish and British interference coupled with the Arab Revolt and the rise of the Muslim League in India thwarted Gandhi s efforts in the region Like so many who would follow Gandhi was unable to solve the problems of the Middle East but this book for the first time reveals his previously obscure attempt to do so Gandhi s experience in the Middle East was in marked contrast to his other successes around the world and is crucial for a full understanding of his life and teachings Gandhi in the Middle East offers many new and revealing insights into the goals and limits of an international statesman at a critical period of imperial history Political Violence and Terror Peter H. Merkl,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986 Engaging with Literature of Commitment. Volume 2 ,2012-01-01 This collection ranges far and wide as befits the personality and accomplishments of the dedicatee Geoffrey V Davis German studies and exile literature scholar postcolonialist if there are specialties then Australia Canada India South Africa Black Britain journal and book series editor The volume opens with essays on cultural theory and practice proceeds to close analyses of settler colony texts from Canada India Australia and New Zealand drama fiction and poetry as well as Pacific drama and Canadian indigeneity thence homeward to the UK black drama Scottish fiction the music of Morrissey and to German themes exile literature fictions about Hitler Because Geoff s commitment to literature has always been hands on the book closes with a selection of poems and experimental prose Writers discussed include Carmen Aguirre Hany Abu Assad Beryl Bainbridge Albert Belz Peter Bland Peter Carey Lynda Chanwai Earle Kamala Das Robert Drewe ric Emmanuel Schmitt Toa Fraser Stephen Fry Dianna Fuemana Mavis Gallant Alasdair Gray Xavier Herbert Janette Turner Hospital Elizabeth Jolley Wendy Lill Varanasi Nagalakshmi Arundhati Roy Daniel Sloate Drew Hayden Taylor Jane Urquhart Roy Williams and Arnold Zweig **Being Muslim Today** Dr. Saqib Iqbal Qureshi,2024-05-07 Qureshi promotes a moderate and inclusive view of contemporary Islam with the intellectual underpinnings to support it Booklist Starred Review Accessible introduction to Islam and the Qur an that explains how Muslims live and avoids the extremes of Orthodoxy and Islamophobia The truths of every religion are typically challenged and re written serving as potent grounds for some of history s most enduring debates and conflicts Perhaps no other religious tradition suffers as much from the dualistic fallacy of good and evil than does Islam What does it mean to be Muslim today Orthodoxy s interpretation is idyllic and omniscient simplistic to a fault Islamophobes at the opposite end of the spectrum cultivating damaging stereotypes that present a religion that most Muslims cannot relate

to In Being Muslim Today Reclaiming the Faith from Orthodoxy and Islamophobia bestselling author Dr Saqib Qureshi silences the noise that obscures the message of Islam He provides a compelling and accurate presentation of the faith s beginnings its evolution throughout the last 1 400 years and its relevance for today Being Muslim Today simplifies complicated academic debates and reveals the heart and soul of a growing faith tradition that claims more than two billion adherents Chapters include lucid discussions of the origins of Islam the Prophet Muhammed and the rise of Islam through the ages Qureshi also describes the twin perils of Orthodoxy and Islamophobia both of which he contends badly misinterpret the true message of the faith In a final chapter Qureshi confronts the stereotype of Islam as an inherently violent religion asking the West to hold a mirror to its own voracious appetite for conflict and colonization Throughout Qureshi encourages Muslims to reject pious certitude the faithful must acknowledge the diversity of approaches and principals in the Islamic tradition he writes and adopt an attitude of theological humility Some things are simply unknowable *Ireland's terrorist dilemma* Yonah Alexander, Alan O'day, 2024-08-19 **The New Hebrew Nation** Jacob Shavit, 1987 First Published in 1987 Routledge is an imprint of Taylor Francis an informa company **International History of the Twentieth Century** Antony Best, 2004 Using their thematic and regional expertise four prominent authors have produced an authoritative yet accessible account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas
