*Announcement of the Publication of the First Volume of The Papers of Benjamin Franklin, Vol. 1* Yale University Press,1959      **Raising Philadelphia** Justin McHenry,2024-10-15 A wealth of stories showing why Philadelphia was America's first great city in the years before the Revolution Riots and revolutions Relationships and rivalries Freedom and enslavement The generation of Philadelphians prior to the American Revolution propelled the meteoric rise of the city into the thriving cultural heart of Colonial America This is the dramatic story of Philadelphia's ascension over the course of the final decades of colonial America detailing along the way the lives of the people molding the city in their image You will travel into the heady salon of Elizabeth Graeme Be there with David Rittenhouse in his observatory tracking the transit of Venus Experience the rise and fall of the friendship of John Morgan and William Shippen Follow Anthony Benezet's crusade against slavery And witness the transformation of Philadelphia as its citizens gain their political voices to declare their independence Raising Philadelphia takes the reader through this critical moment in American history to bring to life the vibrancy of Philadelphia as it rose up to become America's first great city      *Noble Undertaking* Brian Deming,2025-05-30

Details the Continental Congress's transformation from diplomatic assembly to revolutionary leadership overcoming crises to unite a fledgling nation Beginning as a convention of delegates groping for an honorable way to mend ties with Great Britain the Continental Congress developed into an assembly saddled with the task of ushering in a new nation while managing a war This book examines the crises that bombarded Congress over those eventful years and explains how this collection of mostly well off men with much to lose came to lead a rebellion Wasting hours days weeks in debates that went nowhere delegates squabbled complained compromised acted courageously one day foolishly the next The account follows Congress as delegates fled Philadelphia in the face of a British threat to set up shop in Baltimore and later York Pennsylvania Documents and letter enable the reader to eavesdrop on the thoughts of delegates as they raged at the British moaned about their colleagues cheered morsels of happy news and sent off pleas for someone anyone to come take their place For many serving in Congress meant mostly drudgery frustration and anxiety all while far from home Yet this feeble government succeeded Without a constitution it kept the fragile union together Without taxing authority it financed the war and maintained an army in the field Its diplomatic team despite treachery and ineptitude engineered a critical alliance In 1778 as Congress returned to Philadelphia from York the war was far from over Indeed it was not even half over But the path to an honorable peace was in view Congress for all its many flaws astonished the world by bringing forth a new republic and setting it on course for a promising destiny

**American Heresy** John Fanestil,2023-09-26 American Heresy uncovers the complex legacy of America's founding principles demonstrating how the very same values have produced both good fruit and the bitter harvest of white Christian nationalism Fanestil adeptly traces an early American story that reaches into our present with alarming immediacy Using cogent examples from the earliest days of colonial settlement through the Revolutionary War era Fanestil helps us understand how many of the principles we view as paradigmatic expressions of American identity have had contested histories from the start Virtue has brought both self sacrifice and extremism progress both cultural pride and white racism The very same principles that underpin the United States proudest moments also forged the white Christian nationalism that fruited so dangerously in the Capitol insurrection of January 6 2021 The implications of Fanestil's complex history are highly pertinent and alarming Far from a fringe movement embraced by a violent few white Christian nationalism is a spiritual inheritance shared by all white American Christians Grappling with this history is vital if the United States is ever to move beyond its tragic legacy as a white settler society

**Our Founders' Warning** Strobe Talbott,2020-08-25 The presidency of Donald Trump has wreaked havoc on American democracy divided American society unsettled foreign allies and partners and heartened dictators around the world The damage at home and abroad is likely to cast a long shadow into the future Trump has also defiled the past most notably America's origin and its soul The Founders counted on their successors to protect and perfect their prodigy with its fundamental ideals laws and procedures They also aspired to a code of personal morals and character Paramount were honesty rationality empathy and responsibility to the citizenry These

liberal revolutionary criteria for public service and leadership derived from the European Enlightenment The spirit of that movement and its American version is alien to Trump and many of his predecessors would find him abhorrent and dangerous Strobe Talbott tells that story from the vantage of the Age of Trump bringing out the stark contrast between the 45th president and the first six Washington Adams Jefferson Madison Monroe John Quincy Adams who were children of the Age of Reason Amid myriad books on the Trump phenomenon in these dark days Talbott shines a light on our history in hope that the Founders legacy now in peril will be vindicated

**Consumerism and the Emergence of the Middle Class in Colonial America** Christina J. Hodge, 2014-07-14 This study examines the emergence of the middle class and consumerism in colonial America [Test1] *Character Counts! A Life of Hyojeong Character Education Textbook*, 2024-08-01 The various nations of the world approach character or moral education in different ways Unlike other nations England does not have a moral education curriculum It is through religious education and other courses in the curriculum that a moral life and moral habits are consistently emphasized In France education of children in the family is very strict and parents have near absolute authority The internalization of virtues and regulations is emphasized through French civic education and in the 3rd year of high school a course in philosophy is compulsory In the case of Germany character education is taught as religion a separate course that is part of the regular curriculum Ethics is also recognized as an alternative course Canada a nation with a vast territory and beautiful nature implements various social education programs that promote the healthy enjoyment of hobbies and that also act as character education In the cases of Scotland and Finland a regular course titled Ethics is used for character education and this course in ethics is given greater weight than courses in grammar English or mathematics

**The Skeptical Roots of Critique** Abraham Anderson, 2024 In *The Skeptical Roots of Critique* Abraham Anderson shows that Kant's Critique of Pure Reason is the heir to Hume's skepticism about metaphysics In showing that Kant's Antinomy flows from Hume's skepticism this work connects Kant with the skeptical tradition reaching back to the ancients Like Hume's Enquiry and Dialogues and Rousseau's mile the Critique is part of the battle for Enlightenment the struggle against the despotic reign of theological dogmatism The victory of philosophy has led us to forget there ever was such a battle Anderson aims to bring it to life by exploring the growth of the Critique
