The Papers Of John Henry Volume :

The Papers of Thomas Jefferson, Retirement Series, Volume 21 Thomas Jefferson, 2025-04-29 A definitive new volume of the retirement papers of Thomas Jefferson The 533 documents in this volume include revealing material on Jefferson's health He is limited to a liquid diet for weeks due to an abscess under his jaw Although daily horseback rides take him 3 or 4 to 8 or 10 miles without fatigue he cannot walk further than my garden He has lost only one tooth due to age and is glad not to need teeth of porcelain Due to debility Jefferson's only serious occupation is the effort to open the University of Virginia Francis W Gilmer travels to Great Britain to recruit professors and buy a library and apparatus Jefferson is determined to hire only faculty of the first grade of science The Rotunda is still unfinished but fit for use until funds may occur to complete it Jefferson predicts that a plan to send freed African Americans to Africa will fail He observes that barbarism is in decline and will in time I trust disappear from the earth To another correspondent he defends the principles which have guided my public life but adds that when altered circumstances make changes of principle beneficial then let such changes take place and the means yield to the end The Papers of Thomas Jefferson, Volume 21 Thomas

Thomas Jefferson, 2018-06-05 In the twenty two months covered by this volume Jefferson spent most of his time at Monticello where in his short lived retirement from office he turned in earnest to the renovation of his residence and described himself as a monstrous farmer Yet he narrowly missed being elected George Washington's successor as president and took the oath of office as vice president in March 1797 In early summer he presided over the Senate after President John Adams summoned Congress to deal with the country's worsening relations with France As the key figure in the growing Republican quarter Jefferson collaborated with such allies as James Monroe and James Madison and drafted a petition to the Virginia House of Delegates upholding the right of representatives to communicate freely with their constituents The unauthorized

publication of a letter to Philip Mazzei in which Jefferson decried the former Samsons in the field and Solomons in the council who had been shorn by the harlot England made the vice president the uncomfortable target of intense partisan attention In addition Luther Martin publicly challenged Jefferson s treatment in Notes on Virginia of the famous oration of Logan Jefferson became president of the American Philosophical Society and presented a paper describing the fossilized remains of the megalonyx or great claw At Monticello he evaluated the merits of threshing machines corresponded with British agricultural authorities sought new crops for his rotation schemes manufactured nails and entertained family members and visitors

The Papers of Thomas Jefferson, Retirement Series, Volume 7 Thomas Jefferson, 2011-01-10 The 526 documents printed in this volume run from 28 November 1813 to 30 September 1814 During this period Jefferson reviews the extant sources on the 1765 Stamp Act crisis to aid William Wirt a Patrick Henry scholar records his largely positive impressions of George Washington and updates a reading list for law students that he had initially drawn up forty years earlier In the spring of 1814 Jefferson becomes a trustee of the Albemarle Academy the earliest direct ancestor of the University of Virginia He is soon actively involved in planning for its establishment helping to draft rules for governance of the academy s trustees and propose funding options and he lays out an expansive vision for its future as an institution of higher learning Jefferson also exchanges ideas on collegiate education with such respected scholars as Thomas Cooper and Jos Corr a da Serra Jefferson s wide ranging correspondence includes a temperate response to a lengthy letter from Miles King urging the retired president to reflect on his personal religion and a diplomatic but noncommittal reply to a proposal by Edward Coles that the author of the Declaration of Independence employ his prestige to help abolish slavery Having learned of the British destruction late in August 1814 of the public buildings in Washington Jefferson offers his massive book collection as a replacement for the Library of Congress The nucleus for one of the world s great public libraries is formed early in 1815 when the nation purchases Jefferson s 6 707 volumes Some images inside the book are unavailable due to digital copyright restrictions
