*Bizarre-Privileged Items in the Universe* Paul North, 2021-03-09 An imaginative new theory of likeness that ranges widely across history and subjects from physics and evolution to psychology language and art A butterfly is like another butterfly A butterfly is also like a leaf and at the same time like a paper airplane an owl s face a scholar flying from book to book The most disparate things approach one another in a butterfly the sort of dense nodule of likeness that Roger Caillois once proposed calling a bizarre privileged item In response critical theorist Paul North proposes a spiritual exercise imagine a universe made up solely of likenesses There are no things only traits acting according to the law of series here and there a thick overlap that appears bizarre Centuries of thought have fixated on the concept of difference This book offers a theory that begins from likeness where at any instant a vast array of series proliferates and remote regions come into contact *Bizarre Privileged Items in the Universe* follows likenesses as they traverse physics and the physical universe evolution and evolutionary theory psychology and the psyche sociality language and art Divergent sources from an eccentric history help give shape to a new trans science homeotics

**The Eleven Hour Fall: Complete Trilogy** Robert Appleton, 2012-05-29 A daring leap to avoid disaster finds a hidden world of adventure For survival For love On an unexplored alien planet With the man of her dreams unconscious in her arms terrain scout Kate Borrowdale must escape the treacherous peaks of Kratos and traverse a strange hidden world beneath the clouds Includes all three newly revised novellas in the trilogy *The Eleven Hour Fall* *The Elemental Crossing* and *Kate of Kratos*

**Research Papers Series ,** *Red Dwarf: Discovering the TV Series* Tom Salinsky, 2024-11-30 Explores the unique journey of the long running British sitcom detailing its creation cast changes and enduring legacy through critical analysis and behind the scenes insights *Red Dwarf* is virtually unique among British sitcoms It began in 1988 and was still releasing new episodes in 2020 making it one of the longest running sitcoms of all time but the core cast has remained largely unchanged And its science fiction flavor contrasts strongly with the drawing rooms and sofas which were the norm when it launched and the fast cut mockumentary style which is popular today And yet this is a show which nobody wanted to make and which only barely made it to our screens at all In this work Tom Salinsky will look at exactly how it came to be who was considered for the cast but didn t make it how it was radically reinvented for the third

sixth seventh ninth and tenth seasons how it survived the breakup of its key creative partnership the loss of the original spaceship models BBC strikes the departure of a major cast member and the seemingly self defeating rules which the writers imposed on themselves But this isn't just a behind the scenes account It's also a detailed critical analysis examining why the best episodes succeed and why the less impressive episodes struggle while also finding time to ask just how a hologram made of light can smell burning camphor wood why a creature evolved from a cat is familiar with Wilma Flintstone or just how long Lister and Kochanski were dating for How can all this possibly be contained in one book It can't Volume I will cover the first six series and Volume II will conclude the story of Red Dwarf on television as well as looking at the novels comic strips computer games and more

**Raw Outrage** Chris Robinson, 2025-11-03 Phil Mulloy is the punk bluesman of animation His films are raw minimalist and ferociously satirical short bursts of crude brilliance that confront the hypocrisies of religion nationalism masculinity and class with uncompromising rage If Disney represents the heart of animation then Mulloy is its bowels unafraid to reveal the grotesque underbelly of human nature With thick black lines stick figures and penis nosed characters Mulloy's deceptively primitive style delivers scathing critiques of modern society He broke onto the scene in the 1990s with the blistering *Cowboys* series followed by subversive classics like *The Sound of Music* and *The Ten Commandments* In the 2000s he pushed further with the sci-fi influenced trilogy *Intolerance* and the deeply polarizing yet groundbreaking feature and short series *The Christies* This book traces Mulloy's singular career his shocking early shorts experimental features and recent return with potent works like *Endgame* and *Once Upon a Time on Earth* Part biography part critical reflection and part personal journey *Raw Outrage* explores how Mulloy's work remains urgent in an age where animation often plays it safe Award winning writer Chris Robinson guides readers through Mulloy's world with his usual passion insight and irreverent humor What emerges is a portrait of an artist who refuses to be polite whose films challenge provoke and endure

*The Pharcyde's Bizarre Ride II the Pharcyde* Andrew Barker, 2017-05-04 As immediately believable as they were cartoonish as much an inner city cipher as a suburban boys gang the foursome that made up the Pharcyde were the most relatable MCs to ever pass the mic On their debut and magnum opus *Bizarre Ride II the Pharcyde* they created a record almost overstuffed with possibility the sound of four restless man children fresh out of their teens finding a perfect outlet in a form of music that was just as young and fertile And like the product of any adolescent *Bizarre Ride* wears its contrarianism and contradictions on its sleeve It's a party album about shyness and unrequited love A swirl of jubilant L.A. psychedelia recorded in the midst of the Rodney King trial A blast of black consciousness that still makes room to poke fun at Public Enemy and reference the Pixies A dense sophisticated sonic stew punctuated by yo mama jokes and prank calls While hip hop was already calcifying its tropes of steely machismo and aspirational fantasy *Bizarre Ride* was a pure distillation of the average hip hop listener's actual lifestyle the joys and sorrows of four guys who were young broke sexually frustrated and way too clever for their own good A touchstone for Kanye West Drake Lil B and a whole generation of off center MCs *Bizarre*

Ride sketched out a whole strata of emotions that other rappers hadn't yet dared to tackle and to a certain extent still haven't
