Dille,2013-09-30 The array of new technologies that came on the scene in the early 20th century resulted in widely varied new forms of military special operations once civilization embarked on its greatest war Suddenly fighting men could be delivered by parachute submarine glider jeeps and fast amphibious craft deep into enemy territory to perform special tasks yet others would continue to perform missions the same as their ancestors in previous wars on foot using stealth endurance and patience This work contains discussions of the employment of various special purpose special mission organizations during World War II These units operated in Allied and Axis countries and in various theaters of war including Europe North

Africa the Pacific Asia and the continental United States Representing every major combatant the operations include various kinds of raids intelligence gathering missions support to partisan guerrilla groups prisoner rescues direct action missions and at least two where the object was simply to steal something Some missions would have been officially denied if the operations had been caught in the act The book is divided into two sections Behind Enemy Lines and Behind Friendly Lines to demonstrate that special purpose organizations can be employed wherever needed even in areas controlled by military units of their own or allied countries Many of the units described run the gamut of special mission types from commando to parachute units reconnaissance to sabotage units and partisan training units as well as those with combined missions Many of the operations described in this book continue to serve as templates for modern Special Operations missions while still others the first attempts of their kind continue to serve as examples of what not to try under the circumstances Michael F Dilley served for 20 years in the U S Army s Military Intelligence branch After retiring from the Army the author served for about ten years as an employee of the Department of Defense then as a contractor for various U S Government agencies in several fields for 15 years Author of several books and many articles a number of these chapters are based on his previous writings for the legendary Behind the Lines magazine

[The First Bridge Too Far](#) Mark Saliger,2018-07-30 A vivid chronicle of the first battle between British and German paratroopers the unsung battle that prefigured the Battle of Arnhem From July 13 to 16 1943 British paratroopers fought for control of a strategically important bridge in Sicily Now the Battle of Primosole Bridge is brought to life in the first narrative solely dedicated to one of the bloodiest and hardest fought battles for British airborne troops of World War II The British paratroopers of the famed 1st Parachute Brigade known as the Red Devils fought their equally esteemed German paratrooper opponents known as the Green Devils during the Allies first invasion of Hitler s Fortress Europe The paratroopers found themselves cut off behind enemy lines with dwindling ammunition as they

faced ever growing enemy forces Yet they courageously maintained the fight until ground forces arrived to capture the bridge before it was destroyed The hard won experience of the 1st Parachute Brigade was then tested only a year later in an almost identical battle on a larger scale The Battle of Arnhem the battle christened a bridge too far While Arnhem is well documented the events at Primosole Bridge deserve to be told at last

A Military History of the Cold War, 1944-1962
Jonathan M. House, 2012-11-20 The Cold War did not culminate in World War III as so many in the 1950s and 1960s feared yet it spawned a host of military engagements that affected millions of lives This book is the first comprehensive multinational overview of military affairs during the early Cold War beginning with conflicts during World War II in Warsaw Athens and Saigon and ending with the Cuban Missile Crisis A major theme of this account is the relationship between government policy and military preparedness and strategy Author Jonathan M House tells of generals engaging in policy confrontations with their governments political leaders among them Anthony Eden Nikita Khrushchev and John F Kennedy many of whom made military decisions that hamstrung their own political goals In the pressure cooker atmosphere of atomic preparedness politicians as well as soldiers seemed instinctively to prefer military solutions to political problems And national security policies had military implications that took on a life of their own The invasion of South Korea convinced European policy makers that effective deterrence and containment required building up and maintaining credible forces Desire to strengthen the North Atlantic alliance militarily accelerated the rearmament of West Germany and the drive for its sovereignty In addition to examining the major confrontations nuclear and conventional between Washington Moscow and Beijing including the crises over Berlin and Formosa House traces often overlooked military operations against the insurgencies of the era such as French efforts in Indochina and Algeria and British struggles in Malaya Kenya Cyprus and Aden Now more than fifty years after the events House describes understanding the origins and trajectory of the Cold War is as important as ever By the late 1950s the United States had sent forces to Vietnam and the Middle East setting the stage for future conflicts in both regions House s account of the complex relationship between diplomacy and military action directly relates to the insurgencies counterinsurgencies and confrontations that now occupy our attention across the globe

India's Special Forces P C Katoch, Saikat Datta, 2013-05-01 Employment till now of our nascent Special Forces have been analyzed including whether our Special Forces have actually been employed or used as Special Forces or

primarily used in counter insurgency operations for which we have any number of other units available The book brings out whether a rare resource like Special Forces should or should not be employed for such missions that can be performed by a host of other groups In the backdrop of 21st Century threats what should be the Special Forces structure in India their concept of employment and doctrine These are the other questions this book has attempted to answer Contemporary history on trial Harriet Jones,Kjell Ostberg,Nico Randeraad,2024-07-30 Is it right for historians to serve as expert witnesses to past events Since the end of the Cold War a series of heated and politicised debates across Europe have questioned the truth about painful episodes in the twentieth century From the Holocaust to Srebrenica inquiries and fact finding commissions have become a common device employed by governments to deal with the pressure of public opinion State sponsored programmes of education and research attempt to encourage a common moral understanding of the lessons we learn from these painful memories Contemporary historians have increasingly been drawn into these efforts since 1989 in the courtroom in the media on commissions as advisers In a series of thoughtful essays written by leading historians from across Europe this volume considers the ethics and responsibilities that this new role entails For anyone concerned with the role of the historian in contemporary society and how we arrive at a public understanding of history this book is essential reading

The Rorke's Drift Commanders James W. Bancroft,2022-09-21 Lieutenant Gonville Bromhead and Lieutenant John Chard had fame thrust upon them as did the place known as Rorke s Drift which before 1879 was an unknown homestead situated in the middle of the South African veld Although both men came from families whose various members were highly distinguished for their military service and for their service to the church they became reluctant heroes after being awarded Britain s highest decoration for valor the Victoria Cross During the Anglo Zulu War in 1879 a British invasion force was massacred at iSandlwana after which a wing of the Zulu army about 3 000 strong attacked the outpost at Rorke s Drift Lieutenants Bromhead and Chard commanded the post and after supervising the construction of barricades they led their men in defensive actions throughout the night until the Zulus lost heart and returned to their kraals For their gallantry under most trying circumstances both Bromhead and Chard along with nine of their comrades were subsequently awarded the Victoria Cross In 1964 the defence of Rorke s Drift was brought back to public attention with the producing of the epic motion picture Zulu In this film Chard was portrayed by Sir Stanley Baker while Bromhead provided Sir Michael Caine with his first starring role Bromhead and Chard epitomised the way of life of Victorian officers with the exception that fate put them at Rorke s Drift They became major players in a battle which continues to excite interest and cause debate and is unlikely ever to be forgotten R.A.W.
