**Ἀπογραφὴ Στοργῆς, or, a description of the Passion of Love; demonstrating its original, causes, effects, signes, and remedies** William GREENWOOD (Philaethes.),1657      *Illustrations of the Passion of Love. vol. 1, 2* ,1827

*The Passion of Love in the Summa Theologiae of Thomas Aquinas* Daniel Joseph Gordon,2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers      **The Passion of Love & Revenge**

Sherrie Mischer,2024-06-26 Tristen Alexander is a rich and handsome young man who was conceived under unusual circumstances He has everything a young man could hope for everything except the one thing he longs for the most true love One day he meets the most beautiful woman he has ever seen Tristen will come to realize that she is the reason for his existence      *Illustrations of the Passion of Love* ,1829      **Melancholy; as it proceeds from the disposition and habit, the passion of love, and the influence of religion. Drawn chiefly from ... Burton's Anatomy of Melancholy, etc**

Robert BURTON (Author of "The Anatomy of Melancholy.".),1801      *The Passion of His Love* Sila Grimm,2022-03-29 This book is a collection of poems that stems from the deepest depths of God s love demonstrated at the cross Its views will give you a glimpse of God s creativity and passion for love and the assurance of his sacrifice and freedom to all mankind      **The Passion of Possibility** Ingolf U. Dalferth,2023-02-20 For Kierkegaard the most important thing in life is to become a single individual or a true self We are all born as human beings but this makes us only members of a crowd not true selves To become a true self we must transcend what we are at any given time and orient ourselves to the possible and to the actuality of the possible to which all that is possible owes itself True selves exist only in becoming they are fragile and that is their strength They are not grounded by their own activities but in a reality extra se the flip side of which is a deep passivity that underlies all their activity and allows them to continually leave themselves and move beyond their respective actualities

toward the new and the possible Therefore without the passion of possibility there is no truly single individual This study of Kierkegaard's post metaphysical theology outlines his existential phenomenology of the self by exploring in three parts what Kierkegaard has to say about the sense of self finitude uniqueness self interpretation and alienation about selfless passion anxiety trust hope and true love and about how to become a true self a Christian in Christendom and a neighbor of God's neighbors

accomplishment K vecses Zolt n E tv s Lor nd University Budapest Hungary Long considered a research purview of only a portion of the world s cultures we know today that love is universal albeit with many cultural differences in meaning form and expression Moreover love has a rich history of scholarship across multiple disciplines Within this backdrop Karandashev has compiled a remarkably comprehensive global review of how people experience and express their emotions in love Covering the topic from a truly international and interdisciplinary perspective this book is an indispensable source of knowledge about cultural and cross cultural studies conducted in recent decades and is a must read for anyone interested in the universal and culturally diverse aspects of love David Matsumoto San Francisco State University Director of SFSU s Culture and Emotion Research Laboratory **Dante and the Sciences of the Human** Matteo Pace, 2024-10-28 This edited collection explores Dante Alighieri s contribution to medical scientific and spiritual thought in medieval and early modern times The chapters address how Dante shaped an understanding of the human body and mind his relationship with medical and scientific thought in his literary and philosophical production and his legacy which continued into the following centuries Each chapter questions Dante s contribution to these issues from an interdisciplinary perspective thus putting medieval literatures in conversation with the history of medicine and science politics theology and philosophy Covering questions on the body soul matter politics and physics this valuable book presents an overview of Dante s relationship with medical thought and the medieval sciences *The Concept of Affectivity in Early Modern Philosophy* Ádám Smrcz, Maximilian Kiener, Jan Forsman, Hanna Vandenbussche, Davide Monaco, Filip Buyse, Keith Green, Brian Glenney, Christopher Davidson, Zsolt Bagi, Dávid Bartha, Dan O'Brien, Hans D. Muller, Csaba Olay, 2017-09-01 There is no need to argue for the relevance of affectivity in early modern philosophy When doing research and conceptualizing affectivity in this period we hope to attain a basic interpretive framework for philosophy in general one that is independent of and cutting across such unfruitful divisions as the time honored interpretive distinction between rationalists and empiricists which we consider untenable when applied to 17th century thinkers Our volume consists of papers based on the contributions to the First Budapest Seminar in Early Modern Philosophy held on 14 15 October 2016 at E tv s Lor nd University Budapest When composing this volume our aim was not to present a systematic survey of affectivity in early modern philosophy Rather our more modest goal was to foster collaboration among researchers working in different countries and different traditions Many of the papers published here are already in implicit or explicit dialogue with others We hope that they will generate more of an exchange of ideas in the broader field of early modern scholarship "The" Century Dictionary: The Century dictionary William Dwight Whitney, Benjamin Eli Smith, 1895 *The Century Dictionary and Cyclopedia* William Dwight Whitney, Benjamin Eli Smith, 1899 Reflections on Spiritual Subjects and on the Passion of Jesus Christ.
