Pioneering Theories in Nursing

Austyn Snowden, Allan Donnell, Tim Duffy, 2014-09-03 Pioneering Theories in Nursing traces the origins of nursing theories through their founders Unlike other nursing theory texts this book provides the personal story on some of the greatest nursing leaders clinicians and theorists to date so the reader can understand the context within which the nursing pioneer developed their theory It will attempt to explain the theories and practice of nursing and provide food for thought for students and practitioners encouraging reflective thinking Each section begins with an overview of the chapters and identifies common themes Designed to be highly user friendly each chapter follows a standard structure with a short biography a summary on their special interests and an outline of their writings before each theory is examined in detail The chapter then looks at instances of how this theory has been put into practice and what influence this process has had on the wider nursing community Further links to other theorists are provided as well as key dates in the life of the theorists and a brief profile

The Myth of the Shrinking State Baldev Raj Nayar, 2009-04-29 This study investigates the nature of the impact of globalization on the Indian state It takes as its point of departure the thesis set out in the introductory essay that globalization has resulted in the erosion of the economic and welfare roles of the state According to the author the shift to liberalization the resurgence of the private sector and the acceleration of growth rate paradoxically empowered and enabled

the state He argues that the examination of the quantitative data strongly points to the continued expansion of the economic and welfare roles of the state rather than decline Therefore the retrenchment of the state does not have much merit He emphasizes on the fundamental continuity in the key functions of the state He concludes by saying that the state is lagging behind in the areas of internal security education and health and makes suggestions for institutional reforms
