 the focus is on his masterpiece Lo cunto de li Cunti The volume examines Basile s work s debt to tradition and its influence
 on posterity while also studying the author s unique use of metaphors in the rich Neapolitan dialect As this study reveals
 metaphors in Lo cunto de li cunti are not used simply as a mean of embellishment rather they are employed as a way to
 inform the reader of the rich folkloric tradition of Naples during the baroque times as well as of Basile s discontent with the
 socio political situation of his times The use of metaphors is so pervasive that one could argue that the book is itself a

metaphor through which Basile conveys his ideals and his utopia of a liberated Naples and a more just society as well as the importance of the Neapolitan dialect and its linguistic registers Furthermore the book also proposes a new interpretation of the female characters of the tales and it instigates a discussion on gender roles in both modern and past societies A Cultural History of Fairy Tales in the Long Nineteenth Century Naomi J.
