The Performance Illusion:

The Performance Illusion Chap P. Clark, 2004-05-07 In *The Performance Illusion* Chap Clark exposes our desire for acceptance as the driving force that leads us to perform He takes an honest look at how performance theology affects our faith and our most precious relationships with our friends our spouse our children and our God Rather than settling for easy answers Chap challenges us to start from the ground up For only when we build our faith on the biblical foundation of God's love are we able to leave our patterns of performance behind

Folk Illusions K. Brandon Barker, Claiborne Rice, 2019-04-22 Wiggling a pencil so that it looks like it is made of rubber stealing your niece's nose and listening for the sounds of the ocean in a conch shell these are examples of folk illusions youthful play forms that trade on perceptual oddities In this groundbreaking study K Brandon Barker and Claiborne Rice argue that these easily overlooked instances of children's folklore offer an important avenue for studying perception and cognition in the contexts of social and embodied development Folk illusions are traditionalized verbal and or physical actions that are performed with the intention of creating a phantasm for one or more participants Using a cross disciplinary approach that combines the ethnographic methods of folklore with the empirical data of neuroscience cognitive science and psychology Barker and Rice catalogue over eighty discrete folk illusions while exploring the complexities of embodied perception Taken together as a genre of folklore folk illusions show that people starting from a young age possess an awareness of the illusory tendencies of perceptual processes as well as an awareness that the distinctions between illusion and reality are always communally formed

Brecht and the Art of Spectatorship Laura Bradley, 2025-07-04 Bertolt Brecht's epic theatre sought to change how spectators watched performances equipping them to critique and intervene in the world outside the theatre Taking its cue from his call for theatre to develop the art of spectatorship this major new study explores vision observation and spectatorship in twelve of his plays spanning his career It relates this analysis to Brecht's own formative experiences of spectatorship to his poems and theories and to productions directed by Brecht and his close collaborators Finally it investigates Brecht's attempts to transform the composition of the audience and cultivate critical spectatorship at the

Berliner Ensemble the theatre he founded with his wife the actor Helene Weigel in East Berlin after the Second World War Brecht's plays foreground scenarios in which watching matters as characters witness acts of injustice watch trials or punishments engage in surveillance or observe scientific experiments These instances of onstage spectatorship play a key role in Brecht's drive to transform the viewing practices of the theatre audience showing the audience what characters notice what they overlook and how they use or ignore the knowledge that they have gained through spectatorship Drawing on archival material and sources that have previously been rarely consulted Laura Bradley shows how Brecht and his close collaborators Erich Engel Benno Besson Peter Palitzsch and Manfred Wekwerth dealt with onstage spectatorship in performance presenting characters as observers and spectators from whom the theatre audience should learn By combining analysis of text performance and reception Brecht and the Art of Spectatorship provides rich insights into Brecht's plays rehearsal methods and stagings and the experiences of spectators at productions of his plays in the Weimar Republic in exile and in the GDR
