

The Perils Of Prosperity 1914 193

Thomas H. Keels

The Perils Of Prosperity 1914 193:

The Perils of Prosperity, 1914-1932 William E. Leuchtenburg, 1993-09-15 Traces the trnsformation of the United States from an agrarian isolationist nation into a liberal industrialized power entagled in foreign affairs in spite of itself

The Perils of Prosperity William E. Leuchtenburg, 2024-05-31 An orthodox and excellent interpretive history of the stirring years 1914 32 in the United States New York Times This book gives us a rare opportunity to enjoy the matured interpretation of an American Historian who has returned to the story and seen how recent decades have added meaning and vividness to this epoch of our history Daniel J Boorstin from the Preface Beginning with Woodrow Wilson and U S entry into World War I The Perils of Prosperity traces the transformation of the United States from an agrarian isolationist nation into a liberal industrialized power involved entangled in foreign affairs in spite of itself William E Leuchtenburg shows how the events of this period reflect the conflict between rural and urban attitudes that reached its crisis in the presidential campaign of 1928 and was finally resolved in the aftermath of the economic collapse in 1929 Leuchtenburg's lively yet balanced account of this hotly debated era in American history has been a standard text for many years In this substantial revision he gives greater weight to the roles of women and minorities in the great changes of the era and reevaluates the factors leading to US involvement in World War I as well as adding new insights on literature the arts and technology in daily life He also provides updated lists of important dates and sources for further reading The Perils of Prosperity, 1914-32 William Edward Leuchtenburg, 1958 This book traces the political economic social and cultural phenomena that transformed America from an agrarian primarily decentralized moralistic isolationist nation into an industrial urban morally liberalized nation involved in foreign affairs in spite of itself Beginning with Wilson and the entrance of the United States into World War I Mr Leuchtenburg covers the range of subsequent events the fight over the League of Nations the postwar Red scares and Palmer raids the politics and foreign policy of the Harding and Coolidge administrations the fate of progressivism in the twenties the revolution in morals the impact of the prosperity of the twenties on American character the political fundamentalism which resulted in immigration restriction the Scopes trial Prohibition and the Ku Klux Klan Hoover and the early years of the depression all reflecting the conflict between rural and urban attitudes that reached its crisis in the presidential campaign of 1928 and was finally settled as an aftermath of the collapse of 1929 Back cover THE PERILS OF PROSPERITY, 1914-32. BY WILLIAM E. LEUCHTENBURG. William E. Leuchtenburg, 1973 Sesqui! Thomas H. Keels, 2017-03-20 In 1916 Philadelphia department store magnate John Wanamaker launched plans for a Sesqui Centennial International Exposition in 1926 It would be a magnificent world's fair to celebrate the 150th anniversary of the Declaration of Independence The Sesqui would also transform sooty industrial Philadelphia into a beautiful Beaux Arts city However when the Sesqui opened on May 31 1926 in the remote muddy swamps of South Philadelphia the fair was unfinished with a few shabbily built and mostly empty structures Crowds stayed away in droves fewer than five million paying customers

attended costing the city millions of dollars Philadelphia became a national scandal a city so corrupt that one political boss could kidnap an entire world s fair In his fascinating history Sesqui noted historian Thomas Keels situates this ill fated celebration a personal boondoggle by the all powerful Congressman William S Vare against the transformations taking place in America during the 1920s Keels provides a comprehensive account of the Sesqui as a meeting ground for cultural changes sweeping the country women s and African American rights anti Semitism eugenics Prohibition and technological advances

Feeble-Minded in Our Midst Steven Noll, 2018-06-15 The problem of how to treat the mentally handicapped attracted much attention from American reformers in the first half of the twentieth century In this book Steven Noll traces the history and development of institutions for the feeble minded in the South between 1900 and 1940 He examines the influences of gender race and class in the institutionalization process and relates policies in the South to those in the North and Midwest regions that had established similar institutions much earlier At the center of the story is the debate between the humanitarians who advocated institutionalization as a way of protecting and ministering to the mentally deficient and public policy adherents who were primarily interested in controlling and isolating perceived deviants According to Noll these conflicting ideologies meant that most southern institutions were founded without a clear mission or an understanding of their relationship to southern society at large Noll creates a vivid portrait of life and work within institutions throughout the South and the impact of institutionalization on patients and their families He also examines the composition of the population labeled feeble minded and demonstrates a relationship between demographic variables and institutional placement including their effect on the determination of a patient's degree of disability Originally published in 1995 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value The Perils of Prosperity 1914-1932 William E. Leuchtenburg, 1960 The Perils of Prosperity, 1914-1932 William Edward Leuchtenburg, 1956

The Transformation of the American Democratic Republic Stephen M. Krason, 2017-09-08 In this stimulating volume Stephen M Krason considers whether the Founding Fathers vision of the American democratic republic has been transformed and if so in what ways He looks to the basic principles of the Founding Fathers then discusses the changes that resulted from evolving contemporary expectations about government Referencing philosophical principles and the work of great Western thinkers Krason then explores a variety of proposals that could forge a foundation for restoration Acknowledging that any attempt to revive the Founders views on a democratic republic must start in the public sphere Krason focuses on concerned citizens who are aware of the extent to which our current political structures deviate from the Founders vision and want to take action Ultimately a democratic republic can exist be sustained and flourish only when there is a deep commitment to it in the minds and norms of its people Written by a foremost authority in the field of US

Constitutional law this book will appeal to those interested in American history society and politics Meyer London Gordon J. Goldberg, 2013-01-30 Meyer London 1871 1926 a Russian Jewish immigrant settled in New York's Lower East Side in 1891 He became a lawyer labor activist founding member of the Socialist Party of America and a three term Congressman who advocated peaceful methods and refused to take rigid doctrinal positions Elected to Congress in 1914 as the lone Socialist he demonstrated political skill and courage London urged unemployment health and old age insurance and fought attempts to restrict immigration At the outbreak of World War I he urged strict neutrality but once the U S intervened London supported the war In 1918 a fusion candidate defeated London questioning his Americanism He returned to Congress in 1920 where in the face of the pro business Harding Administration he continued to fight for economic and social justice His untimely death in 1926 caused shock waves among his fellow Lower East Siders for whom the beloved London had become a folk hero This detailed political biography closely follows London's career the opposition he faced in politics and the principled if controversial stands he maintained throughout his life Hard Labor and Hard Time Vivien M.L. Miller, 2012-06-24 Hard Labor and Hard Time is a history of continuity and change in Florida's state prison system between 1910 and 1957 exploring conditions at the state prison farm at Raiford the third largest prison farm in the South at this time as well as in the chain gangs and road prisons Vivien Miller examines the experiences of the prisoners as well as the guards and other prison personnel in this comprehensive groundbreaking study She demonstrates that despite progressive changes in the treatment of inmates better diet better structuring of work and leisure activities better medical provision and the like these improvements were matched by continued brutality and mistreatment unequal or discriminatory treatment according to race and or gender and neglect Prologue ,1977 **Structures of the Jazz Age** Chip Rhodes, 1998 Rhodes grants the truth of appearances to the clich's of the Jazz Age the lost generation of writers the era of mass consumption and the silver screen while revealing their roots in a conservative ideology which sustained Republican rule The Wilsonian Impulse Mary N. Hampton, 1996-07-11 Mary Hampton argues that a set of ideas that influenced American policymakers in the postwar era help explain the unique evolution of the Western Alliance and Germany's rapid unification in 1990 These ideas called the Wilsonian impulse derived from the historical lessons concerning World War I and the interwar years learned by prominent American policymakers The most important lesson was that a trans Atlantic community of nations must be built that included a democratic and equal Germany West German leaders were persistent in appealing to the Wilsonian impulse to promote their national interests In particular Bonn was able to ensure over time Washington's pledge to aid in the peaceful unification of Germany The success of that policy became evident in 1990 Recent works in international relations theory have explored the impact of ideas on international institutions and on the foreign policymaking process This study contributes to that literature by examining the role ideas have had on the evolution of Western relations in the postwar era Hampton focuses on the cluster of ideas she calls the Wilsonian impulse Derived from the historical lessons drawn from World War I and the

interwar years these distinctly Wilsonian ideas largely constructed the beliefs that American foreign policymakers held about trans Atlantic relations in the immediate postwar period Central was the belief that the European balance of power system must be superceded by a Western community of nations wherein a democratic Germany would be included on an equal basis Hampton examines how the influence of the Wilsonian impulse permitted West German leaders to gain rapid entrance into the Western Alliance on favorable terms More importantly the U S led the West in sharing responsibility for the eventual unification of Germany as part of the Allied pledge of support for Bonn The peaceful unification of Germany in 1990 brought to fruition the future envisioned by the Wilsonian impulse This book will be of interest to scholars and researchers of 20th century American foreign policy and modern German history **Bureaucracy and Professionalism** Jeffrey Glanz, 1991 This work explains the rise and evolution of an occupational group in its efforts to professionalize and offers an interpretive analysis of the factors that have historically shaped and influenced public school supervision W.E.B. Du Bois David Levering Lewis, 2009-08-04 The two time Pulitzer Prize winning biography of W E B Du Bois from renowned scholar David Levering Lewis now in one condensed and updated volume William Edward Burghardt Du Bois the premier architect of the civil rights movement in America was a towering and controversial personality a fiercely proud individual blessed with the language of the poet and the impatience of the agitator Now David Levering Lewis has carved one volume out of his superlative two volume biography of this monumental figure that set the standard for historical scholarship on this era In his magisterial prose Lewis chronicles Du Bois s long and storied career detailing the momentous contributions to our national character that still echo today W E B Du Bois is a 1993 and 2000 National Book Award Finalist for Nonfiction and the winner of the 1994 and 2001 Pulitzer Prize for Biography *Taming the Street* Diana B. Henriques, 2023-09-12 The extraordinary New York Times Book Review Editors Choice story of FDR's fight for the soul of American capitalism from award winning journalist Diana B Henriques author of The Wizard of Lies Bernie Madoff and the Death of Trust I thought I was well versed in the New Deal but it turns out I knew next to nothing Diana Henriques's chronicle is meticulous illuminating and riveting Kurt Andersen New York Times bestselling author of Evil Geniuses and Fantasyland WINNER OF THE SABEW BEST IN BUSINESS BOOK AWARD A BLOOMBERG BEST BOOK OF THE YEAR Taming the Street describes how President Franklin D Roosevelt battled to regulate Wall Street in the wake of the 1929 stock market crash and the ensuing Great Depression With deep reporting and vivid storytelling Diana B Henriques takes readers back to a time when America's financial landscape was a jungle ruled by the titans of vast wealth largely unrestrained by government Roosevelt ran for office in 1932 vowing to curb that ruthless capitalism and make the world of finance safer for ordinary savers and investors His deeply personal campaign to tame the Street is one of the great untold dramas in American history Success in this political struggle was far from certain for FDR and his New Deal allies who included the political dynasty builder Joseph P Kennedy and the future Supreme Court justice William O Douglas Wall Street s old guard led by New York Stock Exchange president Richard Whitney fought

every new rule to the last legal ditch That clash between two sharply different visions of financial power and federal responsibility has shaped how other people s money is managed in the United States to this day As inequality once again reaches Jazz Age levels Henriques brings to life a time when the system worked an idealistic moment when ordinary Americans knew what had to be done and supported leaders who could do it A vital history and a riveting true life thriller Taming the Street raises an urgent and troubling question What does capitalism owe to the common good Goes Shopping David Desser, Garth Jowett, 2000 Aggressive product placement and retail tie ins are as much a part of moviemaking today as high concept scripts and computer generated special effects but this phenomenon is hardly recent Since the silent era Hollywood studios have proved remarkably adept at advertising both their own products and a bewildering variety of consumer commodities successfully promoting the idea of consumption itself Hollywood Goes Shopping brings together leading film studies scholars to explore the complex and sometimes contradictory relationship between American cinema and consumer culture providing an innovative reading of both film history and the evolution of consumerism in the twentieth century **Paint by Number** William L. Bird,2001-03 The how to craze that swept the nation Cover subtitle A Mirror for History Marc Egnal, 2024-05-07 In this book Marc Egnal argues that the arc of middle class culture reflects the evolution of the economy from the near subsistence agriculture of the 1750s to the extraordinarily unequal society of the twenty first century By using literature and art to explain the shifts in values over this lengthy span and highlighting class conflict within the American economy over time Egnal offers particularly unique insights into the development of middle class America By delving into a myriad of fictional characters and their complex worlds Egnal sheds light on an array of issues including the shifting roles of women in society the resulting changes in masculinity waning religious beliefs through the centuries and a broad exploration of African American characters
