

The Outer Limits The Invisibles

David J Weiner, Thomson Gale

The Outer Limits The Invisibles:

The Outer Limits ,1963 **The Outer Limits** Joanne Morreale,2022-04-05 Provides a history and criticism of an important disrupting force in early science fiction television programming In this TV Milestone author Joanne Morreale highlights the differences of *The Outer Limits* ABC 1963-65 from typical programs on the air in the 1960s Morreale argues that the show provides insight into changes in the television industry as writers turned to genre fiction in this case a hybrid of science fiction and horror to provide veiled social commentary The show illustrates the tension between networks who wanted mainstream entertainment and the independent writer producers Leslie Stevens and Joseph Stefano who wanted to use the medium to challenge viewers In five chapters *The Outer Limits* makes a case for the show's deployment of gothic melodrama and science fiction tropes unique televisual characteristics and creative adaptation of many cultural sources to interrogate the relationship between humans and technology in a way that continues to influence contemporary debate in such shows as *Star Trek* *The X-Files* and *Black Mirror* Underlying the arguments is the eerie notion of *The Outer Limits* as a disruptive force on television at the time purposely making audiences uncomfortable For example in its iconic opening credit sequence a disembodied Control Voice claims to be taking over the television as images mimic signal interference Other themes convey Cold War paranoia ambivalence about the Kennedy era New Frontier and anxiety about the burgeoning military industrial governmental complex The book points out that *The Outer Limits* presaged what came to be known as quality television While most episodes followed the lowbrow tradition of televised science fiction by adapting previously published stories and films the series elevated the genre by rearticulating it through themes and images drawn from myth literature and the art film *The Outer Limits* is lucid yet accessible well researched and argued with enlightening discussions of specific episodes even as it gives attention to broader television history and theory It will be of special interest to scholars and students of television and media studies as well as fans of science fiction **1999: A Space Odyssey** John K Balor,2018-08-03 Part of the premise of the online discussion transcribed in this book is how Gerry Anderson's television series *Space: 1999* can be understood in relation to Stanley Kubrick's 2001 *A Space Odyssey* by looking at both narratives through the perspective of systems theory As a result of doing so an engaged debate concerned with the political and philosophical subtext of both stories developed This book gives a full account of the debate with summaries of ideas and insights The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e-book version can be downloaded at www.lulu.com **Bowker's Complete Video Directory, 1999** ,1999 *Hogan's Heroes* Brenda Scott Royce,2013-12-10 An insider's look at the surprisingly successful perennially popular classic 1960s sitcom set in a prisoner of war camp in World War II Germany If your fondest TV memories involve the POWs of Stalag 13 cleverly outwitting their captors Schultz stammering I know nothing and Hochstetter threatening to send everyone to the Russian front then this is the book for you This fun and informative book takes you behind the scenes of the classic 1960s

sitcom to reveal the story behind the creation production and eventual cancellation of the series the controversy surrounding the show s unlikely premise interviews with many of the show s stars and crew biographies of the stars and supporting actors a detailed guide to each of the 168 episodes a guide to collecting Hogan s memorabilia and more Hogan s Heroes is more popular now than ever before especially in Germany where it has become a surprising cult hit In this book most of the show s stars and behind the scenes personnel share their memories and reflect on the series enduring popularity **Revenge of**

the Movie Monster Models Mark C. Glassy,2024-05-07 Science fiction and fantasy movies of the 20th century feature many iconic figures and monsters and the ability to create and own many of them in the form of models provides fans with an opportunity to mingle amongst the greats and not so greats This book is a collection of figures and dioramas of monsters from both science fiction and fantasy films Models are presented in chronological order decade by decade starting with films in the silent era and running through the end of the century The building and painting of the figures and dioramas of various scenes from these films some more accurately than others provides an opportunity to preserve key moments in these movies

Irwin Allen Television Productions, 1964-1970 Jon Abbott,2015-06-14 Before establishing himself as the master of disaster with the 1970s films *The Poseidon Adventure* and *The Towering Inferno* Irwin Allen created four of television s most exciting and enduring science fiction series *Voyage to the Bottom of the Sea* *Lost in Space* *The Time Tunnel* and *Land of the Giants* These 1960s series were full of Allen s favorite tricks techniques and characteristic touches and influenced other productions from the original *Star Trek* forward Every science fiction show owes something to Allen yet none has equaled his series pace excitement or originality This detailed examination and documentation of the premise and origin of the four shows offers an objective evaluation of every episode and demonstrates that when Irwin Allen s television episodes were good they were great and when they were bad they were still terrific fun *Gender in Science Fiction Films, 1964-1979*

Bonnie Noonan,2015-06-08 The 1950s era of science fiction film effectively ended when space flight became a reality with the first manned orbit of Earth in 1962 As the genre s wildly speculative depictions of science and technology gave way to more reality based representations relations between male and female characters reflected the changing political and social climates of the era Drawing on critical analyses film reviews and cultural commentaries this book examines the development of science fiction film and its representations of gender from the groundbreaking films of 1968 including *2001 A Space Odyssey* *Barbarella* and *Planet of the Apes* through its often overlooked Middle Period which includes such films as *Colossus* *The Forbin Project* *1970 The Stepford Wives* *1975 and A Boy and His Dog* *1975* The author examines intersections of gender and race in *The Omega Man* *1971* and *Frogs* *1972* gender and dystopia in *Soylent Green* *1973* and *Logan s Run* *1976* and gender and computers in *Demon Seed* *1977* The big budget films of the late 1970s *Close Encounters of the Third Kind* *Alien* and *Star Wars* are also discussed MGM Steven Bingen,Stephen X Sylvester,Michael Troyan,2011-02-25 M G M Hollywood

s Greatest Backlot is the illustrated history of the soundstages and outdoor sets where Metro Goldwyn Mayer produced many

of the world's most famous films. During its Golden Age, the studio employed the likes of Garbo, Astaire, and Gable and produced innumerable iconic pieces of cinema such as *The Wizard of Oz*, *Singin' in the Rain*, and *Ben-Hur*. It is estimated that a fifth of all films made in the United States prior to the 1970s were shot at MGM studios, meaning that the gigantic property was responsible for hundreds of iconic sets and stages, often utilizing and transforming minimal spaces and previously used props to create some of the most recognizable and identifiable landscapes of modern movie culture. All of this happened behind closed doors, the backlot shut off from the public in a veil of secrecy and movie magic. *MGM Hollywood's Greatest Backlot* highlights this fascinating film treasure by recounting the history, popularity, and success of the MGM company through a tour of its physical property. Featuring the candid, exclusive voices and photographs from the people who worked there and including hundreds of rare and unpublished photographs, including many from the archives of Warner Bros. readers, are launched aboard a fun and entertaining virtual tour of Hollywood's most famous and mysterious motion picture studio.

[Obituaries in the Performing Arts, 2017](#) Harris M. Lentz III, 2018-05-03. The entertainment world lost many notable talents in 2017, including iconic character actor Harry Dean Stanton, comedians Jerry Lewis and Dick Gregory, country singer Glen Campbell, playwright Sam Shepard, and actor-singer Jim Nabors. Obituaries of actors, filmmakers, musicians, producers, dancers, composers, writers, animals, and others associated with the performing arts who died in 2017 are included. Date, place, and cause of death are provided for each, along with a career recap and a photograph. Filmographies are given for film and television performers. **Comic Drunks, Crazy Cults, and Lovable Monsters** David Scott Diffrient, 2022-12-01.

Contradictory to its core, the sitcom, an ostensibly conservative, tranquilizing genre, has a long track record in the United States of tackling controversial subjects with a fearlessness not often found in other types of programming. But the sitcom also conceals as much as it reveals, masking the rationale for socially deviant or deleterious behavior behind figures of ridicule whose motives are rarely disclosed fully over the course of a thirty-minute episode. Examining a broad range of network and cable TV shows across the history of the medium, from classic working-class comedies such as *The Honeymooners*, *All in the Family*, and *Roseanne* to several contemporary cult series, animated programs, and online hits that have yet to attract much scholarly attention, this book explores the ways in which social imaginaries related to bad behavior have been humorously exploited over the years. The repeated appearance of socially wayward figures on the small screen, from raging alcoholics to brainwashed cult members to actual monsters who are merely exaggerated versions of our own inner demons, has the dual effect of reducing complex individuals to recognizable types while neutralizing the presumed threats that they pose. Such representations not only provide strangely comforting reminders that badness is a cultural construct but also prompt audiences to reflect on their own unspoken proclivities for antisocial behavior, if only in passing.

Video Hound's Golden Movie Retriever, 1991 David J. Weiner, Thomson Gale, 1991. **Strange Incursions** Stephen Hunt, 2020-11-01. Are aliens visiting Earth right now, even as you're reading this? For a long time, best-selling science fiction

author Stephen Hunt believed as you might do that UFOs and the chance extraterrestrials are presently calling on Earth was a load of let s keep this family friendly complete old nonsense What was it that changed his mind Interestingly not his encounter with an alien probe in 2001 He wrote that off as a council pollution monitoring drone even though the first commercial drone wasn t used until 2006 No it was the New York Times s article revealing that the Pentagon had been running and denying the existence of a top secret alien hunting program so covert it had to change the word UFO to UAP just to escape the stigma created by the CIA around the term This feature came with confirmed videos of the latest U S navy fighter jets being made to look like paper planes by anti gravity effect vehicles Craft racing at mind boggling speeds that would turn human pilots into meat paste Since then Stephen has been exploring deep down this rabbit hole Now in his very first non fiction book he brings you the results of his strange voyage of exploration seeking the answers to such eye opening questions as Has the U S government a lost its mind or b are they really trying to back engineer crashed alien craft wreckage What is the connection between UFOs UAPs and high strangeness portals ghosts Bigfoot Given there are between 100 and 400 billion star systems in our Milky Way Galaxy where the heck is everyone else Is humanity truly that unique The only machine using species What does the U S government know that we don t Are UFO witnesses and whistle blowers influenced by popular science fiction entertainment or are our media companies dropping approved UFO alien bread crumbs Is this new wave of official U S sanctioned UFO openness a prelude to something shocking coming our planet s way Revelations so improbable they ll change humanity forever Stephen Hunt examines this fascinating and astonishing universe through the eyes of a science fiction author drawing the parallels between our sci fictions and what just might be a bizarre classified reality of actual alien derived sci facts

[UFO FAQ](#) David J. Hogan,2016-09-01 Since the famed Kenneth Arnold flying saucer sighting of 1947 the world has been fascinated and unnerved by these mysterious objects in the sky Millennia of recorded human history report UFOs and everything from the extinction of dinosaurs to the origins of humankind have been attributed to them but what exactly are UFOs Featuring material from a treasure trove of UFO Project Blue Book archives declassified in 2015 UFO FAQ is an all inclusive guide to UFO lore hard science and hoaxes sightings and abductions noted UFO proponents and skeptics and sanctioned research and purported government cover ups Readers will meet cultists and explore worldwide UFO hot spots They ll learn about UFOs in World War II the Cold War and the age of terrorism And they ll zip along with UFOs in movies comics TV and other popular media Also featured are an international UFO timeline and a valuable UFO checklist that includes step by step suggestions on how to prepare and make the most of your UFO sightings while ensuring your credibility Dramatically illustrated with nearly 100 photographs and drawings UFO FAQ combines historical accuracy provocative speculation and compulsive readability in one handy volume

The Stuff of Science Fiction Gary Westfahl,2022-10-07 While students and general readers typically cannot relate to esoteric definitions of science fiction they readily understand the genre as a literature that characteristically deals with subjects such as new

inventions space robot and aliens This book looks at science fiction in precisely this manner with twenty one chapters that each deal with a subject that is repeatedly addressed in science fiction of recent centuries Based on a packet of original essays that the author assembled for his classes the book could serve as a supplemental textbook in science fiction classes but also contains material of interest to science fiction scholars and others devoted to the genre In some cases chapters offer thorough surveys of numerous works involving certain subjects such as imagined vehicles journeys beneath the Earth and undersea adventures discovering intriguing patterns in the ways that various writers developed their ideas When comprehensive coverage of ubiquitous topics such as robots aliens and the planet Mars is impossible chapters focus on major themes referencing selected texts A conclusion discusses other science fiction subjects that were omitted for various reasons and a bibliography lists additional resources for the study of science fiction in general and the topics of each chapter

Science Fiction, Horror and Fantasy Film and Television Credits: sec. I. Actors and actresses; sec. II. Directors, producers, screenwriters, et al Harris M Lentz,1983 The Paranormal and the Paranoid Aaron Gulyas,2015-06-11 Toward the end of the twentieth century science fiction television took a dark turn Series like The X Files Millennium and Dark Skies wove menacing technologies paranormal forces and shadowy government agencies into complex tales of corruption and cover ups Mind control alien abductions secret government laboratories and implacable men in black moved from the fringes to the mainstream of American culture making weekly appearances in living rooms everywhere Other series that played on fears of new technologies such as virtual reality set the stage for unfamiliar kinds of exploitation while Dark Angel offered glimpses of a near future wasteland devastated by a technological catastrophe In The Paranormal and the Paranoid Conspiratorial Science Fiction Television Aaron John Gulyas explores the themes that permeated and defined science fiction television at the turn of the millennium The author traces the roots of this phenomenon in an earlier generation of series including The Invaders Kolchak The Night Stalker and Project U F O and examines how changes in the cultural landscape led to the proliferation of these types of shows This book delves into the internal mythology of shows like The X Files resurrects now forgotten series like Wild Palms and VR 5 and provides an important glimpse into American culture at the close of the twentieth century While exploring the pervasive grimness of these shows Gulyas also examines how they offer hope in the form of heroes like agents Scully and Mulder who relentlessly dug through the tissue of lies and distortions to find and expose the truth The Paranormal and the Paranoid will appeal to scholars of media studies sociology and science fiction not to mention fans of these programs and even conspiracy theorists Beyond Systemic Discrimination Päivi Gynther,2007 This book presents an analysis of international law in support of educationally disadvantaged young people and adults Focusing on Roma it introduces a scheme for identifying situations where they become subjected to discrimination by state parties to relevant international standards **Divine Rite of Kings** Clyde R. Forsberg Jr.,2016-02-29 Divine Rite of Kings Land Race Same Sex and Empire in Mormonism and the Esoteric Tradition is a social historical political analysis of the

religion of the Latter day Saints as deeply indebted to a variety of esoteric systems of belief It argues that the present campaign against gay marriage and other homophobic policies of the American religion targeting the LGBTQ community and indeed children of same sex parents are connected to erstwhile racial doctrines and practices which excluded persons from full fellowship on the basis of race alone Africans the supposed offspring of Cain and Canaan and thus cursed Narrow heterosexual notions of sexual purity merely replaced Anglo Saxon supremacist notions of racial purity in the imperial and the millennial understanding of Mormonism The new heterosexism this book suggests can be viewed as a form of boundary maintenance better suited to an emergent international church and world religion ironically which continues to make inroads in parts of Asia where its social conservatism and indeed virulent attacks against the gay and lesbian lifestyle continue to attract followers [Focus On: 100 Most Popular American Game Show Hosts](#) Wikipedia contributors,
