Twenty-First Century World Order and the Asia Pacific J. Hsiung, 2001-08-10 After examining the global system's political volatility at the dawn of the new millennium the book looks at how some of the identifiable system wide trends e.g. globalization democratization fragmentation etc may find repercussions in the Asia Pacific The book also addresses the question of comprehensive security in comparison with other regions in a wide range of areas subsuming economic security geoeconomics environmental security ecopolitics and human security In addition the book recognizes the

idiosyncrasies of the region such as the defensiveness of most Asian governments toward the protection of their financial markets against external forces following the regional financial crisis of the late 1990s **Japan's Growing Predominance Over East Asia and the World Economy** William R. Nester,1989-10-19 In 40 years Japan has developed from a war devastated and poverty stricken country into the second largest economy in the world This book analyzes how Japan attained its current financial and technological status and argues that Japan's supremacy over world economies will expand further

Marxist Perspectives on South Korea in the Global Economy Martin Hart-Landsberg,Seongjin Jeong,Westra Richard,2017-03-02 This volume brings together work by international scholars to provide a unique analysis of the past present and possible future trajectory of Korea's political economy from a distinctly Marxist perspective The volume differentiates the Marxian approach to the political economy of Korean development from the Keynesian social democratic approach that currently dominates the critical literature In doing so the volume provides a unique view of the development of the South Korean Economy *Economic Development in China, India and East Asia* Kartik Chandra Roy,Hans-Christer Blomqvist,Cal Clark,2012-01-01 This is an unusually rich and comprehensive comparative analysis of industrialisation and development in Asia Drawing on the diverse experiences of Malaysia Singapore China India and more Roy Blomqvist and Clark skilfully tease out the common institutional threads and the subtle differences in their developmental trajectories An essential reading for all those interested in the lessons from Asian development Jude Howell London School of Economics UK This is a thorough and comprehensive study both in terms of country coverage and in depth analysis covering the economic development of all the major economies in the Asian continent namely China India Japan South Korea Taiwan Malaysia and Singapore Before embarking on analyses of different aspects of economic growth and development of these countries the authors present a thought provoking analysis of how institutional factors such as geography history of religion culture and political governance have been deeply interwoven with development dynamics to shape the growth and development trajectory that each country has subsequently followed Each country's development path consequently appeared almost be pre determined Japan's role as the lead country in technology transfer under the flying geese pattern of development is discussed however the emphasis has shifted of late to China India Korea Malaysia and Singapore the authors also propose that instead of discussing the failure of India to catch up with China in growth and development outcomes economists should be commenting on whether China bestowed with India's highly decentralized democratic governance structure and institutional rigidities would have been able to achieve the same results as that of India Only then will a true understanding and appreciation of India's achievements in economic growth and development emerge *Economic Development in China India and East Asia* will be warmly welcomed and appreciated by academics and researchers of international and development economics as well as Asian development and economics Policy makers and those involved in NGOs in the development and aid arenas will also find this of great interest **Economic Development in East and Southeast Asia**

Seiji Naya, Akira Takayama, 1990 This volume reflects the wide range of development issues and problems of the economies of East and Southeast Asia whose dynamic performances have caught the attention of many around the world It also serves to honour Professor Shinichi Ichimura for his dedication and many contributions to creating a better understanding of the development issues faced by the countries in the region Both the editors and all of the contributors in this book have worked with Professor Ichimura at one time or another

Western Europe and Southeast Asia Giuseppe Schiavone, 2016-01-06 The European Community and the Association of Southeast Asian Nations functions and powers have established a formal relationship which could provide a valuable model for interregional cooperation between industrialized and developing countries now that repeated efforts to launch global North South negotiations have come a dead end The proceedings of a conference convened to discuss opportunities for and obstacles to a closer relationship between the two groups are presented here

The Political Economy of International Relations Robert G. Gilpin, 2016-03-30 After the end of World War II the United States by far the dominant economic and military power at that time joined with the surviving capitalist democracies to create an unprecedented institutional framework By the 1980s many contended that these institutions the General Agreement on Tariffs and Trade now the World Trade Organization the World Bank and the International Monetary Fund were threatened by growing economic nationalism in the United States as demonstrated by increased trade protection and growing budget deficits In this book Robert Gilpin argues that American power had been essential for establishing these institutions and waning American support threatened the basis of postwar cooperation and the great prosperity of the period For Gilpin a great power such as the United States is essential to fostering international cooperation Exploring the relationship between politics and economics first highlighted by Adam Smith Karl Marx and other thinkers of the eighteenth and nineteenth centuries Gilpin demonstrated the close ties between politics and economics in international relations outlining the key role played by the creative use of power in the support of an institutional framework that created a world economy Gilpin's exposition of the influence of politics on the international economy was a model of clarity making the book the centerpiece of many courses in international political economy At the beginning of the twenty first century when American support for international cooperation is once again in question Gilpin's warnings about the risks of American unilateralism sound ever clearer

American Power, the New World Order and the Japanese Challenge W. Nester, 1992-12-18 This book analyzes US Japan relations amidst the changing nature of power and international relations Chapters explore the relative successes and shortcomings of American liberalism and Japanese Neomercantilism the bilateral trade duels over finance high technology agriculture and other industries and the costs and

benefits of foreign investment and military spending The book concludes with suggestions for a systemic and radical overhaul of American policies toward itself the global economy and Japan Economic Growth in Developing Countries M.L. Lakhera,2016-01-28 Economic growth across countries during the last 30 years or so has displayed dual divergence between developed and developing countries and among developing countries The structural transformation has been either slow or of an anomalous nature The study addresses these and suggests how they can catch up with developed world New Directions in Development Economics Mats Lundahl,Benno Ndulu,2005-08-10 New Directions in Development Economics is divided into two parts The first half considers the dilemma of growth with special reference to its environmental cost The second half focuses on the role of the state in the context of the growing dominance of the free market argument The contributors include Paul Collier Partha Dasgupta Ronald Findlay and Deepak Lal **Trade, Industrial Restructuring and Development in Hong Kong** Ho Yin-Ping,2016-07-27 Focusing on trade in manufactures industrial restructuring and economic development and enforced by a rich source of data this book offers an in depth examination of the evolution and characteristics of Hong Kong s postwar economy The book presents an historical and comparative perspective and analyses the symbiotic connection with South China in the light of China s open door policy since late 1970s as well providing a thoughtful assessment of its current turning point **What Is In A Rim?** Arif Dirlik,2021-11-28 In this volume scholars question the current euphoria over the rapid growth of the Pacific rim as an economic region and as a political ideal They suggest that much of the discourse on the region is highly ideological focusing on its potential for capitalist development while ignoring the limitations of such development its human costs and consequences This critique of the idea of a Pacific rim also seeks to redress the balance by focusing on the region in terms of human interactions
