**Confederate Emancipation** Bruce Levine,2006 Levine sheds light on such hot button topics as what the Confederacy was fighting for whether black southerners were willing to fight in large numbers in defense of the South and what this episode foretold about life and politics in the post war South

**Civil War Logistics** Earl J. Hess,2017-09-18 Though the efficient movement of men supplies and equipment was a fundamental component of the civil war Earl J Hess s Civil War Logistics is the first comprehensive study of the logistical systems that allowed the Union and Confederate armies to wage war According to Hess the Federal logistical effort was far more successful than the Confederate attempt to move and supply southern armies This was due mainly to limited resources in the South but also to the North s administrative management and a willingness to seize transportation resources when it needed them Hess concludes that the logistical superiority of the northern forces laid a vital foundation for Union victory in the Civil War

**The 'Colored Hero' of Harper's Ferry** Steven Luby,2015-08-27 On the night of Sunday October 16 1859 hoping to bring about the eventual end of slavery radical abolitionist John Brown launched an armed attack at Harpers Ferry Virginia Among his troops there were only five black men who have largely been treated as little more than spear carriers by Brown s many biographers and other historians of the antebellum era This book brings one such man John Anthony Copeland directly to center stage Copeland played a leading role in the momentous Oberlin slave rescue and he successfully escorted a fugitive to Canada making him an ideal recruit for Brown s invasion of Virginia He fought bravely at Harpers Ferry only to be captured and charged with murder and treason With his trademark lively prose and compelling narrative style Steven Luby paints a vivid portrait of this young black man who gave his life for freedom

Agriculture and the Confederacy R. Douglas Hurt,2015-03-02 In this comprehensive history R Douglas Hurt traces the decline and fall of agriculture in the Confederate States of America The backbone of the southern economy agriculture was a source of power that southerners believed would ensure their independence But season by season and year by year Hurt convincingly shows how the disintegration of southern agriculture led to the decline of the Confederacy s military economic and political power

He examines regional variations in the Eastern and Western Confederacy linking the fates of individual crops and different modes of farming and planting to the wider story After a dismal harvest in late 1864 southerners faced with hunger and privation throughout the region ransacked farms in the Shenandoah Valley and pillaged plantations in the Carolinas and the Mississippi Delta they finally realized that their agricultural power and their government itself had failed Hurt shows how this ultimate lost harvest had repercussions that lasted well beyond the end of the Civil War Assessing agriculture in its economic political social and environmental contexts Hurt sheds new light on the fate of the Confederacy from the optimism of secession to the reality of collapse The Papers of Thomas Ruffin; Collected and Edited by J.G. **Confederacies** James J. Broomall, 2019-01-10 How did the Civil War emancipation and Reconstruction shape the masculinity of white Confederate veterans As James J Broomall shows the crisis of the war forced a reconfiguration of the emotional worlds of the men who took up arms for the South Raised in an antebellum culture that demanded restraint and shaped white men to embrace self reliant masculinity Confederate soldiers lived and fought within military units where they experienced the traumatic strain of combat and its privations together all the while being separated from suffering families Military service provoked changes that escalated with the end of slavery and the Confederacy's military defeat Returning to civilian life Southern veterans questioned themselves as never before sometimes suffering from terrible self doubt Drawing on personal letters and diaries Broomall argues that the crisis of defeat ultimately necessitated new forms of expression between veterans and among men and women On the one hand war led men to express levels of emotionality and vulnerability previously assumed the domain of women On the other hand these men also embraced a virulent martial masculinity that they wielded during Reconstruction and beyond to suppress freed peoples and restore white rule through paramilitary organizations and the Ku Klux Klan The Papers of Thomas Ruffin Thomas Ruffin, 1918 **PAPERS OF**

**THOMAS RUFFIN,** THOMAS RUFFIN DE ROULHAC. HAMILTON, 2018 The American Historical Review John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1919 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research **Iron Confederacies** Scott Reynolds Nelson, 2005-10-12 During Reconstruction an alliance of southern planters and northern capitalists rebuilt the southern railway system using remnants of the Confederate railroads

that had been built and destroyed during the Civil War In the process of linking Virginia the Carolinas and Georgia by rail this alliance created one of the largest corporations in the world engendered bitter political struggles and transformed the South in lasting ways says Scott Nelson Iron Confederacies uses the history of southern railways to explore linkages among the themes of states rights racial violence labor strife and big business in the nineteenth century South By 1868 Ku Klux Klan leaders had begun mobilizing white resentment against rapid economic change by asserting that railroad consolidation led to political corruption and black economic success As Nelson notes some of the Klan s most violent activity was concentrated along the Richmond Atlanta rail corridor But conflicts over railroads were eventually resolved he argues in agreements between northern railroad barons and Klan leaders that allowed white terrorism against black voters while surrendering states control over the southern economy      Papers of Thomas Ruffin Thomas Ruffin,1918      The Papers of Thomas Ruffin, Vol. 4 (Classic Reprint) Thomas Ruffin,2017-12-18 Excerpt from The Papers of Thomas Ruffin Vol 4 Halifax N G Aug 27 1866 Raleigh N C Sept 26 Raleigh N C Oct 1 1866 Poplar Mount N C Oct 4 1866 Poplar Mount N C Oct 11 1866 Yanceyville N 0 Nov 3 1866 Washington D 0 Nov 12 1866 Poplar Mount N C Nov 22 1866 Raleigh N 0 Dec 3 1866 Raleigh N 0 Dec 4 Washington D C Dec 5 1866 Poplar Mount N C Dec 7 1866 Raleigh N C Dec 8 Raleigh N 0 Dec 11 Hillsboro N C Jan 4 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Books in Print** ,1994
