## **The Passion Of Phineas Gage Selected Poems:**

**The Passion of Phineas Gage & Selected Poems** Jesse Glass, 2006 Poetry THE PASSION OF PHINEAS GAGE SELECTED POEMS presents the best of Glass experimental writing in a single volume Glass ground breaking work has been hailed by poets as diverse as Jerome Rothenberg William Bronk and Jim Daniels for its insight into human nature and its exploration of forms Glass uses the tools of post modernism collaging fragmentation and Oulipo like processes along with a keen understanding of poetic forms and traditions that stretches back to Beowulf and beyond Moreover Glass finds his subject matter in larger than life figures like Phineas Gage the man whose life was changed in an instant when an iron bar was sent rocketing through his brain in a freak accident The product of over 30 years of engagement with the avant garde THE PASSION OF PHINEAS GAGE SELECTED POEMS is the work of a mature poet who continues to reinvent himself with every text he produces Published by Ahadada Books West House Books

**Writing the Brain** Stefan Schöberlein, 2023 Writing the Brain analyzes the intersections overlaps and cross pollutions between early brain science and literature between 1800 and 1880 in England and the United States Many of the foundational insights of modern neuroscience were made during this period but they have rarely received extended scholarly attention in literary studies Author Stefan Schöberlein changes that by reading literary genres and neuroscientific discoveries in tandem often with particular attention to technological similes and metaphors It revisits canonical works Whitman Dickens Poe and presents newly discovered periodical texts often coupled with historical illustrations The resulting study sketches out a new transatlantic field of inquiry as well as a new corpus of texts for readers and scholars of the nineteenth century

Oulipoems 2 Philip Terry, 2009 Poetry Harry Matthews writes The title of Philip Terry's brilliant book pays explicit homage to the Oulipo but while he uses many of the group's methods he invariably goes his own way with them making poems that are full of an original sense of wit and wonder He has taken the notion that poetry can emerge from arbitrary procedures and transformed it into a sumptuous variety of explosively novel delights

**China Notes & the Treasures of Dunhuang** Jerome Rothenberg, 2006 Poetry The China Notes come from a trip in 2002 that brought us out as far as the Gobi Desert allowed me to see some of the changes continuities throughout the country I was traveling with poet scholar Wai lim Yip had a chance to read poetry in five or six cities to observe things as part of an ongoing discourse with Wai lim others The ancient beauty of some of what we saw played out against the theme park quality of other simulacra of the past A sense of beckoning wilderness wildness in a landscape already cut into to serve the human need for power control So Jerome Rothenberg describes the events behind the poems in this small volume a continuation of his lifelong exploration of poetry and the search for a language to invoke the newness and strangeness both of what we observe and what we can imagine

**Now Showing** Jim Daniels, 2006 Poetry Of Jim Daniels the Harvard Review writes Although Daniels verse is thematically dark the energy and beauty of his language and his often brilliant use of irony affirm that a lighter side exists This young poet has already found his voice And he speaks

with that rare urgency that demands we listen This is affirmed by Carol Muske who identifies the melancholy sweetness running through these poems that identifies him as a poet born to praise □□□□□□□□□□ Kikuko Otake,2007 *City of Water* Robert Eduard Thompson,2008 Poetry Robert Thompson s poems have many admirable qualities chief among them a light touch A light touch is only admirable when it goes against the grain when it is something more than willful fun n games or mere whimsy when it undermines solemnity without sacrificing attention The pleasures of Robert Thompson s delightful CITY OF WATER are the pleasures of the unexpected whether disclosed in a romantic meditation on a beautiful life in a Brooklyn trashscape or in his son s nursery Consisting of two long capacious ruminations The Light of Things and Room with Red Andes punctuated by short poems of a striking clarity the book chronicles an intensely alert mind whose perceptions range from the hilarious opening poem to the quietly devastating title poem with which it concludes John Koethe *The British National Bibliography* Arthur James Wells,2006 **Even the Dog Won't Touch Me** Tom Bradley,2009 Fiction Short Stories A seven foot tall member of the Greatest Generation gets to stay home from World War II and fornicate with his friends wives sexually ambiguous creatures lay a sixfigure book advance on a harelip an obese janitor in a Mormon prayer hall wedges himself behind the organ pipes dies and fills the joint with green corpse steam Meanwhile in China A Palestinian medical student gets chained to a conveyor belt in a Manchurian abortion mill a former Red Guard returns from rustication only to find his comrades running a bourgeois beauty salon called Syjvester Stajjone s an American foreign expert hijacks a beggar s wheelchair and steals a baby **Matthew Day Jackson** Matthew Day Jackson,2009 Matthew Day Jackson born 1974 blends history hagiography and technology in sculptures constructed painting objects books and videos *Catalogue of the first (-fourth) portion of the ... collection of ... books formed by mr.
