Kennedy Jr., 2014-08-15 This study analyzes the actions of the Australian Light Horse in the Middle East campaign during World War I It shows the basis for their approach to war and how these techniques were successful by adapting to the circumstances of the situation The Australian Light Horse demonstrated the traits of initiative and flexibility during the campaign in Egypt and Palestine by changing their modus operandi from mounted infantry to cavalry a seemingly minor shift semantically a major shift doctrinally Their adaptability to the situations in the desert was largely responsible for their tactical successes and played a major part in the success of the operational maneuver of the mounted forces under General Allenby during the last year of the war Most importantly the lessons learned from their actions sustained the advocates of horse cavalry doctrine long after the apparent usefulness of the horse on the modern battlefield had diminished in importance [The Pattern of Australian Culture](#). Edited by A.L. McLeod. [With Plates.]. Alan Lindsey MACLEOD, 1963 **The Making of the Nations and Cultures of the New World** Gérard Bouchard, 2008-03-03 The Making of the Nations and Cultures of the New World explores the question of how a culture a collective consciousness is born G rard Bouchard compares the histories of New World collectivities which were driven by a dream of freedom and sovereignty and finds both major differences and striking commonalities in their formation and evolution He also considers the myths and discursive strategies devised by elites in their efforts to unite and mobilize diversified populations **Culture in Australia** Tony Bennett, David Carter, 2001-09-03 A 2001 survey of the changing policies and priorities that are evident in a range of contemporary cultural institutions in Australia [Indigenous Research into Mainstream Australian Culture](#) Lorraine Muller, 2023-12-14 Informed by original ground breaking research this book shifts the lens of study identifying how Indigenous Australian values and principles have influenced and contributed to an evolving non Indigenous mainstream Australian culture Based on the Indigenous principle of respect Muller presents a solid research framework to break down the barriers of social differences in a culturally safe space The text offers an insight into the cultural aspects of modern Australian society that contributed to its globally acclaimed handling of the current coronavirus pandemic During the preparation for dealing with the pandemic Muller's research was validated as the world witnessed the Australian culture undergoing major change shifting away from the original colonialist culture based on individuality and social stratification to a community collective based culture It will be a
