

THE PEASANTS

The Peasants

Thomas Spencer Baynes

The Peasants:

The Peasants of Ottobeuren, 1487-1726 Govind P. Sreenivasan, 2004-06-24 The Peasants of Ottobeuren offers an interesting perspective on one of the enduring problems of early modern European history the possibilities for economic growth and social change in rural society Based on the voluminous records of the Swabian Benedictine monastery of Ottobeuren this study underscores the limitations of the traditional narrative of a sixteenth century boom which foundered on the productive rigidities of the peasant economy and then degenerated into social crisis in the seventeenth century Population growth did strain resources at Ottobeuren but the peasantry continued to produce substantial agricultural surplus More importantly peasants reacted to demographic pressure by deepening their involvement in land and credit markets and more widely and aggressively marketing the fruits of their labour Marriage and inheritance underwent a similar process of commercialization which made heavy demands on the peasantry but which maintained a degree of social stability through the devastations of war plague and famine Chinese Discourses on the Peasant, 1900-1949 Xiaorong Han, 2012-02-01 Xiaorong Han explores how Chinese intellectuals envisioned the peasantry and its role in changing society during the first half of the twentieth century Politically motivated intellectuals both Communist and non Communist believed that rural peasants and their villages would be at the heart of change during this long period of national crisis Nevertheless intellectuals saw themselves as the true shapers of change who would transform and use the peasantry Han uses intellectuals writings to provide a comprehensive look at their views of the peasantry He shows how intellectuals with varying politics created images of the peasant a supposed contemporary image and an ideal image of the peasant transformed for political ends how intellectuals theorized on the nature of Chinese rural life and how intellectuals conceived their own relationships with peasants **The Peasant in Nineteenth-Century Russia** Wayne S. Vucinich, John Shelton Curtiss, 1968 Studies of foreign scholars and observers have created many useful perspectives on the Russian peasant The present volume is part of this continuing expansion of scholarship on the peasantry *Pandit Jawaharlal Nehru and the Peasant Movement*, 1990 In 1930 After The Commencement Of The Salt Satyagraha A Peasant Agitation In An Organised Manner Was Started In U P By Pandit Jawahar Lal Nehru Which Provided Enormous Strength To The Civil Disobedience Movement The Agitation Contributed In Two Ways To The Civil Disobedience Movement In The First Place It Contri Buted In Creating An Awakening Among The Farmers Of India And Infused New Life Into Them In The Second Place The Struggle Launched By Nehru Strengthened The C D M It Was This Awakening Which Made The Farmers Fearless In Their Relations With Zamindars Taluqdars Police And Officials And Ultimately It Brought About A Gradual Decline In The Injus Tices And Cruelties Committed Against The Farmers By The Landlords And Others It Was This Agitation Which Laid The Foundation For The Abolition Of The Zamindari System The Present Volume Will Help In A Modest Way In Augmenting The Treasure House Of Knowledge For The Political Social Economic And Historical Forces Of The Times Because All Important Literature Relating

To The Work Activities And Thinking Of Pt Nehru During The Peasant Agitation Has Been Incorporated In This Book The Peasant Robbers of Kedah, 1900-1929 Cheah Boon Kheng, 2014-08-15 In the early twentieth century social banditry was endemic in the countryside near the border between the northern Malaysian state of Kedah and Siam and some outlaws became local heroes Cheah Boon Kheng's account of peasant banditry and the society where it flourished draws on colonial records literary sources and interviews to examine the circumstances that led the Governor Sir Laurence Guillemard to call the border area one of the most lawless and insecure districts in British Malaya during the 1920s Considering banditry from the perspective of the peasant community Cheah concludes that it grew out of lax government weak policing the geography of the border region and underdevelopment and suggests that bandit heroes might be seen as symbols of rural protest His discussion of the details of rural life in the early twentieth century and the conditions that underlay rural crime provide a unique social history of rural society in Malaya This innovative volume broke new ground in Malaysian studies when it first appeared in 1988 This second edition is intended for the work to reach a new audience **The Peasant Prince** Alex Storozynski, 2009-04-28 Follows the life of the Polish aristocrat who believed in freedom fought in the American Revolution and was appointed chief of the Engineering Corps of the Northern army **The Peasant in Postsocialist China** Alexander F. Day, 2013-07-18 A radical new appraisal of the role of the peasant in post socialist China putting recent debates into historical perspective **Chinese Modernity and the Peasant Path** Kathy Le Mons Walker, 1999 This ambitious work traces a social history of semicolonialism in late nineteenth and early twentieth century China It takes as its central concern the intertwining of two antagonistic forces elite constructions of modernity shaped globally and an alternate line of peasant resistance and development Nantong county and the northern portion of the commercially advanced Yangzi Delta form its focal points Lying in the hinterland of and connected in myriad ways with the treaty port of Shanghai which in the late nineteenth century became the center of imperialist activity in China the northern delta is an ideal locale for examining how the acquisition transmission and contestation of power may have changed during the extended moment of semicolonial encounter The author's specific project is to unravel the multiple strands of the semicolonial process and thereby the dominant and alternative histories it embodied In emphasizing semicolonialism as a structural context shaping events the book opens up a pivotal but silent area in the history of modern China In confronting the development of capitalism as a historical phenomenon and suggesting that its consequences for land and labor on a global scale need greater theoretical and historical scrutiny the book forces a new understanding of China's modernity The book is in two parts The first delineates key long term dynamics in the political economic and social history of the area from the late Ming dynasty to the Opium Wars The second part begins with an examination of the rise of modernist urban power in the context of accelerating growth in the textile and cotton trades focusing on such topics as economic restructuring under Shanghai's impetus new forms of economic and political organization and contention as well as cooperation within the urban elite Turning to the

countryside the book then examines the regearing of the rural economy to the needs of urban capital local and global outlines the emergence of modern landlordism and other rural capitalisms analyzes class formation in the peasantry associated with changes in labor organization tenurial arrangements and the gendered division of labor and traces the coalescence of a distinctive political discourse through which peasants contested certain development schemes and advanced alternative conceptions of community and nation

Jesus and the Peasants Douglas E. Oakman, 2008-01-01 While Some of the Chapters focus on systemic issues others probe the depths of individual Gospel passages The author's keen eye for textual detail archaeological data comparative materials and systemic overviews make this volume a joy for anyone interested in understanding Jesus in his own context The volume is organized into three interrelated parts 1 political economy and the peasant values of Jesus 2 the Jesus traditions within peasant realities and 3 the peasant aims of Jesus Anyone who has ever wondered why the Lord's Prayer asks for the gift of bread and the forgiveness of debts has got to read this book Anyone who has never wondered has even more cause to read this book Anyone curious about the real value of a denarius or Jesus's take on the morality of money or how many calories were necessary to keep from starving or how Jesus advised to resist an economic system geared for devouring widows houses anyone in short eager to learn of the day to day realities of first century Palestine as the matrix for Jesus's message can't get and read this book soon enough Behind the rich information on the peasant world of Jesus and his appeal to first century peasants is a constant hermeneutical question humming in the background what does this mean for us today What are those general human concerns that suggest some link or bridge between ancient Israelite farmers and urban yuppies How might a realist stance of reading find in the biblical experience and its symbols voices that speak about the essentially human The information that Oakman provides in these essays is essential for understanding the world of Jesus and his peasant perspective The moves Oakman suggests for bridging the gap from past to present are essential for keeping a reading of the Bible from becoming an exercise in canonical archaeology or an illusion that the Bible is hot off the divine press John H Elliott University of San Francisco Emeritus author of *Conflict Community and Honor*

The Cambridge Companion to Martin Luther Donald K. McKim, 2003-07-10 Martin Luther 1483-1546 stands as one of the giant figures in history His activities writings and legacy have had a huge effect on the western world This Cambridge Companion provides an accessible introduction to Martin Luther for students of theology and history and for others interested in the life work and thought of the first great Protestant reformer The book contains eighteen chapters by an international array of major Luther scholars Historians and theologians join here to present a full picture of Luther's contexts the major themes in his writings and the ways in which his ideas spread and have continuing importance today Each chapter serves as a guide to its topic and provides further reading for additional study The Companion will assist those with little or no background in Luther studies while teachers and Luther specialists will find this accessible volume an invaluable aid to their work

The Communist Party of Indonesia 1951-1963 Donald

Hindley,2022-05-27 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1964 **The Politics of Peasants** Shukai Zhao,2017-07-10 This book is an analysis and exploration of the relationship between peasants and policies within the process of reform in China After examining the long term rural policies either before or after the reform it was found that all these policies have been expected to promote peasants interests and claimed to take enhancing peasants happiness as their goal Nonetheless the history and current reality of rural development have demonstrated that the same policy starting point had lead to very different policy designs Even today quite a few institutional arrangements with good intentions have ended up with opposite results and have even become bad policies that do harm to people This book argues that the reason for such serious deviation between political intentions and institutional arrangements as well as between policy goals and its results is as a political force the peasantry itself has not effectively engaged with the political process of the country **The Peasant State** Edward Dicey,1894 Transcripts from the Soviet Archives 1925 VOLUME V Erdogan A,2021-02-10 Transcripts From Soviet Archives Kremlin Archives Soviet Village through the eyes of CHEKA OGPU NKVD Events That Formed the Modern World Frank W. Thackeray,John E. Findling,2012-05-31 This comprehensive five volume set contains readable essays that describe and interpret the most important global events since the European Renaissance some accompanied by related document excerpts and primary source materials What were the effects of the Age of Exploration on today s ethnic groups and social structure How did the development of moveable type pave the way for Facebook and Twitter Why is the Reformation so critical for understanding today s religious controversies This set will help readers answer these questions by exploring the most significant historical events of the modern world This five volume set covers times from the Renaissance to the present Each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world Each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event s significance and an annotated bibliography of the most important current works on the topic Select entries are followed by primary sources pertaining to the event under consideration such as diary entries Targeted to both general readers as well as entry level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy **The Peasants ...: Autumn** Władysław Stanisław Reymont,1924 A chronicle of peasant life during the four seasons of a year Changing Economic and Gender Patterns Among the Peasants of Ndejje and Sseguku in Uganda Hilda M. K. Tadria,1985 *Rural Russia Under the Old Regime* Geroid T. Robinson,1967-08-01 Geroid Tanquary Robinson founder and first director of the Russian Institute at Columbia University Chief of the U S S R Division Research and Analysis Branch

U S Office of Strategic Services 1941 45 holder of the Medal of Freedom has produced a book that is by general consensus supreme in its field The work makes a major contribution to the understanding of the struggle of the peasantry with the old landlords and the Imperial Government and consequently offers an illuminating approach to the struggle between the Communist Government and the most stubborn and massive domestic force this Government has faced the peasant opposition *Monthly Bulletin of the Bureau of Economic and Social Intelligence* ,1913 **The Encyclopædia Britannica**
