The British National Bibliography Arthur James Wells, 2009 **More Important Than the Music** Bruce D. Epperson, 2013-10-01 Today jazz is considered high art America s national music and the catalog of its recordings its discography is often taken for granted But behind jazz discography is a fraught and highly colorful history of research fanaticism and the intense desire to know who played what where and when This history gets its first full length treatment in Bruce D Epperson s More Important Than the Music Following the dedicated few who sought to keep jazz s legacy organized Epperson tells a fascinating story of archival pursuit in the face of negligence and deception a tale that saw curses and threats regularly employed with fisticuffs and lawsuits only slightly rarer Epperson examines the documentation of recorded jazz from its casual origins as a novelty in the 1920s and 30s through the overwhelming deluge of 12 inch vinyl records in the middle of the twentieth century to the use of computers by today s discographers Though he focuses much of his attention on comprehensive discographies he also examines the development of a variety of related listings such as buyer s guides and library catalogs and he closes with a look toward discography s future From the little black book to the full featured online database More Important Than the Music offers a history not just of jazz discography but of the profoundly human desire to preserve history itself

Computer-Assisted Career Decision Making Martin R. Katz, 2013-10-23 Discussing career decision making CDM career guidance a computerized system of career guidance and the interplay among them this book describes the way people sort themselves or are sorted into educational and occupational options The options represent the content of this book and the sorting represents the process The sequence of decisions may extend over a lifetime but several crucial choice points tend to occur at predictable stages in a career Career guidance is a professional intervention in CDM professional implies that practitioners conform to a standard of ethics knowledge and competence beyond what may be offered by other intervenors Guidance is partly an art but it is also partly a science at least an application of science based on

a synthesis of logic and evidence derived from research The computerized System of Interactive Guidance and Information SIGI is a designated guidance treatment clearly defined and specified It was developed according to an explicit model derived from a particular rationale for guidance using modern technology to amplify the practice of career guidance The current version called SIGI PLUS TM is being used at more than a thousand colleges and universities as well as secondary schools libraries corporations community based organizations and counseling agencies These three interdependent topics are treated in a progression from a theory of CDM to a rationale and a model for guidance to the design and development of a system This book weaves together theory principles propositions rationales and models research and development The product of that development SIGI helps to define theory to exemplify it and to test it [The Financial Services Sourcebook](#) Robert Cunnew, Alison Scammell, 2017-09-29 Provides a first port of call for those seeking information sources in a sector that has undergone tremendous change in recent years Includes information on banks and building societies insurance companies investment funds and pension funds Highlights essential reference works consumer information career guides technical reports official publications market and company research product information and electronic resources Identifies the most appropriate sources and provides assistance in choosing between competing items and provides an overview of significant international sources **Reference Sources for Small and Medium-Sized Libraries** Jack O'Gorman, 2014-02-25 Focusing on new reference sources published since 2008 and reference titles that have retained their relevance this new edition brings O Gorman s complete and authoritative guide to the best reference sources for small and medium sized academic and public libraries fully up to date *Providing Support to Young People* Hazel L.
