The Penguin Complete Rivals Of Sherlock Holmes:

The Penguin Complete Rivals of Sherlock Holmes, 1983 The Alternative Sherlock Holmes Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field **The Cambridge Companion to Crime Fiction** Martin Priestman, 2003-11-06 The Cambridge Companion to Crime Fiction covers British and American crime fiction from the eighteenth century to the end of the twentieth As well as discussing the detective fiction of writers like Arthur Conan Doyle Agatha Christie and Raymond Chandler it considers other kinds of fiction where crime plays a substantial part such as the thriller and spy fiction It also includes chapters on the treatment of crime in eighteenth century literature French and Victorian fiction women and black detectives crime on film and TV police fiction and postmodernist uses of the detective form The collection by an international team of established specialists offers students invaluable reference material including a chronology and guides to further reading The volume aims to ensure that its readers will be grounded in the history of crime fiction and its critical reception **The Penguin Kenneth Grahame** Kenneth Grahame, 1983 The Universal Sherlock Holmes Ronald Burt De Waal, 1994 **Victorian Fiction Beyond the Canon** Daragh Downes, Trish Ferguson, 2016-12-15 This book is about selected Victorian texts and authors that in many cases have never before been subject to sustained scholarly attention Taking inspiration from the pioneeringly capacious approach to the hidden hinterland of Victorian fiction adopted by scholars like John Sutherland and Franco Moretti this energetically revisionist volume takes advantage of recent large scale digitisation projects that allow unprecedented access to hitherto neglected literary texts and archives Blending lively critical engagement with individual

texts and close attention to often surprising trends in the production and reception of prose fiction across the Victorian era this book will be of use to anyone interested in re evaluating the received meta narratives of Victorian literary history With an afterword by John Sutherland **The Adventures of Sherlock Holmes** Arthur Conan Doyle, 2024-10-31 Arthur Conan Doyle 1859-1930 has been called the greatest genre writer Britain has ever produced and Britain's last national writer His stories were popular in his lifetime and continue to fascinate in many different forms and media today In Sherlock Holmes and Dr Watson he invented two of the most famous of all literary characters But he was also the author of historical novels science fiction supernatural and horror stories medical tales travel narratives autobiography war reporting drama and poetry military history and a body of Spiritualist writing His exceptionally diverse and always lively writing makes him an outstanding literary figure his work enjoyed and studied all over the world The Edinburgh Edition of the Works of Arthur Conan Doyle is the first ever scholarly edition covering the author's entire career It establishes authoritative texts accompanied by related materials and acts as a research resource in placing them in biographical cultural historical and literary historical contexts Purity and Contamination in Late Victorian Detective Fiction Dr Christopher Pittard, 2013-05-28 Concentrating on works by authors such as Fergus Hume Arthur Conan Doyle Grant Allen L T Meade and Marie Belloc Lowndes Christopher Pittard explores the complex relation between the emergence of detective fictions in the 1880s and 1890s and the concept of purity The centrality of material and moral purity as a theme of the genre Pittard argues both reflected and satirised a contemporary discourse of degeneration in which criminality was equated with dirt and disease and where national boundaries were guarded against the threat of the criminal foreigner Situating his discussion within the ideologies underpinning George Newnes's Strand Magazine as well as a wide range of nonfiction texts Pittard demonstrates that the genre was a response to the seductive and impure delights associated with sensation and gothic novels Further Pittard suggests that criticism of detective fiction has in turn become obsessed with the idea of purity thus illustrating how a genre concerned with policing the impure itself became subject to the same fear of contamination Contributing to the richness of Pittard's project are his discussions of the convergence of medical discourse and detective fiction in the 1890s including the way social protest movements like the antivivisectionist campaigns and medical explorations of criminality raised questions related to moral purity *War On Wealth, The: Fact And Fiction In British Finance Since 1800* Randal Michie, 2023-03-21 This book addresses the divide that exists between the reality of finance and the image it projects A functioning financial system is an essential feature of a modern economy providing it with money credit capital and investments Conversely those who provide this essential service are neither respected nor trusted The causes and consequences of this divide is explored using the British experience from 1800 to the present drawing upon a mixture of factual evidence and contemporary fiction Nothing of this scale has been attempted before and this is the product of 50 years of research *Copyright, Creativity, Big Media and Cultural Value* Kathy Bowrey, 2020-11-23 As the publishing film and

music industries are dominated by Big Media conglomerates there is often recourse to simplistic ideological and conspiratorial readings of industry dynamics Copyright Creativity Big Media and Cultural Value Incorporating the Author explains why copyright is much more than a creator's private property right or a mechanism through which corporations control cultural production and influence mass consumption choices The volume is grounded in extensive painstakingly detailed and colourful original archival research into business histories of major successful artists including Conan Doyle Hall Caine Margaret Atwood Dame Nellie Melba Radiohead and Banksy and the industries and genres that grew up around their activities Chapters address big questions about how copyright generates income and how distributions of profits are allocated in the publishing film and music industries It includes discussion of the creation of new formats the interplay between old media and new technologies international copyright reform and cross industry relations Copyright Creativity Big Media and Cultural Value is a wide ranging and important resource for students and practitioners of law and policy media studies cultural studies and literary history

Formal Investigations: Aesthetic Style in Late-Victorian and Edwardian Detective Fiction Paul Fox, Koray Melikoglu, 2014-05-01 The essays in this revised and expanded volume explore a variety of structuring taxonomies the relationships between the aesthetic forms styles and methodologies of detective and crime fiction in the late Victorian and Edwardian period The influences on the artists in the genre are as varied as the interests of the period in scientific method forensics archaeology aesthetics medicine and the paranormal But the formalizing tendencies of investigative process remain and it is this adherence in artist and detective alike to seeing crime and its resolution as a stylistic imposition of structure on disorder that is under examination

Guilty Money Ranald C Michie, 2015-09-30 This is an engaging study of the place occupied by the City of London within British cultural life during the Victorian and Edwardian periods Michie uses both literary and popular novels to examine socio economic representations during this period

Underground Writing David Welsh, 2010-05-04 The purpose of this book is to explore the ways in which the London Underground Tube was mapped by a number of writers from George Gissing to Virginia Woolf From late Victorian London to the end of the World War II underground writing created an imaginative world beneath the streets of London The real subterranean railway was therefore re enacted in number of ways in writing including as Dantean Underworld or hell as gateway to a utopian future as psychological looking glass or as place of safety and security The book is a chronological study from the opening of the first underground in the 1860s to its role in WW2 Each chapter explores perspectives on the underground in a number of writers starting with George Gissing in the 1880s moving through the work of H G Wells and into the writing of the 1920s 1930s including Virginia Woolf and George Orwell It concludes with its portrayal in the fiction poetry and art including Henry Moore of WW2 The approach takes a broadly cultural studies perspective crossing the boundaries of transport history literature and London urban studies It draws mainly on fiction but also uses poetry art journals postcards and posters to illustrate It links the actual underground trains tracks

and stations to the metaphorical world of underground writing and places the writing in a social political context *The Penguin Book of Gaslight Crime* Michael Sims,2009-03-31 An exclusive collection the first ever gathering of rogues from the gaslight era including Ars ne Lupin the inspiration for the new Netflix series Lupin starring Omar Sy collected here for the first time the best crime fiction from the gaslight era All the legendary thieves are present Ars ne Lupin and A J Raffles Colonel Clay and Simon Carne Romney Pringle Get Rich Quick Wallingford and the Infallible Godahl burgling London and Paris conning New York and Ostend laughing all the way to the bank Also featured are stories by distinguished writers from outside the mystery and detective genres including Sinclair Lewis Arnold Bennett H G Wells and William Hope Hodgson

Late Victorian Crime Fiction in the Shadows of Sherlock C. Clarke,2014-09-26 This book investigates the development of crime fiction in the 1880s and 1890s challenging studies of late Victorian crime fiction which have given undue prominence to a handful of key figures and have offered an over simplified analytical framework thereby overlooking the generic moral and formal complexities of the nascent genre London Underground David Ashford,2013-05-10 Surveying an unusually wide variety of material ranging from the Victorian triple decker novel to Modernist art and architecture to Pop music and graffiti this book suggests that the tube network is a transitional form linking the alienated spaces of Victorian England to the virtual spaces of our contemporary consumer capitalism **The American Thriller** P. Cogley,2000-11-09 What is the American thriller Has it developed over time What was it like in the past This is a book about thrillers and gaining knowledge of what American thrillers were like in a specific period the 1970s Analysing seventies texts about crime police detectives corruption paranoia and revenge The American Thriller aims to open debates on genre in the light of audience theory literary history and the place of popular fiction at the moment of its production *Crime Fiction* Martin Priestman,2013 This book examines why the form of the detective whodunnit narrative has proved so tenacious and plots a course through the thousands of crime novels and stories which have appeared since the narrative was established

The Railroad in American Fiction Grant Burns,2015-01-28 Nothing better represented the early spirit of American expansion than the railroad Dominant in daily life as well as in the popular imagination the railroad appealed strongly to creative writers For many years fiction of railroad life and travel was plentiful and varied As the nineteenth century receded the railroad s allure faded as did railroad fiction Today it is hard to sense what the railroad once meant to Americans The fiction of the railroad often by railroaders themselves recaptures that sense and provides valuable insights on American cultural history This extensively annotated bibliography lists and discusses in 956 entries novels and short stories from the 1840s to the present in which the railroad is important Each entry includes plot and character description to help the reader make an informed decision on the source s merit A detailed introduction discusses the history of railroad fiction and highlights common themes such as strikes hoboes and the roles of women and African Americans Such writers of pure railroad fiction as Harry Bedwell Frank Packard and Cy Warman are well represented along with such literary artists as

Mark Twain Thomas Wolfe Flannery O Connor and Ellen Glasgow Work by minority writers including Jean Toomer Richard Wright Frank Chin and Toni Morrison also receives close attention An appendix organizes entries by decade of publication and the work is indexed by subject and title
