Kathy Ganske

The Penguin Dictionary Of First Names:

The Penguin Dictionary of First Names David Pickering, 2004 This is a guide to the history and meaning of names This reference is not just a list of different names but takes the reader back to the historical roots of each name with their cultural religious and artistic heritage helpfully explained

The Penguin Pocket Dictionary of Babies' Names David Pickering, 2005-08-25 What's in a name Rather more than you might at first suspect for names are steeped in history and myth and have much to tell us about our past our beliefs even our personality traits The Penguin Pocket Dictionary of Babies Names takes a close look at 3500 names explaining origins and meanings showing how some have changed in popularity and use over time and providing all the diminutive and variant forms Part of Penguin's major new series of reference titles ranging from Spanish and French dictionaries to books on spelling and quotations

Dictionary of American Family Names Patrick Hanks, 2003-05-08 Where did your surname come from Do you know how many people in the United States share it What does it tell you about your lineage From the editor of the highly acclaimed Dictionary of Surnames comes the most extensive compilation of surnames in America The result of 10 years of research and 30 consulting editors this massive undertaking documents 70 000 surnames of Americans across the country A reference source like no other it surveys each surname giving its meaning nationality alternate spellings common forenames associated with it and the frequency of each surname and forename The Dictionary of American Family Names is a fascinating journey throughout the multicultural United States offering a detailed look at the meaning and frequency of surnames throughout the country For students studying family genealogy others interested in finding out more about their own lineage or lexicographers the Dictionary is an ideal place to begin research

The Watkins Dictionary of Angels Julia Cresswell, 2012-01-01 For anyone who has ever wondered just what an angel is here you will find everything you could wish to know about angels and angelic beings and their attributes

A Dictionary of Epithets and Terms of Address Leslie Dunkling, 2008-02-20 This book will give learners of English the confidence to address people appropriately in a wide variety of situations It will also help them to understand what is implied when an English speaker uses a particular way of addressing someone These topics are entirely neglected in most courses and textbooks and there is no other reference work on the subject Anyone who is fascinated by words will also find much here of interest A wealth of historical sociological and etymological information is set out in a highly readable style Some 2 000 entries arranged in alphabetical order shed new light on familiar terms of address and present many curiosities The author gives examples from a wide range of literature particularly twentieth century novels and provides an illuminating commentary on them

The Penguin Book of Baby Names David Pickering, 2009-07-30 Of all the decisions a new parent makes choosing that special name is the most significant and the most rewarding A new reference book for prospective parents this clear helpful and easy to use A Z guide gives you thousands of brilliant suggestions for picking the perfect name for your new arrival It also includes appendices of the top ten names through the centuries and the

most popular celebrity names *Choose Your Baby's Name* Rosalind Fergusson,1986-09 **The Oxford Handbook of Lexicography** Philip Durkin,2016 This volume provides concise authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products Leading scholars and professional lexicographers from all over the world and representing all the main traditions and perspectives assess the state of the art in every aspect of research and practice The book is divided into four parts reflecting the main types of lexicography Part I looks at synchronic dictionaries those for the general public monolingual dictionaries for second language learners and bilingual dictionaries Part II and III are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively while chapters in Part IV examine specific topics such as description and prescription the representation of pronunciation and the practicalities of dictionary production The book ends with a chronology of the major events in the history of lexicography It will be a valuable resource for students scholars and practitioners in the field **The Last Word on First Names** Linda Rosenkrantz,Pamela Redmond Satran,1997-06-15 The authors of *Beyond Jennifer Jason* the bestseller that revolutionized baby naming offer the last word on the perfect first name Hope is hot Hortense is not at last here s what parents really need to know before naming a baby For years you knew what to expect from a baby name book a long dull list of names with their dictionary definitions All that changed with *Beyond Jennifer Jason* the groundbreaking book on styles and trends in baby names that has been called the best baby naming book ever written The News Journal Now Rosenkrantz and Satran return with an all new baby name guide that is destined to become a classic Like other books it s packed with entries on girls and boys names from A to Z but no one else gives you the inside story on names why the world has all the Ashleys it needs why everyone loves Emily and why you should or should not call your son Ishmael Drawing on sources as diverse as ancient myths current TV series the Bible and world literature *The Last Word on First Names* is a readable witty and illuminating guide to the real world meaning of Miranda Max and thousands of other names from Abigail to Zelig No one should name a baby without this book *The Baby Name Countdown* Janet Schwegel,2009-03-25 A classic the baby name countdown over 120 000 copies sold is now fully revised and updated for the first time in a decade Featuring more names than any other guide and based on more than 2 5 million birth records the book includes brand new data a new introduction a revised section on the most popular baby names of the past year and decade and updated popularity ratings throughout Discover at a glance the most popular given names from each decade of the 20th and 21st centuries meanings and origins of the 3 000 top names and thousands of rare and exotic monikers Whether your taste in names is trendy traditional or international *The Baby Name Countdown* is the ideal resource for every parent searching for the perfect name **The Oxford History of English Lexicography** A. P. Cowie,2008-12-04 These substantial volumes present the fullest account yet published of the lexicography of English from its origins in medieval glosses through its rapid development in the eighteenth century to a fully established high tech industry that is as reliant as ever on learning and scholarship The history

covers dictionaries of English and its national varieties including American English with numerous references to developments in Europe and elsewhere which have influenced the course of English lexicography Part one of Volume I explores the early development of glosses and bilingual and multilingual dictionaries and examines their influence on lexicographical methods and ideas Part two presents a systematic history of monolingual dictionaries of English and includes extensive chapters on Johnson Webster and his successors in the USA and the OED It also contains descriptions of the development of dictionaries of national and regional varieties and of Old and Middle English and concludes with an account of the computerization of the OED The specialized dictionaries described in Volume II include dictionaries of science dialects synonyms etymology pronunciation slang and cant quotations phraseology and personal and place names This volume also includes an account of the inception and development of dictionaries developed for particular users especially foreign learners of English The Oxford History of English Lexicography unites scholarship with readability It provides a unique and accessible reference for scholars and professional lexicographers and offers a series of fascinating encounters with the men and women involved over the centuries in the making of works of profound national and linguistic importance

Concise Encyclopedia of Semantics Keith Allan, 2010-04-06 Concise Encyclopedia of Semantics is a comprehensive new reference work aiming to systematically describe all aspects of the study of meaning in language It synthesizes in one volume the latest scholarly positions on the construction interpretation clarification obscurity illustration amplification simplification negotiation contradiction contraction and paraphrasing of meaning and the various concepts analyses methodologies and technologies that underpin their study It examines not only semantics but the impact of semantic study on related fields such as morphology syntax and typologically oriented studies such as grammatical semantics where semantics has made a considerable contribution to our understanding of verbal categories like tense or aspect nominal categories like case or possession clausal categories like causatives comparatives or conditionals and discourse phenomena like reference and anaphora COSE also examines lexical semantics and its relation to syntax pragmatics and cognitive linguistics and the study of how logical semantics develops and thrives often in interaction with computational linguistics As a derivative volume from Encyclopedia of Language and Linguistics Second Edition it comprises contributions from 150 of the foremost scholars of semantics in their various specializations and draws on 20 years of development in the parent work in a compact and affordable format Principally intended for tertiary level inquiry and research this will be invaluable as a reference work for undergraduate and postgraduate students as well as academics inquiring into the study of meaning and meaning relations within languages As semantics is a centrally important and inherently cross cutting area within linguistics it will therefore be relevant not just for semantics specialists but for most linguistic audiences The first encyclopedia ever published in this fascinating and diverse field Combines the talents of the world's leading semantics specialists The latest trends in the field authoritatively reviewed and interpreted in context of related disciplines Drawn from the richest most authoritative

comprehensive and internationally acclaimed reference resource in the linguistics area Compact and affordable single volume reference format **Write a Western in 30 Days** Nik Morton,2013-06-28 Nik Morton has been writing for over forty years honing his craft He writes genre fiction whether that s science fiction horror crime thriller romance or westerns To date he has 15 books under several pseudonyms His westerns are usually written under the name Ross Morton Within these pages you can discover how to write a western from the initial ideas through the preparation and research to those all important character studies and plots And you can do it in 30 days **Globalisation** Frances Ilmberger,Alan Robinson,2002

The Etymological Poetry of W. H. Auden, J. H. Prynne, and Paul Muldoon Mia Gaudern, 2020-07-10 This book defines analyses and theorises a late modern etymological poetry that is alive to the past lives of its words and probes the possible significance of them both explicitly and implicitly Close readings of poetry and criticism by Auden Prynne and Muldoon investigate the implications of their etymological perspectives for the way their language establishes relationships between people and between people and the world These twin functions of communication and representation are shown to be central to the critical reception of etymological poetry which is a category of difficult poetry However resonant poetic etymologising may be critics warn that it shows the poet's natural interest in language degenerating into an unhealthy obsession with the dictionary It is unavoidably pedantic in the post Saussurean era to entertain the idea that a word's history might have any relevance to its current use As such etymological poetry elicits the closest of close readings thus encouraging readers to reflect not only on its own pedantry obscurity and virtuosity but also on how these qualities function in criticism As well as presenting a new way of reading three very different late modern poet critics this book addresses an understudied aspect of the relationship between poetry and criticism Its findings are situated in the context of literary debates about difficulty and diction and in larger cultural conversations about the workings of language as a historical event

The New Cambridge Bibliography of English Literature: Volume 1, 600-1660 George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Studies in Etymology and Etiology David L. Gold, 2009 Dictionaries usually give only brief treatment to etymologies and even etymological dictionaries often do not lavish on them

the attention which many deserve To help fill the gap the author deals in depth with several etymologically problematic words in various Germanic Jewish Romance and Slavic languages all of which have hitherto either been misetymologized or not etymologized at all Sometimes he succeeds in cracking the nut Sometimes he is able only to clear away misunderstanding and set the stage for further treatment Usually he marshals not only linguistic but also historical and cultural information Since this book also discusses methodology it has the makings of an introduction to the science art and craft of etymology David L Gold is the founder of the Jewish Name and Family Name File the Jewish English Archives and the Association for the Study of Jewish Languages as well as the editor of Jewish Language Review and Jewish Linguistic Studies
