Somerset Maugham,Molière,1955 **The Perfect Gentleman** UNKNOWN. AUTHOR,2015-06-28 Excerpt from The Perfect Gentleman Or Etiquette and Eloquence Of all that portion of this work which is devoted to the speeches it is not the author s purpose to say anything in the way either of explanation or apology Let the speeches speak for themselves It is not claimed that all the toasts are original Many of them arc taken from such eminent sources whether American or European as the author had at his hand and whenever the phraseology suited lie adopted it without change Of the American Code of Politeness there is somewhat more to be said It was not expected that much which is new could be written on this subject

The only aim has been to present the general rules of politeness and etiquette in such a manner as to render them plain and instructive and to point out some of the absurd and conflicting rules of the fashionable code which have come into our country from different parts of Europe The author has had the opportunity of seeing that there are wide differences between some particular rules of etiquette as practised in America and England and on the continent of Europe Some things that are orthodox etiquette in London are gross heresy in Paris and all over the continent of Europe A man who should conduct himself on the continent in all particulars according to the rules of etiquette practised in England would soon find himself stared at by well bred people if not banished from polite society About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
