Pericardial Disease J. Soler-Soler,G. Permanyer,J. Sagristà-Sauleda,2012-12-06 In November 1986 I was invited to attend a symposium held in Barcelona on Diseases of the Pericardium The course was directed by Dr J Soler Soler director of Cardiology at Hospital General Vall d Hebron in Barcelona During my brief but delightful visit to this institution my appreciation of the depth and breadth of study into pericardial diseases carried out by Dr Soler and his group grew into the conviction that these clinical investigators have accumulated a wealth of information concerning pericardial diseases and that investigators and clinicians practicing in English speaking countries would greatly profit from ready access to the results of the clinical investigations into pericardial disease carried out in Barcelona The proceedings of the Barcelona conference were published in a beautifully executed volume in the Spanish language edited by Dr Soler and produced by Ediciones Doyma Because I believe that this work should be brought to the attention of the English speaking scientific and clinical communities I encouraged Dr Soler to have the book translated into English I knew that this task could be accomplished and that the book would be translated into good English without change of its content My confidence was based upon a translation of my own book *The Pericardium* into Spanish undertaken by Dr Permanyer who is a contributor and co editor of the present volume **The English Cyclopædia** ,1860 Uric Acid as a Factor in the Causation of Disease ...
