

Sir Robert Peel (1788-1850)

- 1841: Sir Robert Peel elected as Prime Minister.
- Conservative BUT believed in liberal (= free trade) doctrines.

Sir Robert Peels Administration 1841 1846

J Dewey

Sir Robert Peels Administration 1841 1846:

Sir Robert Peel's Administration, 1841-1846 Travis L. Crosby, 1976 *Sir Robert Peel* Norman Gash, 2011-06-16

Norman Gash's magnificent two volume life of Sir Robert Peel Mr Secretary Peel 1961 and Sir Robert Peel 1972 is the standard work on the great statesman and is widely considered one of the great biographies of nineteenth century prime ministers Faber Finds is delighted to return both to print In this second volume Gash focuses on the years between 1830 and 1850 the height of Peel's political career which included his two terms as prime minister the controversial repeal of the Corn Laws and his reform of the Conservative Party In his masterly biography covering Peel's career from the Reform Crisis to his untimely death in 1850 Professor Gash shows himself not merely an admirer but an emulator brilliant intellect master of detail man of conservative but humane conscience Harold Perkin Guardian Norman Gash's Sir Robert Peel shows how high and austere academic writing about a major figure is compatible with an outstanding general biography Roy Jenkins Observer In Mr Secretary Peel the first volume of this biography he provided a rich and perceptive portrait of a statesman in the making Now at last he has completed one of the great biographies of our time Philip Ziegler Daily Telegraph Sir Robert Peel by Norman Gash ranks with the great political biographies of the past a classic work in both scholarship and presentation A J P Taylor New Statesman *Sir Robert Peel* Richard Gaunt, 2022-07-07 Sir Robert Peel 1788 1850 was one of the most significant political figures in nineteenth century Britain He was also one of the most controversial In this new three volume edition Dr Richard Gaunt an authority on Peel's life and work brings together a range of contemporary perspectives considering Peel's life and achievements From the first observation of Peel's precocious talent as an Oxford undergraduate to his burgeoning reputation as a cabinet minister the volumes draw together sources on Peel's forty year political career The edition pays particular attention to the most controversial aspects of his political life the granting of Catholic Emancipation in 1829 his founding of the Conservative Party during the 1830s and the achievements of his landmark government of 1841-6 culminating in the repeal of the corn laws in 1846 It also considers Peel's post 1846 career and the unusual position he occupied in British politics before his untimely death in 1850 Combining perspectives from different parts of the political spectrum the collection will be of use to a wide range of researchers with interests in history politics religion economics and political biography **Sir Robert Peel** Richard A. Gaunt, 2010-07-02 Sir Robert Peel paragon or pariah Peel was the greatest statesman and political leader of mid Victorian Britain a titan of Conservative politics whose legacy has inspired generations in his party and in British political life In a career spanning forty years he held the greatest offices of state including Chief Secretary to Ireland Home Secretary Chancellor of the Exchequer and was twice Prime Minister He was the first acknowledged leader of the Conservative Party and the Founder of Modern Conservatism Yet Peel's seemingly peerless reputation has never been secure The Repeal of the Corn Laws split his party his Peelite supporters joined the Liberals and the Conservatives remained in opposition for thirty years Richard Gaunt drawing on a huge archive of

state papers contemporary writings including Peel's own Memoirs and the latest historiography paints a convincing picture of Peel as an exponent of effective government in the modern industrial state and a calculating practitioner supremely self-confident who dominated both his Party and the House of Commons Gaunt's revisionist life of Peel will be essential reading and the standard work for students and general readers interested in Conservative and mid-Victorian political history and historical biography

Peel and the Conservative Party 1830-1850 Paul Adelman, 2014-09-25 Sir Robert Peel dominated political life for more than two decades and has been described as the founder of modern conservatism This book analyzes the career of Sir Robert Peel in relation to the development of the Conservative Party in the early 19th century It discusses Peel's conception of Conservatism and his work as Prime Minister

The Forgotten Prime Minister: The 14th Earl of Derby Angus Hawkins, 2007-09-13 Lord Derby was the first British statesman to become prime minister three times He remains the longest serving party leader in modern British politics heading the Conservative party for twenty-two years from 1846 to 1868 He abolished slavery in the British Empire established a national system of education in Ireland was a prominent advocate for the 1832 Reform Act and as prime minister oversaw the introduction of the Second Reform Act in 1867 Yet no biography of Derby based upon his papers and correspondence has previously been published Alone of all Britain's premiers Derby has never received a full scholarly study examining his policies personality and beliefs Largely airbrushed out of our received view of Victorian politics Derby has become the forgotten prime minister This ground-breaking biography based upon Derby's own papers and extensive archive as well as recently discovered sources fills this striking gap It completely revises the conventional portrait of Derby as a dull and apathetic politician revealing him as a complex astute influential and significant figure who had a profound effect on the politics and society of his time As Hawkins shows far from being an uninterested dilettante Derby played an instrumental role in directing Britain's path through the historic opportunities and challenges confronting the nation at a time of increasing political participation industrial pre-eminence urban growth colonial expansion religious controversy and Irish tragedy This book is likely not only to change our view of Derby himself but also fundamentally to affect our understanding of nineteenth-century British party politics the history of the Conservative party and the nature of public life in the Victorian age in general including some of its foremost figures such as Robert Peel Lord John Russell Lord Palmerston William Gladstone and Benjamin Disraeli Volume I takes the reader through Derby's early years including his role in the 1832 Reform Act the abolition of slavery and the troubled years of the 1840s through to the eve of his appointment as prime minister in the early 1850s

Henry Goulburn, 1784-1856 Brian Jenkins, 1996-03-14 Between 1812 and 1821 Goulburn worked in the War and Colonial Office where he effectively administered Britain's far-flung possessions Appointed chief secretary for Ireland in 1821 a Protestant to offset a Catholic viceroy Goulburn was at the heart of the final rearguard action by the opponents of Catholic emancipation As chancellor of the exchequer for the Duke of Wellington 1828-30 and Sir Robert Peel 1841-46 he participated in such momentous decisions

as Catholic emancipation and the repeal of the Corn Laws An opponent of parliamentary reform he worked closely with Peel his lifelong friend to build the Conservative Party and served as a parliamentary champion of the Established Church Jenkins examines the conservative values Goulburn held and the moral dilemma of an essentially good man who depended on the institution of slavery for his private income A modest man and a loyal lieutenant Goulburn himself allowed that he had been content to walk in the shadow of political giants This self effacement helps account for the lack of wide recognition generally given him but does not detract from his significant contribution to British history Henry Goulburn accords a remarkable politician his rightful place

Anglo-Irish Relations Nick Pelling, 2005-06-27 Providing essays sources with questions and worked answers together with background to each topic within Irish history Nick Pelling provides a good foundational text for the study of Anglo Irish relations For centuries the relationship between Ireland and England has been difficult Anglo Irish Relations 1798 1922 explores the tempestuous events from Wolfe Tone s failed rising to Michael Collins s arguably more successful effort culminating in the controversial Anglo Irish treaty of 1921 Classic struggles between key figures such as O Connell and Peel Parnell and Gladstone and Lloyd George and Michael Collins are discussed and analyzed The deeper issues about the nature of British Imperial rule and the diversity of Irish nationalism are also examined highlighting the historiographical debate surrounding the so called revisionist view

International Trade and Political Institutions Fiona McGillivray, 2001-01-01 In International Trade and Political Institutions four leading young scholars of comparative and international political economy come together to analyse aspects of trade policy from the late eighteenth to the early twentieth centuries Combining theoretical sophistication with empirical depth they provide cogent arguments about the interaction of interests institutions and ideas in a period of crucial importance to those who would like to understand the sources and implications of global economic integration This exciting volume will be of great interest for scholars concerned with international trade political economy and the history of the nineteenth century world economy Jeffry A Frieden Harvard University US This fascinating volume should be read by political scientists economists and historians interested in the political formation of trade policy The papers consider a rich set of historical examples and never fail to be provocative and interesting Douglas Irwin Dartmouth College US It is a widely held view that politics plays an important role in determining international trade policy Defining precisely why and how politics matters is more difficult Despite the benefits of trade few nations have wholeheartedly adopted free trade policies and when they do so it is by managing trade through international institutions and multi or bilateral trade treaties International Trade and Political Institutions broadens the public choice theory of trade politics to allow for the study of ideas and institutions within a longer time horizon The authors use theoretically rigorous historical analysis of international political economy and four important case studies to help untangle the role of ideology institutions and interests This illuminating book connects the fields of economics political economy and history to shed new light on trade theory

1848 John Saville, 1990-08-31 A study of the British state s confrontation with

Chartism and Irish nationalism in 1848

Unveiling the Energy of Verbal Beauty: An Mental Sojourn through **Sir Robert Peels Administration 1841 1846**
