1954-1955

Sir Thomas Browne A Biographical And Critical Study

Reid Barbour, Claire Preston

Sir Thomas Browne A Biographical And Critical Study:

Sir Thomas Browne Frank Livingstone Huntley,1981 **Sir Thomas Browne** Frank Livingstone Huntley,1966 **Sir Thomas Browne** Reid Barbour,Claire Preston,2008-11-13 Doctor linguist scientist natural historian and writer of what is probably the most remarkable prose in the English language Sir Thomas Browne was a virtuoso in learning whose many interests form a representative portrait of his age To understand the period which we more usually refer to as the Civil War the Restoration or the Scientific Revolution we need to understand parts of the intellectual and spiritual background that are often neglected and which Browne magnificently figures forth This collection of essays about all aspects of Thomas Browne s work and thought is the first such volume to appear in 25 years It offers the specialist and the student a wide ranging array of essays by an international team of leading scholars in seventeenth century literary studies who extend our understanding of this extremely influential and representative early modern polymath by embracing recent developments in the field including literary scientific relations the development of Anglican spirituality civil networks of intellectual exchange the rise of antiquarianism and Browne s own legacy in modern literature **Sir Thomas Browne** Joan Bennett,2010-06-03 This book is a study of Sir Thomas Browne and his work as a whole of the thinker as he appears in the context of contemporary prejudice on the one hand and the growth of science and scepticism on the other of the rational man who was at the same time deeply religious capable of being in uncertainties in a dogmatic age From this appreciation of Browne s personality Mrs Bennett leads us to a fresh understanding of his writings She examines each work in detail with commentary and quotation where these seem needed What emerges most clearly from this treatment is the consistency of his thinking the internal logic of all he wrote and because Browne wrote to enlighten rather than to entertain a just appreciation of his style depends on understanding what he was expressing and Mrs Bennett leads us to the central issues of Browne s work *Sir Thomas Browne* Jonathan F. S. Post,1987 Twayne s United States Authors English Authors and World Authors Series present concise critical introductions to great writers and their works Devoted to critical interpretation and discussion of an author s work each study takes account of major literary trends and important scholarly contributions and provides new critical insights with an original point of view An Authors Series volume addresses readers ranging from advanced high school students to university professors The book suggests to the informed reader new ways of considering a writer s work Each volume features A critical interpretive study and explication of the author s works A brief biography of the author An accessible chronology outlining the life the work and relevant historical context Aids for further study complete notes and references a selected annotated bibliography and an index A readable style presented in a manageable length **Democratizing Sir Thomas Browne** Daniela Havenstein,1999 This study looks anew at one of the most popular books of the seventeenth century Sir Thomas Brown s *Religio Medici* Daniela Havenstein considers neglected seventeenth and early eighteenth century responses to this central work Browne s style is reassessed in a fresh approach that combines traditional analysis

with carefully developed quantitative methods

“A man very well studied”: New Contexts for Thomas Browne

Richard Todd, Kathryn Murphy, 2008-11-30 For many years scholarship on Thomas Browne 1605 1682 saw him as tangential to his period s thought and writing an obscure and quaint stylist detached from the turbulence of mid seventeenth century England This volume contributes to the current reevaluation of Browne s involvement in his times identifying his political commitments milieu reading and readers The essays collected in this volume place Browne s works in unexpected contexts in Holland Poland and Germany in Restoration politics in publishing history and medical theory It presents new research into his reputation in the later seventeenth century his manuscripts medical dissertation association with the Hartlib circle and habits of revision Essays on familiar works place them in new light while readings of his letters notebooks and lesser works broaden our understanding of Browne as a writer The result is a fuller picture of Browne s significance in seventeenth century European culture Contributors include Eric Achermann Hugh Adlington Reid Barbour Harm Beukers Siobh n Collins Louise Denmead Karen Edwards Doris Einsiedel Kevin Killeen Mary Ann Lund Philip Major Antonia Moon Kathryn Murphy Brent Nelson and Claire Preston *In Search of Sir Thomas Browne* Hugh Aldersey-Williams, 2015-06-02 The extraordinary life and ideas of one of the greatest and most neglected minds in history Sir Thomas Browne 1605 1682 was an English writer physician and philosopher whose work has inspired everyone from Ralph Waldo Emerson to Jorge Luis Borges Virginia Woolf to Stephen Jay Gould In an intellectual adventure like Sarah Bakewell s book about Montaigne *How to Live* Hugh Aldersey Williams sets off not just to tell the story of Browne s life but to champion his skeptical nature and inquiring mind Mixing botany etymology medicine and literary history Aldersey Williams journeys in his hero s footsteps to introduce us to witches zealots natural wonders and fabulous creatures of Browne s time and ours We meet Browne the master prose stylist responsible for introducing hundreds of words into English including electricity hallucination and suicide Aldersey Williams reveals how Browne s preoccupations how to disabuse the credulous of their foolish beliefs what to make of order in nature how to unite science and religion are relevant today *In Search of Sir Thomas Browne* is more than just a biography it is a cabinet of wonders and an argument that Browne standing at the very gates of modern science remains an inquiring mind for our own time As Stephen Greenblatt has written Browne is unnervingly one of our most adventurous contemporaries

Thomas Browne and the Writing of Early Modern Science Claire Preston, 2005-02-17 Claire Preston argues that Thomas Browne s work can be fully understood only within the range of disciplines and practices associated with natural philosophy and early modern empiricism Early modern methods of cataloguing collecting experimentation and observation organised his writing on many subjects from medicine and botany to archaeology and antiquarianism Browne framed philosophical concerns in the terms of civil behaviour with collaborative networks of intellectual exchange investigative selflessness courtesy modesty and ultimately the generosity of the natural world itself all characterising the return to innocent knowledge which for Browne is the proper end of human enquiry In this major evaluation of Browne s oeuvre

Preston examines how the developing essay form the discourse of scientific experiment and above all Bacon's model of intellectual progress and cooperation determined the unique character of Browne's contributions to early modern literature science and philosophy

The Oxford Encyclopedia of British Literature David Scott Kastan, 2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/eb1
