Sit Down And Listen:

Actor's Choice: Monologues for Teens Erin Detrick, 2008 Extraordinary action oriented off the beaten path monologues for teenagers **Participation** Bill Cooke, Uma Kothari, 2001-02 This book shows how participatory government can lead to the unjust and illegitimate exercise of power It addresses the gulf between the almost universally fashionable rhetoric of participation promising empowerment and appropriate development Looking at what actually happens when consultants and activists promote and practice participatory development this book offers a sharp challenge to the advocates of participatory development Some contributors look at particular examples of failed participatory practice others present more conceptually oriented analyses Together they provide a new rigorous and provocative understanding of participatory development **Sit Down! Listen to This!** Bill Sykes, 2012-07-01 Roger Eagle was a towering figure in British popular music Uniquely his influence straddled the cultural divide separating Manchester and Liverpool The task of unifying the musical talents of these two cultural hubs has proved beyond almost everyone The sole exception is the subject of this book a man whose influence can still be felt today In any scene there needs to be a personality capable of leading a generation towards a new sound and consequently new tastes and fashions What is unusual about Roger Eagle is his formative role in the development of at least three and arguably four such music scenes that altered the course of music in Britain between the mid sixties and early nineties From the Blues explosion of the mid sixties via the birth of Northern Soul to the pioneering Beatles defying spirit of Merseyside s New Wave and the re birth of Manchester music close friend and former neighbour Bill Sykes charts Roger s continued influence on the music scenes in both cities and talks to some of the main figures who were inspired by him
