M. Homes,2011-06-15 The surreal City of Angels is a unique amalgam of past and present tradition and revolution dreamscape and reality Whether in history books or on the silver screen the Los Angeles landscape has long served as an ever shifting backdrop against which countless American anxieties and aspirations play out New York based novelist and short story writer A M Homes distills the elusive quixotic splendor of this most beguiling of great American cities She checks us into the famed hotel Chateau Marmont and uses life at this iconic landmark as a multifaceted prism through which to view and experience Los Angeles culture past and present Built in the 1920s the Chateau Marmont is where the famous and infamous have always come to stay for a few days or months at a time and sometimes to die

Snapshot Photography Catherine Zuromskis,2021-08-24 An examination of the contradictions within a form of expression that is both public and private specific and abstract conventional and countercultural Snapshots capture everyday occasions Taken by amateur photographers with simple point and shoot cameras snapshots often commemorate something that is private and personal yet they also reflect widely held cultural conventions The poses may be formulaic but a photograph of loved ones can evoke a deep affective response In *Snapshot Photography* Catherine Zuromskis examines the development of a form of visual expression that is both public and private Scholars of art and culture tend to discount snapshot photography it is too ubiquitous too unremarkable too personal Zuromskis argues for its significance Snapshot photographers she contends are not so much creating spontaneous records of their lives as they are participating in a prescriptive cultural ritual A snapshot is not only a record of interpersonal intimacy but also a means of linking private symbols of domestic harmony to public ideas of social conformity Through a series of case studies Zuromskis explores the social life of snapshot photography in the United States in the latter half of the twentieth century She examines the treatment of snapshot photography in the 2002 film *One Hour Photo* and in the television crime drama *Law and Order: Special Victims Unit* the growing interest of collectors and museum curators in vintage snapshots and the snapshot aesthetic of Andy Warhol and Nan Goldin She finds that Warhol's photographs of the Factory community and Goldin's intense and intimate photographs of friends and family use the conventions of the snapshot to celebrate an alternate version of family values In today's digital age snapshot photography has become even more ubiquitous and ephemeral and significantly more public But buried within snapshot photography's mythic construction Zuromskis argues is a site of democratic possibility **Los Angeles Magazine** ,2001-09 Los Angeles
