Screenwriter's Compass Guy Gallo, 2012. Ever watch a movie and despite great production value, fantastic action sequences, a great cast etc, you come away thinking 'I just didn't buy it'. Chances are it was because you didn't care about the characters. Screenwriter's Compass presents a new way of approaching screenwriting, examining how effective screen storytelling must be grounded in the vivid imagining and presentation of character. Screenwriter's Compass will not offer formulas to follow but instead will give you the tools needed to chart your own path to screenwriting success. It details useful ways of thinking about writing as well as practical ideas and concepts to help you discover the unique geography of your own imagination and navigate the problems posed by the struggle to express vision, agenda and story. You'll learn how to root your writing in motivation and voice to create screenplays that seduce and make your reader lean forward and most importantly identify with your characters.
