

Snowy Mountains

N Noddings

Snowy Mountains:

Mountains Rachel Dixon, 2018-03-01 Australia's mountains are not high by world standards but they have influenced the spread of human settlement and they affect the weather and the presence of water in the environment. From the ancient weathered ranges in the deserts to the Great Dividing Range and the extinct volcanoes, Australia's mountain landscapes are varied and beautiful. Many of the plants and animals are unique, such as the hibernating Mountain Pygmy Possum, whose habitat is under constant threat. Mountains are special places for the Australian Aboriginal people. Created by their ancestors and creation spirits, mountains have important connections with the Dreamtime stories that stretch back to the beginning of human civilisation in Australia. *Official Year Book of the Commonwealth of Australia No. 53, 1967*, **Bulletin**, 1927

DK Eyewitness Travel Guide: Australia DK Publishing, 2012-04-02 New expanded edition the world's best full color travel guides just got better.
