The Multicultural Imagination Michael Vannoy Adams,2019-07-16 The Multicultural Imagination is a challenging inquiry into the complex interrelationship between our ideas about race and color and the unconscious Michael Vannoy Adams takes a fresh look at the contributions of psychoanalysis to a question which affects every individual who tries to establish an effective personal identity in the context of their received racial identity Adams argues that race is just as important as sex or any other content of the unconcscious drawing on clinical case material from contemporary patients for whom race or color is a vitally significant social and political concern that impacts on them personally He does not assume that racism or colorism will simply vanish if we psychoanalyse them but shows how a non defensive ego and a self image that is receptive to other images can move us towards a more productive discourse of cultural differences Wide ranging in its references and scope this is a book that provokes the reader analyst or not to confront personally those unconscious attitudes which stand in the way of authentic multicultural relationships
