Paradigm Shift: Why International Students Are so Strategic to Global Missions Jack D. Burke PhD M.Div., 2019-03-15 It is of strategic importance for international students and scholars to come under the umbrella of global missions The author is convinced there is need for a paradigm shift in global missions With over one million international students from practically every country on the face of the earth many being Christian having come to the U S for their higher education we cannot afford to waste this golden opportunity Reasons will be provided why this is our divine moment in history for Christian leadership to rise up and take action The potential is there for us to create a tremendous impact for Christ on nations which in the past have been difficult to reach God works in mysterious ways and this has to be one of them It is imperative that we get with God's program and focus on identifying Christian international students soon after their arrival on campus training them Biblically and theologically equipping them for their return home following them up after their return with support Documentation is provided some from missionaries themselves showing that properly trained Christian international students after returning home are much more effective than traditional foreign missionaries Reasons why are clearly and with great conviction provided However we still need traditional foreign missionaries because of the fields being white unto harvest but the laborers are few The reader will be fascinated by the illustrations of those Christian

international students who returned home to accomplish feats for God on a scale that never before had been thought possible

A New Model of the Authentic Church Robert Fuggi, 2018-02-08 In American church culture worldly benchmarks of achievement have all but blinded us to the true purpose of the body of Christ *A New Model of the Authentic Church* may be one of the most significant books written on the American church in decades It not only offers a scholarly analysis of the current state of the church but provides practical solutions The book offers a brilliantly well developed model for how to make church work more effectively If implemented it would provide a much needed paradigm shift in how we do church in America The book's main contribution is that it provides a workable framework not only on how to birth new missionally minded churches but how to reform existing ones back to the Authentic Church of the gospels If its principles are taken and applied the book could alter the landscape of the American church which will be a

breath of fresh theological air to a church that has lost its way in the new millennium The purpose of this book is not to just challenge and change the status quo its goal is to bring a real lasting transformation to how we do church The aspiration in writing this book is for it to be seen and read not just as a critical assessment of the condition of the American church but as a practical blueprint that will provide much renewed hope and purpose to the contemporary American church the bride of Christ
