Soap Operas Of The Sky:

The Mythology of the Night Sky David E. Falkner, 2011-08-28 The Mythology of the Night Sky is intended primarily for amateur astronomers who would like to know the mythology behind the names of constellations and planets It deals with the 48 constellations identified by the ancient Greek astronomer Ptolemy as well as all the planets of our solar system and their moons which are named after Roman gods To assist practical observers the book gives the location and description of each constellation including named stars and deep sky objects Readers are encouraged to observe and image the constellations for themselves and there is a lot of practical information in this book to help them along the way In addition to providing a detailed and mostly Greek mythology of the constellations and the vast soap opera that was part of the Ancient Greek pantheon this book also addresses the planets of the Solar System which are named after the Roman not Greek gods **On the Air** John Dunning, 1998-05-07 Now long out of print John Dunning's Tune in Yesterday was the definitive one volume reference on old time radio broadcasting Now in On the Air Dunning has completely rethought this classic work reorganizing the material and doubling its coverage to provide a richer and more informative account of radio's golden age Here are some 1 500 radio shows presented in alphabetical order The great programs of the 30s 40s and 50s are all here Amos n Andy Fibber McGee and Molly The Lone Ranger Major Bowes Original Amateur Hour and The March of Time to name only a few For each Dunning provides a complete broadcast history with the timeslot the network and the name of the show's advertisers He also lists major cast members announcers producers directors writers and sound effects people even the show's theme song There are also umbrella entries such as News Broadcasts which features an engaging essay on radio news with capsule biographies of major broadcasters such as Lowell Thomas and Edward R Murrow Equally important Dunning provides a fascinating account of each program taking us behind the scenes to capture the feel of the performance such as the ghastly sounds of Lights Out a horror drama where heads rolled and bones crunched and providing engrossing biographies of the main people involved in the show A wonderful read for everyone who loves old time radio On the Air is a must purchase for all radio hobbyists and anyone interested in 20th century American history It is an essential reference work for libraries and radio stations **Texas Starwatch** Mike Lynch, 2007 *Montana StarWatch* Mike Lynch, Written in a folksy down to earth style this user friendly guide to the night sky is designed for beginner and intermediate stargazers ages twelve and up It begins with chapters explaining the stars nebulae star clusters and galaxies and what readers can expect to see from their own backyards with a modicum of equipment Montana StarWatch then examines the major constellations offering updated tales of the mythology surrounding them and detailing their seasonal movement in the sky Later chapters delve into the moon solar and lunar eclipses planets and celestial extras such as comets meteor showers and aurora borealis The final chapter provides advice on purchasing a telescope and other stargazing equipment Appendices include monthly star maps for Montana's northern latitude a local resource guide and a list of Montana's brightest stars

Virginia StarWatch Mike Lynch, [The New Television Handbook](#) Jonathan Bignell, Jeremy Orlebar, Patricia Holland, 2017-07-14 The New Television Handbook provides an exploration of the theory and practice of television at a time when the medium is undergoing radical changes The book looks at television from the perspective of someone new to the industry and explores the place of the medium within a constantly changing digital landscape This title discusses key skills involved in television production including producing production management directing camera sound editing and visual effects Each of these activities is placed within a wider context as it traces the production process from commissioning to post production The book outlines the broad political and economic context of the television industry It gives an account of television genres in particular narrative factual programmes and news and it considers the academic discipline of media studies and the ways in which theorists have analysed and tried to understand the medium It points to the interplay of theory and practice as it draws on the history of the medium and observes the ways in which the past continues to influence and invigorate the present The New Television Handbook includes contributions from practitioners ranging from established producers to new entrants a comprehensive list of key texts and television programmes a revised glossary of specialist terms a section on training and ways of getting into the industry By combining theory real world advice and a detailed overview of the industry and its history The New Television Handbook is an ideal guide for students of media and television studies and young professionals entering the television industry

Wisconsin starwatch Mike Lynch, Written in a folksy down to earth style this user friendly guide to the night sky is designed for beginner amateur and intermediate stargazers ages 12 and up It begins with chapters explaining the stars nebulae star clusters and galaxies and what readers can expect to see from their own backyards with a modicum of equipment
