

The background of the book cover is a scenic photograph of a mountain valley. In the foreground, a steep hillside is covered in dense forest with trees showing vibrant autumn colors of red, orange, and yellow. A road or path winds through the lower part of the valley. In the middle ground, a flat, open area, possibly a golf course or a cleared field, is visible. In the background, a large, dark, forested mountain range stretches across the horizon under a clear blue sky with a few wispy clouds.

**The La Salle Expedition to Texas** William Foster, 2015-01-08 Those of us who knew how to swim crossed to the other bank But a number of our company did not know how to swim and I was among that number One of the Indians gave me a sign to go get a nearly dry log then fastening a strap on each end he made us understand that we should hold on to the log with one arm and try to swim with the other arm and our feet While trying to swim I accidentally hit the Father in the stomach At that moment he thought he was lost and I assure you he invoked the patron saint of his order St Francis with all his heart I could not keep from laughing although I could see I was in peril of drowning But the Indians on the other side saw all this and came to our help Still there were others to get across We made the Indians understand that they must go help them but because they had become disgusted by the last trip they did not want to return again This distressed us greatly From Henri Joute s journal March 23 1687 shortly after La Salle was murdered The La Salle Expedition in Texas presents the definitive English translation of Henri Joutel s classic account of Rene Robert Cavellier Sieur de La Salle s 1684 1687 expedition to establish a fort and colony near the mouth of the Mississippi River Written from detailed notes taken during this historic journey Joutel s journal is the most comprehensive and authoritative account available of this dramatic story of
