The Pabing Of Barchester:

Barchester Towers Anthony Trollope, 2023-03-29 *Barchester Towers* published in 1857 is the sequel to Trollope's *The Warden* and continues the story of the clerical doings in the fictional cathedral town of Barchester. As this novel opens, the old Bishop of Barchester lies dying and there is considerable doubt as to who will replace him. The Bishop's son, Dr Grantly, the Archdeacon, has high hopes of succeeding him, but these hopes are dashed and a new Bishop, Dr Proudie, is appointed. Along with Dr Proudie comes his domineering wife and their ambitious chaplain, the Reverend Mr Slope. The old clerical party, headed by Dr Grantly, and the new, championed by Mrs Proudie and Mr Slope, are soon in contention over Church matters. These two parties represent a then significant struggle between different evangelical approaches in the Church of England. One local issue in particular is fought over the appointment of a new Warden for Hiram's Hospital, the focus of the preceding book. Mrs Eleanor Bold is the daughter of Mr Harding, the prior Warden. She has recently been widowed. The wealth she inherited from her late husband makes her an attractive match and her affections are in contention from several prospective suitors, including the oily Mr Slope. All of this lends itself to considerable humor and interest. Though not well received by critics on its initial publication, *Barchester Towers* is now regarded as one of Trollope's most popular novels. Together with *The Warden*, it was made into a very successful television series by the BBC in 1982.

The study of technical treatises in Indian art has increasingly attracted much interest. This work puts forward a critical re-examination of the key Indian concepts of painting described in the Sanskrit treatises called *citrasutras*. In an in-depth and systematic analysis of the texts on the theory of Indian painting, it critically examines the different ways in which the texts have been interpreted and used in the study of Indian painting and suggests a new approach to reading and understanding their concepts. Contrary to previous publications on the subject, it is argued that the intended use of such texts as a standard of critique largely failed due to a fundamental misconceptualization of the significance of text for Indian painters.

Barchester Towers (Historical Novel) Anthony Trollope, 2020-12-17 *Barchester Towers* concerns the leading clergy of the cathedral city of Barchester. The much-loved bishop, having died, all expectations are that his son, Archdeacon Grantly, will succeed him. Owing to the passage of the power of patronage to a new Prime Minister, a newcomer, the far more Evangelical Bishop Proudie, gains the see. His wife, Mrs Proudie, exercises an undue influence over the new bishop, making herself as well as the bishop unpopular with most of the clergy of the diocese. Her interference to veto the reappointment of the universally popular Mr Septimus Harding as warden of Hiram's Hospital is not well received, even though she gives the position to a needy clergyman, Mr Quiverful, with 14 children to support.
