Companion has been thoroughly revised and updated to meet the needs and concerns of today's students and general readers. Over 1,000 new entries have been added, ranging from new writers Chimamanda Ngozi Adichie, Patrick Marber, David Mitchell, Arundhati Roy, to increased coverage of writers and literary movements from around the world. Coverage of American literature has been substantially increased with new entries on writers such as Cormac McCarthy and Amy Tan, and on movements and publications. Contextual and historical coverage has also been expanded with new entries on European history and culture, postcolonial literature, as well as writers and literary movements from around the world that have influenced English literature. The Companion has always been a quick and dependable source of reference for students, and the new edition confirms its pre-eminent role as the go-to resource of first choice. All entries have been reviewed, and details of new works, biographies, and criticism have been brought right up to date. So also has coverage of the themes, approaches, and concepts encountered by students today, from terms to articles on literary theory and theorists. There is increased coverage of writers from around the world, as well as from Ireland, Scotland, and Wales, and of contextual topics including film and television, music, and art. Cross-referencing has been thoroughly updated with stronger linking from writers to thematic and conceptual entries. Meanwhile, coverage of popular genres such as children's literature, science fiction, biography, reportage, crime fiction, fantasy, or travel literature has been increased substantially with new entries on writers from Philip Pullman to Anne Frank, and from Anais Nin to Douglas Adams. The seventh edition of this classic Companion, now under the editorship of Dinah Birch, assisted by a team of 28 distinguished associate editors and over 150 contributors, ensures that it retains its status as the most authoritative, informative, and accessible guide to literature available.

Encyclopedia of the Essay Tracy Chevalier, 2012-10-12. This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length. The more than 500 entries by 275 contributors include entries on nationalities, various categories of essays such as generic such as sermons, aphorisms, individual major works, notable writers, and periodicals that created a market for essays, and particularly famous or significant essays. The preface details the historical development of the essay, and the alphabetically arranged entries usually include biographical sketch, nationality, era, selected writings, list, additional readings, and anthologies.

The Truth of Uncertainty Edward L. Galligan, 1998. Galligan, Professor Emeritus, English, Western Michigan U, Kalamazoo, argues that contemporary American critics should embrace literary truths with all of their uncertainties rather than cling to make-believe certainties of ideologies. He celebrates values commonly associated with modern, not postmodern, criticism, applying them to contemporary works in a series of fresh and unusual inquiries. He finds implications for criticism in work from the physical sciences and in the works of largely ignored novelists. Annotation copyrighted by Book News Inc., Portland, OR.

You Can't Get There from Here Ryan Porter, 2019-04-08. Rather than reading small-town representations in Canadian literature as portraits of a parochial past or a lost golden age, this book claims that they are best understood as sophisticated

statements on the effects of modernity in an ever more cosmopolitan world In Ontario as urbanization increased over the past century small towns became a popular literary trope and Ryan Porter argues that literary small towns are reflections and even sublimated explorations of contemporary life Referencing the theories of heritage scholars who view popularly understood pasts as constructions shaped by changing sensibilities You Can't Get There from Here argues that the literary small town Ontario past is malleable consisting of attempts to come to terms with the present in which the narrators find themselves The book focuses on four key Ontario authors Stephen Leacock Robertson Davies Alice Munro and Jane Urquhart as well as many secondary authors and links the readings to much broader trends in actual Ontario towns and in popular culture

Character Parts Brian Busby, 2010-11-05 Ever wondered where novelists get the inspiration for their characters Why the hero or villain of your favourite book seems oddly familiar Who inspired Mordecai Richler to create Bernard Gursky Margaret Atwood to create Zenia in *The Robber Bride* In which novel does Northrop Frye appear as a character named Morton Hyland The answers can be found in *Character Parts* Brian Busby's irreverent yet authoritative guide to who's really who in Canadian literature The most original and entertaining reference book to be published in years *Character Parts* is the behind the scenes look at CanLit we have all been waiting for Brian Busby settles the suspicions that arise when a fictional character reminds you of a real life one listing the sources for characters from the whole of Canadian literature His canvas stretches from the settlers who inspired 1852's *Roughing It in the Bush* to Glenn Gould's appearance as Nathaniel Orlando Gow in Tim Wynne Jones' *The Maestro* and beyond But *Character Parts* is also chock full of fascinating less famous people who have been immortalized in Canadian books seductive Alberta politicians British army generals anarchists models aristocrats and of course parents siblings and ex spouses Authoritative but presented with a light touch *Character Parts* is as at home in a university library as on a bathroom shelf It's that rare find an exemplary reference book that is also an absolutely entertaining read in its own right
