Moral Disquiet and Human Life Monique Canto-Sperber,2008 Attempting to steer moral philosophy away from abstract theorizing this title argues that moral philosophy should be a practical rational and argumentative engagement with reality and that moral reflection should have direct effects on our lives and the world in which we live Lectures from Jack Miller C. John Miller,2023-08-04 In these lectures presented at Westminster Theological Seminary Jack Miller integrates theology literature and modern culture as he discusses five of the most important European modern novelists of our time Camus Golding Greene Kafka and Tolstoy Best known as a church planter and mission founder here he wears the scholar s robe to diagnose the causes of modern aches and pains and apply the healing power of the gospel At one time a Marxist Jack treats the novelists and their revolutionary friends with sympathy and respect Along the way the reader learns the Reformation roots of the novel as a genre the basics of literary analysis and how to dialogue with a Marxist Jack provides a Christian perspective on many of our current issues the lectures on Camus and Tolstoy and the lecture on the Theology of Revolution lay bare the skeleton of modern revolutionary thought and provide a gospel response filled with grace and courage The Works of George Moore: Avowals. 1924 George Moore,1924 The Routledge Companion to Death and Literature W. Michelle Wang,Daniel Jernigan,Neil Murphy,2020-12-07 The Routledge Companion to Death and Literature seeks to understand the ways in which literature has engaged deeply with the ever evolving relationship humanity has with its ultimate demise It is the most comprehensive collection in this growing field of study and includes essays by Brian McHale Catherine Belling Ronald Schleifer Helen Swift and Ira Nadel as well as the work of a generation of younger scholars from around the globe who bring valuable transnational insights Encompassing a diverse range of mediums and genres including biography and autobiography documentary drama elegy film the novel and graphic novel opera picturebooks poetry television and more the contributors offer a dynamic mix of approaches that range from expansive perspectives on particular periods and genres to extended analyses of select case studies Essays are included from every major Western period including Classical Middle Ages Renaissance and so on right up to the contemporary This collection provides a telling demonstration of the myriad ways that humanity has learned to live with the inevitability of death where live with itself might mean any number of things from consoling to memorializing to rationalizing to fending off to evading and perhaps most compellingly of all to escaping Engagingly written and drawing on examples from around the world this volume is indispensable to both students and scholars working in the fields of medical humanities thanatography death studies life writing Victorian studies modernist studies narrative contemporary fiction popular culture and more The Oxford Handbook of Russian Religious Thought Caryl Emerson,George Pattison,Randall A. Poole,2020-09-04 The Oxford Handbook of Russian Religious Thought is an authoritative new reference and interpretive volume detailing the origins development

and influence of one of the richest aspects of Russian cultural and intellectual life its religious ideas After setting the historical background and context the Handbook follows the leading figures and movements in modern Russian religious thought through a period of immense historical upheavals including seventy years of officially atheist communist rule and the growth of an exiled diaspora with e g its journal *The Way* Therefore the shape of Russian religious thought cannot be separated from long running debates with nihilism and atheism Important thinkers such as Losev and Bakhtin had to guard their words in an environment of religious persecution whilst some views were shaped by prison experiences Before the Soviet period Russian national identity was closely linked with religion linkages which again are being forged in the new Russia Relevant in this connection are complex relationships with Judaism In addition to religious thinkers such as Philaret Chaadaev Khomiakov Kireevsky Soloviev Florensky Bulgakov Berdyaev Shestov Frank Karsavin and Alexander Men the Handbook also looks at the role of religion in aesthetics music poetry art film and the novelists Dostoevsky and Tolstoy Ideas institutions and movements discussed include the Church academies Slavophilism and Westernism theosis the name glorifying imiaslavie controversy the God seekers and God builders Russian religious idealism and liberalism and the Neopatristic school Occultism is considered as is the role of tradition and the influence of Russian religious thought in the West

Tolstoy's Major Fiction Edward Wasiolek, 1978 Edward Wasiolek after much valuable work on Dostoevsky has now written one of the best books on Tolstoy in recent decades This may be in part because of his preoccupation with Tolstoy's most challenging contemporary and the resulting sense of their unlikeness in a common pursuit But there are other unspeculative reasons Few studies of Tolstoy have been so carefully pondered and so firmly organized to convince and not so many show the flexibility and variety of its approach Wasiolek proposes an essentially simple and consistent reading but he advances it with subtlety and discretion Henry Gifford *Times Literary Supplement*

The Oxford and Cambridge Review, 1910

The Liberation of Life through Death Jason Hoult, 2022-07-07 This book undertakes to show how the exercise of reading Tolstoy's *The Death of Ivan Ilyich* involves articulating for ourselves as readers what it means to liberate life through death What Tolstoy's short story shows us the author argues is that life can be truly liberated through death only when we see that death is neither a supernatural event nor a natural end but involves a work of love In Part 1 of his study the author addresses the common assumptions that give rise to the idea that religious and secular views of life and death are opposed in modernity He also examines the history of values that Tolstoy's story embodies In Part 2 he analyses the life and death of Ivan Ilyich in order to show that the values that are embedded in Tolstoy's story are at once religious and secular
