The Diffusion of Classical Art in Antiquity John Boardman,2023-08-15 From one of the world s leading authorities on
ancient Greek art a groundbreaking account of how Greek images were understood and used by other ancient peoples from
Britain to China In this book acclaimed archaeologist and art historian John Boardman explores Greek art as a foreign art
transmitted to the non Greeks of antiquity peoples who weren t necessarily able to judge the meaning of Greek art and who
may have regarded the Greeks themselves with great hostility Boardman examines how and why the arts of the classical
world traveled and to what effect from Britain to China from roughly the eighth century BCE to the early centuries CE In
some places such as Italy Greek images were overwhelmingly successful In Egypt the Celtic world the eastern steppes and
other regions with strong local traditions they were never effectively assimilated And in cultures where there was a subtler
blend of influences notably in the Buddhist east classical images served as a catalyst to the generation of new styles Along
the way Boardman demonstrates that looking at Greek art from the outside provides a wealth of new insights into Greek art
itself and he raises important questions about how images in general are copied and reinterpreted *Eccentric Spaces*
