## **The Pause Positive Approaches:**

The Menopause Answer Book Marsha Lynn Speller, 2004-05-01 Estrogen is a powerful female hormone that protects women from many health risks In menopause estrogen levels decline and its protective qualities decline as well At the same time a lifetime of bad habits may begin to catch up with us and our genetic predispositions to disease begin to surface All this leads to a plethora of symptoms some temporary some chronic and some life threatening The Menopause Answer Book allows women to carefully assess their own symptoms and then seek out the information and treatments that will be tailored to their own specific needs Find out if you re at risk for diseases associated with menopause Develop your Menopause Action Plan Assess the pros and cons of Hormone Replacement Therapy Find out what tests to request from your doctor Find out how to get the attention and treatment that you need Learn about important lifestyle changes to make right now Women dealing with menopause and perimenopause are bombarded with information but often have a hard time figuring out what applies to them and how to choose between conflicting advice The Menopause Answer Book is the must have companion to the top selling menopause books which are informational but don t help women tailor their treatment **Dr. Susan Love's**

**Menopause and Hormone Book** Susan M. Love, MD, Karen Lindsey, 2003-01-21 In the first edition of this important bestselling book praised by Newsday as the bible for a whole generation of menopausal women renowned physician and pioneering women s health advocate Dr Susan Love warned about the potential dangers of the long term prescription of hormone replacement therapy Her insightful words of caution have been backed up by the stunning results of the recent studies on hormone replacement In this revised edition Dr Love offers a remarkably clear set of guidelines as to what the studies have shown about the risks regarding heart disease breast cancer stroke and other conditions and what effect hormone therapy has on osteoporosis She offers definitive expert advice about whether or not to go on hormone replacement therapy and if so for how long as well as how to taper off hormones and she introduces the alternative methods for treating the symptoms of menopause Dr Love stresses that menopause is not a disease that needs to be cured it is a natural life stage and every woman ought to choose her own mix of options for coping with symptoms A questionnaire about your own health history and life preferences helps you develop a program that will best fit your unique needs With clarity and compassion she walks you through every option for both the short and the long term including lifestyle changes diet exercise and stress management alternative therapies including herbs and homeopathic remedies available medications other than hormones
