they to be perceived as musical elements or do they shift attention to the physical effort of music making contact between a body and an instrument Composer Paul Craenen explores ways in which the musician's body is revealed in musical performance He leads us from Cage Lachenmann Kagel and their contemporaries to a discussion of how today's generation of young composers is writing a body paradigm into composition itself Micro temporal physical gestures and instrumental timbre provide the key to unveiling the physical presence of both a musician and a composing body The author's concept of intercorporeality along with the idea of an alternating linear and non linear relationship of the composing body to time casts new light on the relationship between musicians composers and music consumers

**A Genealogy of Social Violence** Clint Jones, 2016-03-03 Examining the mimetic theory of Ren Girard this book investigates the development of society as a result of an original crime a murder that shaped the way the earliest humans organized the social structures we live with today an analysis that reveals the dangerous structure of the most basic social relationships With attention to family relationships A Genealogy of Social Violence sheds light on the processes by which the traditional nuclear family through the mimetic behaviour of children embeds violence into human desires and hence society as whole Challenging the thought of Girard and of Rawls in order to offer a new understanding of justice this book suggests that in order to achieve a more peaceful society what is required is not the self defeating narrative of equality developed in order to manage the violence engendered by our social institutions but a reconceptualisation of the nuclear family structure A striking critique of modern society which draws on religion mythology literature history philosophy and political theory A Genealogy of Social Violence will be of interest to social and political theorists as well as philosophers working in the area of contemporary social and European thought
